

**FEDERAL RESERVE BANK OF DALLAS**  
**FISCAL AGENT OF THE UNITED STATES**  
**DALLAS, TEXAS 75222**

Circular No. 72-41  
February 28, 1972

To All Issuing and Paying Agents for Savings Bonds  
in the Eleventh Federal Reserve District:

There are enclosed copies of the following documents:

A special notice pertaining to the redesign of  
Series E and H savings bonds and an outline de-  
scribing the various changes on each bond.

The Fourth Amendment to Treasury Department  
Circular No. 530, Ninth Revision, which con-  
tains the current annual purchase limitations  
on savings bonds.

The First and Second Supplements to Treasury  
Department Circular No. 653, Eighth Revision,  
concerning extended maturity periods granted  
to certain issues of Series E bonds.

Additional copies of the enclosures will be furnished upon  
request.

FEDERAL RESERVE BANK OF DALLAS  
Fiscal Agent of the United States

Enclosures

TO PRINCIPAL OFFICERS OF ALL ISSUING AND PAYING AGENTS FOR  
UNITED STATES SAVINGS BONDS

The Department of the Treasury has advised that the Series E and Series H savings bonds have been redesigned. The redesign relates only to format and appearance and does not in any way affect the terms of any bonds of these series that are outstanding or currently on sale. The nature of the changes and the reasons for the format revision are outlined in the attachment hereto.

There is a reservoir of bonds of the earlier design and these will be used before the "1972 design" bonds are distributed. As E bond stocks of individual assembly types and denominations are depleted, requisitions will be filled with 1972 design bonds. This will be done automatically and no special reference will be required on stock requisitions. Although some requisitions may be filled with bonds of both designs, there should be no problem inasmuch as no differentiation, special handling or accounting will be required. E bonds of the two designs are interchangeable and issues should be made from whatever stock is on hand.

Paying agents should take special note of the provision on the backs of the redesigned bonds for recording identification notations when redeeming E bonds or certifying requests for the payment of bonds of either series. It would seem appropriate to call attention in this connection to the identification guidelines dated October 1, 1971. Each paying agent should make sure that its employees are following the guidelines. The redesigned bonds will be of assistance in this respect.

This notice is being sent to all issuing and paying agents to enable them to alert employees to the change and to provide an explanatory statement for any bondowners or purchasers who make inquiry about the design change. Additional copies of the explanation may be obtained from this Bank.

## **SERIES E BOND**

### 1972 DESIGN

#### SERIES E BOND CHANGES

##### FACE: -

The language immediately under the words "THE UNITED STATES OF AMERICA" near the top of the bond has been changed

From: "Five years and ten months from the issue date hereof will pay"

To: "At the original maturity hereof will pay"

The change will not in any way affect either the term to original maturity or the interest accruals. These are shown in the offering circular - Department of the Treasury Circular No. 653, latest revision.

The tint, ink color, portraits and arrangement, and the color and positioning of the series, seal, signature and serial number have not been changed.

##### BACK: -

The back design of all E bonds has been standardized. The following changes have been made:

- (1) The printed denomination amount has been eliminated.
- (2) The distinctive denominational back tints have been eliminated; all backs will be printed with black ink.
- (3) The request for payment has been simplified.
- (4) The certification form has been simplified.
- (5) Space has been provided below the certification form for the signature of anyone who personally identifies the bondowner to a paying agent or certifying officer.
- (6) The table of redemption values has been eliminated. Department of the Treasury Circular No. 653, current revision, and the current monthly table of redemption values supplied to paying agents provide the only reliable information on redemption values during the entire life of the bonds, including the extended maturity periods.

- (7) The information shown in the blocks headed "Payment Information" and "Terms and Conditions" has been revised and simplified. The two blocks have also been repositioned.
- (8) Space has been provided for paying agents and certifying officers to record identification notations when redeeming bonds or certifying requests for payment.

## **SERIES H BOND**

### 1972 DESIGN

### SERIES H BOND CHANGES

#### FACE: -

The language under the words "THE UNITED STATES OF AMERICA" near the top of the bond has been changed

From: "Ten years from issue date hereof will pay"

To: "At the original maturity hereof will pay"

The change will not in any way affect either the term to original maturity or the interest payment amounts. These are shown in the offering circular - Department of the Treasury Circular No. 905, latest revision.

