

FEDERAL RESERVE BANK OF DALLAS

FISCAL AGENT OF THE UNITED STATES

DALLAS, TEXAS 75222

Circular No. 70-73
March 26, 1970

To All Issuing Agents and Others Concerned
in the Eleventh Federal Reserve District:

Enclosed are copies of Treasury Department Circular No. 653, Eighth Revision, and Circular No. 905, Fifth Revision, which give effect to the increase in interest rates on Series E and Series H Savings Bonds which was announced by the Treasury Department on July 11, 1969 and was the subject of our circular letter dated July 14, 1969. In addition to the increase in rates, your attention is invited to the reduction of the annual purchase limitation for Series H bonds to \$5,000 face value and for Series E bonds to \$5,000 issue price, or approximately \$6,650 face value.

Also enclosed is the Treasury Department's notice of termination of sale of United States Savings Notes (Freedom shares) effective at the close of business June 30, 1970. As Series E bonds now pay the same five percent rate which has been available on Savings Notes, it is assumed that purchasers on an over-the-counter basis of savings notes may now prefer to increase purchases of Series E bonds. Accordingly, issuing agents having a consignment of the Notes for over-the-counter sales only may return all unissued stock on hand at any time that is convenient. A final accounting should be made on a Form PD 3252. Companies that have a payroll deduction plan which includes Savings Notes will presumably phase out deductions for the Notes at various intervals from the present time through June 30, 1970. It is desired that all agents submit such final reports not later than 60 days beyond June 30, 1970.

Additional copies of the enclosures will be furnished upon request to any office of this bank.

AUTHORITY: The provisions of this Part 316 issued under authority of Sec. 22 of the Second Liberty Bond Act, as amended, 49 Stat. 21, as amended (31 U.S.C. 757c).

§ 316.1 Offering of bonds.

The Secretary of the Treasury hereby offers for sale to the people of the United States, U.S. Savings Bonds of Series E, hereinafter generally referred to as "Series E bonds" or "bonds." This offer will continue until terminated by the Secretary of the Treasury.

§ 316.2 Description of bonds.

(a) **General.** Series E bonds bear a facsimile of the signature of the Secretary of the Treasury and of the Seal of

the Department of the Treasury. They are issued only in registered form and are nontransferable.

(b) **Denominations and prices.** Series E bonds are issued on a discount basis. The denominations and purchase prices are:

Denomination	Purchase price
\$25	\$18.75
\$50	37.50
\$75	56.25
\$100	75.00
\$200	150.00
\$500	375.00
\$1,000	750.00
\$10,000 ¹	7,500.00
\$100,000 ¹	75,000.00

(c) **Inscription and issue.** At the time of issue the issuing agent will (1) inscribe on the face of each bond the name and address of the owner, and the name of the beneficiary, if any, or the name and address of the first-named coowner and the name of the other coowner, (2) enter in the upper right-hand portion of the bond the issue date, and (3) imprint the agent's dating stamp in the lower right-hand portion to show the date the bond is actually inscribed. A bond shall be valid only if an authorized issuing agent receives payment therefor and duly inscribes, dates, stamps, and delivers it in accordance with the purchaser's instructions. The Department of the Treasury may require, without prior notice, that the appropriate taxpayer identifying number² be furnished for inclusion in the inscription.

(d) **Term.** A Series E bond shall be dated as of the first day of the month in which payment of the purchase price is received by an agent authorized to issue the bonds. This date is the issue date and the bond will mature and be payable at the original maturity value, shown in table 1 hereof, 5 years and 10 months from the issue date. The bond may not be called for redemption by the Secretary of the Treasury prior to maturity or the end of any authorized extension period (see § 316.8(a)(1)). The bond may be redeemed at the owner's option at any time after 2 months from issue date at fixed redemption values. However, the Department of the Treasury may require reasonable notice of presentation for redemption prior to maturity or any extended maturity period.

(e) **Investment yield (interest).** The investment yield (interest) on a Series E bond will be approximately 5 percent per annum, compounded semiannually, if the bond is held to maturity, but the yield will be less if the bond is redeemed

¹ The \$10,000 and \$100,000 denominations are available only for purchase by trustees of employees' savings and savings and vacation plans (see sec. 316.5(b)).

