press release

For release in morning papers  
Monday, May 24, 1976

May 21, 1976

The Board of Governors of the Federal Reserve System today published a revised list of over-the-counter (OTC) stocks that are subject to its margin regulations, effective immediately.

The attached List supersedes the revised List of OTC Margin Stocks that was issued on September 29, 1975. Of the 839 OTC Stocks on the revised List, 66 have been added for the first time.

Eighteen stocks previously on the List have been removed for substantially failing to meet the requirements for continued listing. In addition, three other stocks have been removed because they are now listed on a national securities exchange or the companies were acquired by another firm.

The Board monitors the market activity of all OTC stocks to determine which stocks pass the requirements for inclusion and continued inclusion on the List of OTC Margin Stocks, and periodically revises the List.

Margin regulations generally limit the amount of credit a person or firm may obtain to buy, or carry securities. Stocks on the List of OTC Margin Stocks are subject to the same margin requirements (currently 50 per cent) as stocks listed on national stock exchanges. This means a person or firm buying a stock on credit must make a down payment equal to at least 50 per cent of the purchase price of the stock and may obtain credit for the remaining 50 per cent.

OTC stocks first became subject to margin requirements on July 8, 1969, pursuant to an Act (P.S. 90-437) adopted by Congress the year before. Prior to that date, only stocks listed on national exchanges were subject to margin requirements. OTC margin stocks are those determined to have characteristics similar to stocks registered on national exchanges.

Margin requirements on OTC stocks apply only to credit extended on the date the stock becomes an OTC margin stock and thereafter. Credit extended by banks to purchase or carry OTC stocks before they appeared on the List becomes subject on that date to the retention and withdrawal requirements of the Board's margin Regulation U if the credit is collateralized by any stock. Such credit previously extended by lenders subject to Regulation G (which governs securities credit by persons other than banks, brokers, or dealers) becomes subject to retention and withdrawal requirements if collateralized by "margin securities."

It is unlawful for any person to cause any representation to be made that inclusion of a security on this List indicates that the Board or the Securities and Exchange Commission has in any way approved such security or any transaction therein. Any references to the Board in connection with this List or any securities thereon in any advertisement or similar communication is unlawful.

The List is published by the Board for the information of lenders and the general public.

The 18 stocks removed from the revised List for failing to meet the requirements for continued listing are: American Beef Packers, Inc., \$1.00 par common; American Electronic Laboratories, Inc., Class A, \$1.00 par common; Applebaums'

Food Markets, Inc., \$1.00 par common; Computer Machinery Corporation, \$.10 par common; Diversified Earth Sciences, Inc., \$.80 par common; Educational Development Corporation, \$.20 par common; Leadville Corporation, \$1.00 par common; Lion Country Safari, Inc., \$.01 par common; Loblaw Inc., \$1.00 par common; The Manhattan Life Insurance Company, \$2.00 par guarantee capital stock; NRG Inc., \$.10 par common; Penn Corporation, \$1.00 par common; Scott's Liquid Gold, Inc., \$.10 par common; Shop Rite Foods, Inc., \$3.33-1/3 par common; Smithfield Foods, Inc., \$1.00 par common; Sugardale Foods, Inc., no par common; T.I.M.E.-DC, Inc., \$10.00 par convertible preferred; Thermal Power Company, no par common.

**LIST OF OTC MARGIN STOCKS**  
as of May 24, 1976

---

---

This List of OTC Margin Stocks is comprised of stocks traded over-the-counter (OTC) that have been determined by the Board of Governors of the Federal Reserve System to be subject to margin requirements as of May 24, 1976, pursuant to Sections 207.2(f) of Federal Reserve Regulation G, "Securities Credit by Persons other than Banks, Brokers or Dealers," 220.2(e) of Regulation T, "Credit by Brokers and Dealers," and 221.3(d) of Regulation U, "Credit by Banks for the Purpose of Purchasing or Carrying Margin Stocks."

The List is published from time to time by the Board as a guide for lenders subject to the regulations and the general public. Stocks will be added to the List, or deleted, in the interim between publications as deemed appropriate by the Board. This List supersedes the previous List of OTC Margin Stocks published as of September 29, 1975, including changes thereto.

**CAUTION:** It is unlawful for any person to cause any representation to be made that inclusion of a security on this List indicates that the Board or the Securities and Exchange Commission has in any way approved such security or transaction therein. Also, any references to the Board in connection with this List or any securities thereon in an advertisement or similar communication is unlawful.

Any inquiry relating to this List or to Regulation G, T, U or X should be addressed to the nearest Federal Reserve Bank.
