Press Release
For immediate release

July 6, 1982

The Federal Financial Institutions Examination Council today announced that the March 1982 Uniform Bank Performance Report is ready for distribution and sale to the public. The report is produced quarterly. It is an analytical device designed for commercial bank supervisory examination and management purposes. It allows for either a summary or an in-depth analysis of an institution's financial performance and trends.

Copies of individual bank UBPRs may be obtained for \$25 per report, with quantity discounts available. UBPR User's Guides may be obtained for \$2.50 per copy. December 1981 peer group reports and state average reports are also available. Detailed instructions for ordering UBPRs and ancillary reports are attached.

Commercial banks in the United States supervised by the Board of Governors of the Federal Reserve System, the Federal Deposit Insurance Corporation or the Office of the Comptroller of the Currency will automatically receive without charge a copy of their own report if they have consolidated assets of \$300 million or more and filed a March 1982 Report of Income. Federally supervised banks with consolidated total assets of less than \$300 million may obtain, without charge, their own March 1982 report upon request.