² The number required to be used on tax returns and other documents submitted to the Internal Revenue Service (an individual's social security account number or employer identification number). Until it becomes mandatory, issuing agents for Series E bonds under any payroll savings plan desiring to place taxpayer identifying numbers on bonds should obtain instructions from the Bureau of the Public Debt, Washington, D.C. 20220.

prior thereto. The interest will be paid as a part of the redemption value. For the first 6 months from issue date the bond will be redeemable only at issue price. Thereafter, its redemption value will increase at the beginning of each successive half-year period (see table 1).

(f) **Outstanding bonds with issue dates June 1, 1969, or thereafter.** Series E bonds with issue dates of June 1, 1969, or thereafter, and outstanding on the effective date of the regulations in this part, are deemed to be Series E bonds issued under the terms of this part and the investment yield and shorter term of maturity provided for in paragraphs (d) and (e) of this section are applicable to such bonds. Series E bond stock on sale prior to June 1, 1969, will be used for issue under this part until such time as new stock is printed and supplied to issuing agents. Such bonds have the new investment yield and all other privileges as fully as if expressly set forth in the text of the bonds. It will be unnecessary for owners to exchange bonds issued on the old stock for bonds on the new stock as all paying agents will redeem the bonds in accordance with the schedule of redemption values set forth in table 1. However, when the new stock becomes available, issuance on the new stock may be obtained by presentation for that purpose of bonds issued on the old stock to any Federal Reserve Bank or Branch, or to the Treasurer of the United States, Securities Division, Washington, D.C. 20220.

§ 316.3 Governing regulations.

Series E bonds are subject to the regulations of the Treasury Department, now or hereafter prescribed, governing U.S. Savings Bonds, contained in Department Circular No. 530, current revision (Part 315 of this subchapter).³

§ 316.4 Registration.

(a) **General.** Generally, only residents of the United States, its territories and possessions, the Commonwealth of Puerto Rico, the Canal Zone, and citizens of the United States temporarily residing abroad are eligible to be named as owners of Series E bonds. The bonds may be registered in the names of natural persons in their own right as provided in paragraph (b) of this section, and in the names and titles or capacities of fiduciaries and organizations as provided in paragraph (c) of this section. Full information regarding authorized forms of registration and restrictions with respect thereto will be found in the governing regulations.

(b) **Natural persons in their own right.** The bonds may be registered in the names of natural persons (whether adults or minors) in their own right, in single ownership, coownership, and beneficiary forms.

(c) **Others.** The bonds may be registered in single ownership form in the

names of fiduciaries and private and public organizations, as follows:

(1) *Fiduciaries.* In the names of and showing the titles or capacities of any persons or organizations, public or private, as fiduciaries (including trustees, legal guardians or similar representatives, and certain custodians), but not where the fiduciary would hold the bonds merely or principally as security for the performance of a duty, obligation, or service.

(2) *Private and public organizations.* In the names of private or public organizations (including private corporations, partnerships, and unincorporated associations, and States, counties, public corporations, and other public bodies) in their own right, but not in the names of commercial banks.⁴

§ 316.5 Limitation on holdings.

The amount of Series E bonds originally issued during any 1 calendar year that may be held by any one person, at any one time, computed in accordance with the governing regulations, is limited, as follows:

(a) *General limitation.* \$5,000 (issue price) for the calendar year 1969⁵ and each calendar year thereafter.⁶

(b) *Special limitation for employees' savings plans.* \$2,000 (face amount) multiplied by the highest number of participants in any employees' savings plan, as defined in subparagraph (1) of this paragraph, at any time during the year in which the bonds are issued.⁷

(1) *Definition of plan and conditions of eligibility.* (i) The employees' savings plan must have been established by the employer for the exclusive and irrevocable benefit of his employees or their beneficiaries, afford employees the means of making regular savings from their wages through payroll deductions, and provide for employer contributions to be added to such savings.

(ii) The entire assets thereof must be credited to the individual accounts of participating employees and assets credited to the account of an employee may be distributed only to him or his beneficiary, except as otherwise provided herein.

⁴ Commercial banks, as defined in § 315.7 (c)(1) of Department Circular No. 530, current revision, for this purpose are those accepting demand deposits.

⁵ Investors who purchased less than \$5,000 (issue price) of the bonds prior to the effective date of these regulations will be entitled only to purchase enough to bring their total for the year to that amount. Investors who purchased more than that amount prior to the effective date will not be entitled to purchase additional bonds during the calendar year.

