REGULATION Y—BANK HOLDING COMPANIES

Notice of Proposed Amendment

TO ALL MEMBER BANKS,
BANK HOLDING COMPANIES,
AND OTHERS CONCERNED IN THE
ELEVENTH FEDERAL RESERVE DISTRICT:

The Board of Governors of the Federal Reserve System has issued for
public comment a proposed amendment to its Regulation Y which would make check
verification an activity permissible for bank holding company subsidiaries. The
Board has before it an application to engage in check verification which the ap­
plicant describes as follows:

The bank holding company would establish a subsidiary, to
engage in check verification. Merchants would pay a fee to sub­
scribe to the services of the verification company. The company
would authorize subscribing merchants to accept certain personal
checks as payment for goods and services. If an authorized check
turns out to be bad, the subsidiary will buy it from the merchant.

The Board may act on the subject application prior to the final decision on the
activity.

Printed on the following pages is the text of the Board's proposal as
submitted to the Federal Register. Any comments should be submitted in writing
and received by the Secretary, Board of Governors of the Federal Reserve System,
Washington, D.C. 20551, no later than August 14, 1978. All materials submitted
should include the docket number R-0171.

Sincerely yours,

Robert H. Boykin
First Vice President
AGENCY: Board of Governors of the Federal Reserve System.

ACTION: Proposed rule and action on individual application.

SUMMARY: The Board proposes to adopt a regulation that would permit bank holding companies to engage in providing check verification services, subject to particular procedures in individual cases. The Board will also consider acting by order, prior to action on the proposed rule, on the application of Barnett Banks of Florida, Inc., to provide check verification services through a newly formed subsidiary, Verifications, Inc.

DATE: Comments must be received on or before August 14, 1978.

ADDRESS: Secretary, Board of Governors of the Federal Reserve System, Washington, D.C. 20551. All material submitted should include the docket number R-0171.

FOR FURTHER INFORMATION CONTACT: Julius L. Loeser, Senior Attorney (202/452-3236) or J. Harry Jorgenson, Attorney (202/452-3778), Board of Governors of the Federal Reserve System, Washington, D.C. 20551.

SUPPLEMENTARY INFORMATION:

The Board of Governors has received an application filed by Barnett Banks of Florida, Inc., Jacksonville, Florida ("Applicant"), pursuant to section 4(c)(8) of the Bank Holding Company Act (12 U.S.C. § 1843(c)(8)) and section 225.4(b)(2) of the Board's Regulation Y (12 CFR § 225.4(b)(2)), for prior approval to engage de novo through a subsidiary to be known as Verifications, Inc. in providing check verification services to merchants.
Applicant proposes to engage in providing check verification services as follows:

In consideration of fees paid by a subscribing merchant, Verifications, Inc. will authorize acceptance by the merchant of certain personal checks tendered by the merchant's customers in payment of goods and services. In the event a validly authorized check is subsequently dishonored, Verifications, Inc. will purchase such check from the merchant.

Section 4(c) (8) of the Bank Holding Company Act provides that a bank holding company may, with Board approval, acquire "shares of any company the activities of which the Board after due notice and opportunity for hearing has determined (by order or regulation) to be so closely related to banking as to be a proper incident thereto." Applicant believes that the proposed activity is so closely related to banking as to be a proper incident thereto and the Board believes that a reasonable basis exists for Applicant's opinion.

In connection with this application, the Board will consider amending Regulation Y (12 CFR § 225.4(a)) to add the activity of providing check verification services to the list of activities that the Board has previously determined to be permissible for bank holding companies. Interested persons may express their views on the question whether providing check verification services is "so closely related to banking or managing or controlling banks as to be a proper incident thereto" within the meaning of section 4(c) (8).

The Board will also consider acting by order, prior to action on the proposed rule, on the application of Barnett Banks of Florida, Inc., to provide check verification services through a newly formed subsidiary, Verifications, Inc. Interested persons may also express their views on the question whether consummation of the proposal by Applicant can "reasonably be expected to produce benefits to the public such as greater convenience, increased competition, or gains in efficiency, that outweigh possible adverse effects, such as undue concentration of resources, decreased or unfair competition, conflicts of interests, or unsound banking practices."

Any request for a hearing on these questions should be accompanied by a statement summarizing the evidence the person requesting the hearing proposes to submit or to elicit at the hearing and a statement of the reasons why this matter should not be resolved without a hearing.

The application of Barnett Banks of Florida, Inc., may be inspected at the offices of either the Board of Governors or the Federal Reserve Bank of Atlanta. Expressions of views received by the Board may be inspected at the offices of the Board of Governors.

Any views or requests for hearing either on the proposed rule or on the individual application should be submitted in writing and received by the Secretary, Board of Governors of the Federal Reserve System, Washington, D.C. 20551, not later than August 14, 1978.

Theodore E. Allison
Secretary of the Board
