OFFERING
TREASURY BILL — TAX ANTICIPATION SERIES

To All Banking Institutions and Others Concerned
in the Eleventh Federal Reserve District:

Your attention is invited to the following statement giving details of an issue of Treasury bills:

The Treasury Department, by this public notice, invites tenders for two series of Treasury bills to the aggregate amount of \$2,500,000,000, or thereabouts, as follows:

147-day bills (to maturity date) to be issued November 26, 1969, in the amount of \$1,000,000,000, or thereabouts, representing an additional amount of bills dated October 14, 1969, and to mature April 22, 1970, originally issued in the amount of \$2,006,704,000, the additional and original bills to be freely interchangeable. The bills will be accepted at face value in payment of income taxes due on April 15, 1970.

208-day bills (to maturity date) to be issued November 26, 1969, in the amount of \$1,500,000,000, or thereabouts, representing an additional amount of bills dated October 29, 1969, and to mature June 22, 1970, originally issued in the amount of \$3,004,380,000, the additional and original bills to be freely interchangeable. The bills will be accepted at face value in payment of income taxes due on June 15, 1970.

The bills of both series will be issued on a discount basis under competitive and noncompetitive bidding as hereinafter provided and at maturity, to the extent they are not presented in payment of income taxes, their face amount will be payable without interest. They will be issued in bearer form only, and in denominations of \$1,000, \$5,000, \$10,000, \$50,000, \$100,000, \$500,000 and \$1,000,000 (maturity value).

Taxpayers desiring to apply these bills in payment of income taxes may submit the bills to a Federal Reserve Bank or Branch or to the Office of the Treasurer of the United States, Washington, not more than fifteen days before the appropriate income tax payment date. In the case of bills submitted in payment of income taxes of a corporation they shall be accompanied by a duly completed Form 503 and the office receiving these items will effect the deposit on the date the taxes are due. In the case of bills submitted in payment of income taxes of all other taxpayers, the office receiving the bills will issue receipts therefor, the original of which the taxpayer shall submit on or before the date the taxes are due to the District Director of Internal Revenue for the District in which such taxes are payable.

Tenders will be received at Federal Reserve Banks and Branches up to the closing hour, one-thirty p.m., Eastern Standard Time, Friday, November 21, 1969. Tenders will not be received at the Treasury Department, Washington. Each tender must be for an even multiple of \$1,000, and in the case of competitive tenders the price offered must be expressed on the basis of 100, with not more than three decimals, e.g., 99.925. Fractions may not be used. It is urged that tenders be made on the printed forms and forwarded in the special envelopes which will be supplied by Federal Reserve Banks or Branches on application therefor.

Banking institutions generally may submit tenders for account of customers provided the names of the customers are set forth in such tenders. Others than banking institutions will not be permitted to submit tenders except for their own account. Tenders will be received without deposit from incorporated banks and trust companies and from responsible and recognized dealers in investment securities. Tenders from others must be accompanied by payment of 2 percent of the face amount of Treasury bills applied for, unless the tenders are accompanied by an express guaranty of payment by an incorporated bank or trust company.

All bidders are required to agree not to purchase or to sell, or to make any agreements with respect to the purchase or sale or other disposition of any bills of the issue for which they are bidding at a specific rate or price, until after one-thirty p.m., Eastern Standard Time, Friday, November 21, 1969.

Immediately after the closing hour, tenders will be opened at the Federal Reserve Banks and Branches, following which public announcement will be made by the Treasury Department of the amount and price range of accepted bids. Those submitting tenders will be advised of the acceptance or rejection thereof. The Secretary of the Treasury expressly reserves the right to accept or reject any or all tenders, in whole or in part, and his action in any such respect shall be final. Subject to these reservations, noncompetitive tenders for \$200,000 or less for the 147-day bills and \$200,000 or less for the 208-day bills, without stated price from any one bidder will be accepted in full at the average price (in three decimals) of accepted competitive bids. Payment of accepted tenders at the prices offered must be made or completed at the Federal Reserve Bank in cash or other immediately available funds on November 26, 1969. Any qualified depository will be permitted to make settlement by credit in its Treasury Tax and Loan account for Treasury bills allotted to it for itself and its customers.

The income derived from Treasury bills, whether interest or gain from the sale or other disposition of the bills, does not have any exemption, as such, and loss from the sale or other disposition of Treasury bills does not have any special treatment, as such, under the Internal Revenue Code of 1954. The bills are subject to estate, inheritance, gift or other excise taxes, whether Federal or State, but are exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, or any of the possessions of the United States, or by any local taxing authority. For purposes of taxation the amount of discount at which Treasury bills are originally sold by the United States is considered to be interest. Under Sections 454 (b) and 1221 (5) of the Internal Revenue Code of 1954 the amount of discount at which bills issued hereunder are sold is not considered to accrue until such bills are sold, redeemed or otherwise disposed of, and such bills are excluded from consideration as capital assets. Accordingly, the owner of Treasury bills (other than life insurance companies) issued hereunder need include in his income tax return only the difference between the price paid for such bills, whether on original issue or on subsequent purchase, and the amount actually received either upon sale or redemption at maturity during the taxable year for which the return is made, as ordinary gain or loss.

Treasury Department Circular No. 418 (current revision) and this notice, prescribe the terms of the Treasury bills and govern the conditions of their issue. Copies of the circular may be obtained from any Federal Reserve Bank or Branch.

In accordance with the above announcement, tenders will be received at this bank and its branches at El Paso, Houston and San Antonio, up to twelve-thirty p.m., Central Standard Time, Friday, November 21, 1969. Tenders may not be entered by telephone.

Yours very truly,

P. E. Coldwell

President
