Circular No. 69-294  
November 26, 1969

**INCREASED INTEREST RATE FOR SAVINGS BONDS**

To the Paying Agent Addressed  
in the Eleventh Federal Reserve District:

Revised redemption value tables for December 1969, giving effect to a rate increase on Series E bonds, are now in transit to all paying agents. These tables are printed on yellow paper and are to be used to pay Series E bonds, beginning on December 1. The December tables previously furnished, which are on white paper, should be destroyed.

If the revised tables are not received by December 1, they should be used as soon thereafter as possible. Additional quantities may be obtained from the Federal Reserve Bank.

A formal announcement of the terms and conditions of the increase affecting Series E and H bonds will be issued by the Treasury Department.