The statement in the lower portion of the bond immediately above the signature of the Secretary has been revised to indicate that the semiannual interest amounts are shown in Department of the Treasury Circular No. 905, latest revision, rather than on the back of the bond.

The tint, ink color, portraits and arrangement, and the color and positioning of the series, seal, signature and serial number have not been changed.

#### BACK: -

The back design of all H bonds has been standardized. The following changes have been made:

- (1) The printed denomination has been eliminated.
- (2) The distinctive denominational back tints have been eliminated; all backs will be printed with purple ink.
- (3) The request for payment has been simplified.
- (4) The certification form has been simplified.
- (5) Space has been provided below the certification form for the signature of anyone who personally identifies the bondowner to a certifying officer.

- (6) The table of interest amounts has been eliminated. Department of the Treasury Circular No. 905, current revision, provides the only reliable information on interest amounts during the entire life of the bonds, including the extended maturity periods.
- (7) The information in the blocks headed "Payment Information" and "Terms and Conditions" has been revised and simplified. The former block has also been repositioned.
- (8) Space has been provided for certifying officers to record identification notations when certifying requests for payment.

# REGULATIONS GOVERNING UNITED STATES SAVINGS BONDS

1971  
Fourth Amendment to  
Department Circular No. 530,  
Ninth Revision, dated  
December 23, 1964

Fiscal Service  
Bureau of the Public Debt

TREASURY DEPARTMENT  
Washington, Nov. 19, 1971

Section 315.10 and footnotes 4 and 5 of Department of the Treasury Circular No. 530, Ninth Revision, dated December 23, 1964, as amended (31 CFR Part 315), are hereby further amended to read, as follows:

## **§ 315.10 Annual limitations on holdings.**

The amounts of savings bonds of each series, issued in any one calendar year,\* which may be held by any one person at any one time, computed in accordance with the provisions of § 315.11, are limited, as follows:

(a) *Series E—(1) General limitation.* \$5,000 (issue price) for each calendar year.<sup>5</sup>

(2) *Special limitations for employees' savings plans and savings and vacation plans.* \$2,000 (face amount) multiplied by the highest number of participants in any employees' savings plan as described in Department Circular No. 653, current revision (Part 316 of this chapter). Qualified savings and vacation plans are also eligible for this special limitation.

\* The Ninth Revision of this circular contains information on prior annual limitations.

(b) *Series H—(1) General limitation.* \$5,000 (face amount) for each calendar year.<sup>5</sup>

(2) *Special limitation for gifts to exempt organizations under 26 CFR 1.501(c)(3)-1.* \$200,000 (face amount) for each calendar year for bonds received as gifts by an organization which at the time of purchase is an exempt organization under the terms of 26 CFR 1.501(c)(3)-1.

The foregoing amendment is made for the purpose of having the limitations in the regulations governing savings bonds conform to the current limitations in 31 CFR 316.5 and 332.5, the offerings of Series E and Series H savings bonds, respectively. In view of the earlier publication of these limitations in 35 F.R. 703, January 17, 1970, and 35 F.R. 849, January 21, 1970, I find that notice and public procedures are unnecessary. This action is effected under the provisions of section 22 of the Second Liberty Bond Act, as amended (49 Stat. 21, as amended; 31 U.S.C. 757c), and 5 U.S.C. 301.

JOHN K. CARLOCK,  
Fiscal Assistant Secretary.

<sup>5</sup> Effective December 1, 1969. Investors who purchased less than \$5,000 (issue price) of the Series E bonds or \$5,000 (face amount) in the case of Series H bonds prior to the effective date of the limitations were entitled only to purchase enough to bring their totals for the year to those amounts. Investors whose purchases exceeded these limitations could not purchase additional bonds during the remainder of the calendar year.

# Know your Government...

The Manual describes the creation and authority, organization, and functions of the agencies in the legislative, judicial, and executive branches.

Most agency statements include new "Sources of Information" listings which tell you what offices to contact for information on such matters as:

- Consumer activities
- Environmental programs
- Government contracts
- Employment
- Services to small businesses
- Availability of speakers and films for educational and civic groups

This handbook is an indispensable reference tool for teachers, students, librarians, researchers, businessmen, and lawyers who need current official information about the U.S. Government.