⁶ The proceeds of redemption of bonds of Series F, G, J, and K, all now matured, may be used by owners for the purchase of Series E bonds without regard to the limitation under the conditions and restrictions set forth in § 316.5(b) of the seventh revision of this circular.

⁷ Savings and vacation plans may be eligible for this special limitation. Questions concerning eligibility of such plans should be addressed to the Bureau of Public Debt, Division of Loans and Currency Branch, 536 South Clark Street, Chicago, Ill. 60605.

(iii) Series E bonds may be purchased only with assets credited to the accounts of participating employees and only if the amount taken from any account at any time for that purpose is equal to the purchase price of a bond or bonds in an authorized denomination or denominations, and shares therein are credited to the accounts of the individuals from which the purchase price thereof was derived, in amounts corresponding with their shares. For example, if \$37.50 credited to the account of John Jones is commingled with funds credited to the accounts of other employees to make a total of \$7,500, with which a Series E bond in the denomination of \$10,000 (face amount) is purchased in February 1966 and registered in the name and title of the trustee, the plan must provide, in effect, that John Jones' account shall be credited to show that he is the owner of a Series E bond in the denomination of \$50 (face amount) bearing issue date of February 1, 1966.

(iv) Each participating employee shall have an irrevocable right at any time to demand and receive from the trustee all assets credited to his account or the value thereof, if he so prefers, without regard to any condition other than the loss or suspension of the privilege of participating further in the plan. However, a plan will not be deemed to be inconsistent herewith if it limits or modifies the exercise of any such right by providing that the employer's contribution does not vest absolutely until the employee shall have made contributions under the plan in each of not more than 60 calendar months succeeding the month for which the employer's contribution is made.

(v) Upon the death of an employee, his beneficiary shall have the absolute and unconditional right to demand and receive from the trustee all assets credited to the account of the employee, or the value thereof, if he so prefers.

(vi) When settlement is made with an employee or his beneficiary with respect to any Series E bond registered in the name and title of the trustee in which the employee has a share (see subdivisions (ii) and (iii) of this subparagraph), the bond must be submitted for redemption or reissue to the extent of such share. If an employee or his beneficiary is to receive distribution in kind, bonds bearing the same issue dates as those credited to the employee's account will be reissued in the name of the distributee to the extent to which he is entitled, in authorized denominations, in any authorized form of registration, upon the request and certification of the trustee in accordance with the governing regulations.

(2) *Definition of terms used in this subsection—related provisions.* (i) The term "savings plan" includes any regulations issued under the plan with regard to Series E bonds. A trustee desiring to purchase bonds in excess of the general limitation in any calendar year should submit to the Federal Reserve Bank of the District, a copy of (a) the plan, (b) any such regulations, and (c) the trust

agreement, all certified to be true copies, in order to establish its eligibility.

(ii) The term "assets" means all funds, including the employees' contributions and employer's contributions and assets purchased therewith as well as accretions thereto, such as dividends on stock, the increment in value on bonds and all other income; but, notwithstanding any other provision of this subsection, the right to demand and receive "all assets" credited to the account of an employee shall not be construed to require the distribution of assets in kind when it would not be possible or practicable to make such distribution; for example, Series E bonds may not be reissued in unauthorized denominations, and fractional shares of stock are not readily distributable in kind.

(iii) The term "beneficiary" means the person or persons, if any, designated by the employee in accordance with the terms of the plan to receive the benefits of the trust upon his death or the estate of the employee, and the term "distributee" means the employee or his beneficiary.

§ 316.6 Purchase of bonds.

Series E bonds may be purchased, as follows:

(a) *Over-the-counter for cash—(1) Bonds registered in names of natural persons in their own right only.* At such incorporated banks, trust companies, and other agencies as have been duly qualified, as issuing agents and at selected United States post offices.

(2) *Bonds registered in names of trustees of employees' savings plans.* At such incorporated bank, trust company, or other agency, duly qualified as an issuing agent, provided the agent is trustee of an approved employees' savings plan eligible for the special limitation in § 316.5(b) and prior approval to issue the bonds is obtained from the Federal Reserve Bank of the agent's district.

