

AND CHIEF OPERATING OFFICER

## FEDERAL RESERVE BANK OF DALLAS

July 28, 1988

DALLAS, TEXAS 75222

Circular 88-48

TO: All individuals maintaining Regulation Binders for financial institutions in the Eleventh Federal Reserve District

## SUBJECT

New regulatory handbook available from the Federal Reserve Board of Governors

## DETAILS

The Federal Reserve Board has announced the availability of a new regulatory handbook to be published beginning this September. The handbook will incorporate Federal Reserve regulations, interpretations and policy statements as well as commentary on the payments system and the Expedited Availability Act into a single looseleaf publication.

This handbook will be published in addition to the currently available Federal Reserve Regulatory Service. The Regulatory Service currently consists of four binders covering all Board regulations and related materials, and three separate binders on securities credit, consumer regulations and regulations relating to monetary policy.

The new handbook covers all Board regulations concerning the payments system (including Regulation J -- Checks Collection and Wire Transfers and Regulation CC -- Expedited Funds Availability) and the Board's policy statements on payments system risk. This handbook will be updated on a monthly basis and will be cross-indexed to help those who refer frequently to the Board's regulatory material in the payments area.

The fee for the new handbook will be \$75 annually. For those who already subscribe to the Federal Reserve Regulatory Service, the handbook will be sent automatically. Inquiries should be addressed to the Publications Section, Board of Governors of the Federal Reserve System, Washington, D.C. 20551.

Sincerely yours,

William N. Wallace
