Press Release

For immediate release

September 28, 1990

The June 1990 Uniform Bank Performance Report (UBPR) is now being distributed to all insured commercial banks and FDIC Insured Savings Banks (ISB) and, is available for sale to the public. For the most part the format for the commercial banks and the FDIC ISB'S are identical; however, the FDIC ISB have their own unique UBPR peer groupings.

The quarterly UBPR is designed for use by bank examiners, financial analysts and bank managers, and permits both summary and in-depth analysis of a commercial bank's financial performance and trends.

The FFIEC is again making available computer tapes of UBPR data for the June, 1990 UBPR edition. These tapes contain bulk data for banks, peer groups or states, and are expected to be of interest to requestors who make use of large-scale bank data such as quarterly Call Report tapes.

General information concerning the UBPR products and instructions for ordering are attached. Additional information on ordering the UBPR and related reports may be obtained by calling (800) 843-1669, (in Washington, DC area, call 898-7108). Further information on the content of the reports or on the UBPR tapes maybe obtained by calling (202) 357-0111.

THE JUNE 1990 UNIFORM BANK PERFORMANCE REPORTS ARE NOW AVAILABLE!

General Information

The Uniform Bank Performance Report (UBPR) is an analytical tool created for bank supervisory purposes. In a concise format, it shows the impact of management decisions and economic conditions on a bank's performance and balance-sheet composition and is produced for each insured commercial bank and FDIC insured savings bank (Insured Bank) in the United States. The UBPR is computer-generated from the FDIC data base, contains several year's worth of data, and the data is presented in ratio, percentage, and dollar formats.

UBPR Products

1. **Bank Report** - (approximately 12 pages) prepared for each Insured Bank in the U.S.

Page Description

- Table of Contents

- 1 Summary Ratios
- 2 Income Statement
- 3 Noninterest Income & Expenses
- 4 Balance Sheet
- 5 Commitments and Contingencies
- 6 Composition of Assets & Liabilities
- 7 Loan Allowance & Loan Mix
- 8 Past Due, Nonaccrual & Restructured Loans
- 9 Maturity & Repricing Distribution
- 10 Liquidity & Investment Portfolio
- 11 Capital Analysis

2. **Peer Group Report** - (approximately 250 pages) contains eight pages of ratio averages for each UBPR Peer Group as well as national averages. For UBPR comparisons, commercial banks and FDIC insured savings banks are not commingled.

Page Description

- Table of Contents

- 1 Summary Ratios
- 2 Overhead, Yield & Cost Ratios
- 3 Composition of Assets & Liabilities
- 4 Loan Allowance & Loan Mix
- 5 Past Due, Nonaccrual & Restructured Loans
- 6 Maturity & Repricing Distribution
- 6A Liquidity and Investment Portfolio
- 7 Capital Analysis & Off-Balance Sheet Items

3. **State Average Report** - (approximately 75 pages) contains one page of Summary Ratio averages (in the same format as page 1 of the Bank Report) for the nation and each individual state.

4. **User's Guide for the UBPR** - (approximately 100 pages) documents the Bank Report. The User's Guide includes:

- o General and technical UBPR information
- o A sample of each UBPR page and a description of each line item
- o A worksheet for calculating tax-equivalency adjustment.

5. **Public Disclosure Tapes** - data printed on the Bank Report hard copies are available on tape in bulk format for all banks, peer groups and state averages. These tapes may be of use to requestors who wish to select or analyze data for large numbers of banks or peer groups. A typical UBPR edition would include a maximum of: eight unique tapes for bank data, eight unique tapes for bank rank data, and one tape for peer group and state average data.

Data Formats

The typical UBPR format consists of the following:

- o **Year-End** - Five consecutive year-end periods (e.g., December 1985 through December 1989).
- o **Non-Year-End** - Current period, one-year ago from the current period, and three year-end periods (i.e., June 1990, June 1989, December 1989, December 1988 and December 1987).

Data Types

The typical UBPR Publication presents three types of data for each of five periods:

- o **Bank-Level Ratio and Dollar Values:** The source of all bank financial data in all of the UBPR publications is the FFIEC Call Reports, which are filed on a calendar quarter basis.
- o **Peer Group Averages:** The UBPR system classifies insured commercial banks into 25 unique Peer Groups and FDIC insured savings banks into four unique Peer Groups to show how a group of banks with similar characteristics has performed. This information can be used as a bench mark to assess an individual bank's asset and liability structure, earnings level and off-balance sheet exposure.
- o **Bank Percentile Ranks:** Based on the UBPR Peer Groups, the UBPR system ranks each bank ratio within each Peer Group in an ascending order. The resulting percentile rank, ranging from 0 to 99, provides the user an institution's relative position within its UBPR peer group for each measure.

UBPR Data Availability

Each quarter, approximately 90 days after the Call Report date, each Insured Bank will automatically receive a copy of its own UBPR Bank Report free of charge. If you have misplaced your bank's UBPR Bank Report an additional copy may be purchased (through the FDIC Disclosure Group). In addition, you may also purchase the Bank Report on your competitors or any other UBPR product by using the order form on the back side of this page.