(3) *Bonds registered in all authorized forms.* At Federal Reserve Banks and Branches and at the Office of the Treasurer of the United States, Securities Division, Washington, D.C. 20220.

(b) *On mail order.* By mail upon application to any Federal Reserve Bank or Branch or to the Office of the Treasurer of the United States, Securities Division, Washington, D.C. 20220, accompanied by a remittance to cover the issue price. Any form of exchange, including personal checks, will be accepted subject to collection. Checks or other forms of exchange should be drawn to the order of the Federal Reserve Bank or the Treasurer of the United States, as the case may be. Checks payable by endorsement are not acceptable. Any depositary qualified pursuant to the provisions of Treasury Department Circular No. 92, current revision (Part 203 of this chapter), will be permitted to make payment by credit for bonds applied for on behalf of its customers up to any amount for which it shall be qualified in excess of existing deposits, when so notified by the Federal Reserve Bank of its district.

(c) *Savings stamps.* Savings stamps, in authorized denominations, may be

RULES AND REGULATIONS

purchased at most post offices and at such other agencies as may be designated from time to time. The stamps may be used for the purchase of Series E bonds. Albums for affixing the stamps will be available without charge, and such albums will be receivable by any authorized issuing agent in the amount of the affixed stamps on the purchase price of the bonds.

§ 316.7 Delivery of bonds by mail.

Issuing agents are authorized to deliver Series E bonds by mail at the risk and expense of the United States, at the address given by the purchaser, but only within the United States, its territories and possessions, the Commonwealth of Puerto Rico, and the Canal Zone. No mail deliveries elsewhere will be made. If purchased by citizens of the United States temporarily residing abroad, the bonds will be delivered at such address in the United States as the purchaser directs.

§ 316.8 Extended terms and improved yields for outstanding bonds.

(a) *Extended maturity periods*—(1) *General*. The terms "extended maturity period" and "second extended maturity period," when used herein, refer to the intervals after the maturity dates during which owners may retain their bonds and continue to earn interest on the maturity values, or the extended maturity values.⁸ No special action is required of owners desiring to take advantage of any extensions heretofore or hereby granted. By continuing to hold their bonds after maturity, or extended maturity, as the case may be, owners will continue to earn further interest on their bonds.⁹

(2) *Bonds with issue dates May 1, 1941, through April 1, 1952*. Owners of Series E bonds with issue dates of May 1, 1941, through April 1, 1952, may retain their bonds for a second extended maturity period of 10 years.

(3) *Bonds with issue dates May 1, 1952, or thereafter*. Owners of Series E bonds with issue dates of May 1, 1952, or thereafter, may retain their bonds for an extended maturity period of 10 years.

(b) *Improved yields*¹⁰—(1) *Outstanding bonds*. The investment yield on all Series E bonds outstanding on the effective date of these regulations is hereby increased to approximately 5 percent per annum, compounded semiannually, as follows:

(i) *Bonds with issue dates June 1, 1963, through May 1, 1969*. For the remaining period to the maturity date.

(ii) *Bonds with issue dates June 1, 1951, through May 1, 1963*. For any re-

maining period to the maturity date, extended maturity date, or second extended maturity date, as the case may be.

(iii) *Bonds with issue dates June 1, 1949, through May 1, 1951*. For any remaining period to the extended maturity date and for the second extended maturity period.

(iv) *Bonds with issue dates May 1, 1941, through May 1, 1949*. For the remaining period to the second extended maturity date.

The increase in yield will be less if the bonds are redeemed earlier. The increase, on a graduated basis, will begin with the first 6-month interest accrual period starting on or after June 1, 1969.

(2) *Presently authorized extensions*. The investment yield for any presently-authorized extension period for which tables of redemption values and investment yields are not announced and published herein will be at the rate in effect for Series E bonds being currently issued on the maturity date or extended maturity date, as the case may be.

§ 316.9 Taxation.

(a) *General*. For the purpose of determining taxes and tax exemptions, the increment in value represented by the difference between the price paid for Series E bonds (which are issued on a discount basis) and the redemption value received therefor shall be considered as interest. Such interest is subject to all taxes imposed under the Internal Revenue Code of 1954. The bonds are subject to estate, inheritance, gift, or other excise taxes, whether Federal or State, but are exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, or any of the possessions of the United States, or by any local taxing authority.

