

FEDERAL RESERVE BANK OF DALLAS

DALLAS, TEXAS 75222

Circular No. 74-134
May 23, 1974

SALARY SURVEYS

To the Chief Executive Officer of the Member Bank Addressed
in the Eleventh Federal Reserve District:

The Officers' Salary Survey, a service provided by the Federal Reserve Bank of Dallas, was conducted for the first time during 1973, and the response was very gratifying. In 1974 this program will again be offered to all member banks in the Eleventh District.

Also for 1974, we are offering an Employees' Salary Survey as a new service provided by this Bank. To ensure compatibility with the Officers' Salary Survey, the Employees' Salary Survey will also provide salary comparisons by geographic location and bank size.

If your bank would like to participate in either or both of these programs, please indicate your interest on the enclosed postal card and return it as soon as possible. If you have any questions concerning these programs, please call us collect at 214-651-6370.

Yours very truly,

P. E. Coldwell

President

Enclosure