(b) *Federal income tax on bonds*. An owner of Series E bonds who is a cash basis taxpayer may use either of two methods for reporting the increase in the redemption value of the bonds for Federal income tax purposes, as follows:

(1) Defer reporting of the increase until the year of maturity, actual redemption, or other disposition, whichever is earlier; or

(2) Elect to report the increases each year as they accrue, in which case the election will apply to all Series E bonds then owned by him and to those thereafter acquired, as well as to any other similar obligations sold on a discount basis.

If method (1) is used, the taxpayer may change to method (2) without obtaining permission from the Internal Revenue Service. However, once the election to use method (2) is made, the taxpayer may not change the method of reporting unless he obtains permission to do so from the Internal Revenue Service. Inquiries concerning further information on Federal taxes should be addressed to the District Director, Internal Revenue Service, of the taxpayer's district, or the Internal Revenue Service, Washington, D.C. 20224.

§ 316.10 Payment or redemption.

(a) *General*. A Series E bond may be redeemed in accordance with its terms at the appropriate redemption value as

shown in the applicable tables hereof for bonds bearing various issue dates back to May 1, 1941. The redemption values of bonds in the denomination of \$100,000¹ (which was authorized as of January 1, 1954) are not shown in the tables. However, the redemption values of bonds in that denomination will be equal to the total redemption values of ten \$10,000 bonds bearing the same issue dates. A Series E bond in a denomination higher than \$25 (face amount) may be redeemed in part but only in the amount of an authorized denomination or multiple thereof.

(b) *Federal Reserve Banks and Branches and Treasurer of the United States*. Owners of Series E bonds may obtain payment upon presentation and surrender of the bonds to a Federal Reserve Bank or Branch or to the Office of the Treasurer of the United States, Securities Division, Washington, D.C. 20220, with the requests for payment on the bonds duly executed and certified in accordance with the governing regulations.

(c) *Incorporated banks, trust companies and other financial institutions*. An individual (natural person) whose name is inscribed on a Series E bond either as owner or coowner in his own right may also present such bond to any incorporated bank or trust company or other financial institution which is qualified as a paying agent under Department Circular No. 750, current revision (Part 321 of this subchapter). If such bond is in order for payment by the paying agent, the owner or coowner, upon establishing his identity to the satisfaction of the agent and upon signing the request for payment and adding his home or business address, may receive immediate payment of the current redemption value.

§ 316.11 Reservation as to issue of bonds.

The Secretary of the Treasury reserves the right to reject any application for Series E bonds, in whole or in part, and to refuse to issue or permit to be issued hereunder any such bonds in any case or any class or classes of cases if he deems such action to be in the public interest, and his action in any such respect shall be final.

§ 316.12 Preservation of rights.

Nothing contained herein shall limit or restrict rights which owners of Series E bonds heretofore issued have acquired under offers previously in force.

§ 316.13 Fiscal agents.

Federal Reserve Banks and Branches, as fiscal agents of the United States, are authorized to perform such services as may be requested of them by the Secretary of the Treasury in connection with the issue, delivery, redemption, and payment of Series E bonds.

§ 316.14 Reservations as to terms of offer.

The Secretary of the Treasury may at any time or from time to time supplement or amend the terms of this offering of bonds (this Part 316), or of any amendments or supplements thereto.

TABLES OF REDEMPTION VALUES AND INVESTMENT YIELDS FOR UNITED STATES SAVINGS BONDS OF SERIES E

Each table shows: (1) the redemption value for each successive half-year term of holding during the current maturity period and the authorized redemption values during any subsequent maturity period, on bonds bearing issue dates covered by the table; (2) for each maturity period shown, the approximate investment yield on the redemption value at the beginning of such maturity period to the beginning of each half-year period thereafter; and (3) the approximate investment yield on the current redemption value from the beginning of each half-year period to next maturity. Yields are expressed in terms of rate percent per annum, compounded semiannually.

AUTHORITY: The provisions of this Part 332 issued under authority of sec. 22 of the Second Liberty Bond Act, as amended, 49 Stat. 21, as amended; 31 U.S.C. 757c.

§ 332.1 Offering of bonds.

The Secretary of the Treasury hereby offers for sale to the people of the United States, U.S. Savings Bonds of Series H, hereinafter generally referred to as "Series H bonds" or "bonds." This offer will continue until terminated by the Secretary of the Treasury.

§ 332.2 Description of bonds.

(a) **General.** Series H bonds bear a facsimile of the signature of the Secretary of the Treasury and of the Seal of the Department of the Treasury. They

are issued only in registered form and are nontransferable.

(b) **Denominations and prices.** Series H bonds are issued at face (par) amount and are available in denominations of \$500, \$1,000, and \$5,000.

(c) **Inscription and issue.** At the time of issue the issuing agent will (1) inscribe on the face of each Series H bond the name, taxpayer identifying number,¹ and address of the owner, and the name of the beneficiary, if any, or the name and address of the first-named coowner and the taxpayer identifying number¹ of one coowner, (2) enter in the upper right-hand portion of the bond the issue date, and (3) imprint the agent's dating stamp in the lower right-hand portion to show the date the bond is actually inscribed. A Series H bond shall be valid only if an authorized issuing agent receives payment therefor and duly inscribes, dates, stamps, and delivers it in accordance with the purchaser's instructions.

(d) **Term.** A Series H bond will be dated as of the first day of the month in which payment therefor is received by an agent authorized to issue the bonds. This date is the issue date and the bond will mature and be payable 10 years from the issue date. The bond may not be called for redemption before the maturity date or any authorized extended maturity date, but may be redeemed at par after 6 months from the issue date. However, the Department may require reasonable notice of presentation for redemption before the maturity date or any authorized extended maturity date.

(e) **Interest (investment yield).** The interest on a Series H bond will be paid semiannually by check drawn to the order of the registered owner or coowners, beginning 6 months from issue date. Interest payments will be on a graduated scale, fixed to produce an investment yield of approximately 5 percent per annum, compounded semiannually, if the bond is held to maturity but the yield will be less if the bond is redeemed prior thereto (see table 1). Interest will cease at maturity, or at the end of the extension period for bonds for which an extension has been granted, or in the case of redemption before maturity, at the end of the interest period next preceding the date of redemption, except that if the date of redemption falls on an interest payment date, interest will cease on that date.

(f) **Outstanding bonds with issue dates June 1, 1969, or thereafter.** Series H bonds with issue dates of June 1, 1969, or thereafter, and outstanding on the effective date of the regulations in this part, are deemed to be Series H bonds issued under the terms of this part and the interest provided for in paragraph

(e) of this section is applicable to such bonds. Series H bond stock on sale prior to June 1, 1969, will be used for issue under this part until such time as new stock is printed and supplied to issuing agents. Such bonds have the new interest rate as fully as if expressly set forth in the text of the bonds. It will be unnecessary for owners to exchange bonds issued on old stock for bonds on new stock as the Department of the Treasury will issue interest checks for the bonds in the appropriate amounts as set forth in Table 1. However, when the new stock becomes available, issuance on the new stock may be obtained by presentation for that purpose of bonds issued on the old stock to any Federal Reserve Bank or Branch, or to the Treasurer of the United States, Securities Division, Washington, D.C. 20220.

§ 332.3 Governing regulations.

Series H bonds are subject to the regulations of the Treasury Department, now or hereafter prescribed, governing U.S. Savings Bonds, contained in Department Circular No. 530, current revision (Part 315 of this subchapter).²

§ 332.4 Registration.

(a) **General.** Generally, only residents of the United States, its territories and possessions, the Commonwealth of Puerto Rico, the Canal Zone and citizens of the United States temporarily residing abroad are eligible to be named as owners of Series H bonds. The bonds may be registered in the names of natural persons in their own right as provided in paragraph (b) of this section, and in the names and titles or capacities of fiduciaries and organizations as provided in paragraph (c) of this section. Full information regarding authorized forms of registration and restrictions with respect thereto will be found in the governing regulations.

(b) **Natural persons in their own right.** The bonds may be registered in the names of natural persons (whether adults or minors) in their own right, in single ownership, coownership, and beneficiary forms.

(c) **Others.** The bonds may be registered in single ownership form in the names of fiduciaries and private and public organizations, as follows:

(1) **Fiduciaries.** In the names of and showing the titles or capacities of any persons or organizations, public or private, as fiduciaries (including trustees, legal guardians or similar representatives, and certain custodians) but not where the fiduciary would hold the bonds merely or principally as security for the performance of a duty, obligation, or service.
