Supplement A

RATES FOR DISCOUNTS AND ADVANCES

The following rates with respect to discounts and advances under the Federal Reserve Act and Regulation A are now in effect at this Bank:

| Rates on Discounts and Advances | Per Annum | Effective Date |
|--|------------------|--------------------|
| Basic rate: short-term adjustment credit under 201.3(a) and regular seasonal credit under 201.3(b)(1) of Regulation A ¹ | 5% | September 13, 1991 |
| Other extended credit under 201.3(b)(2) of Regulation A (special circumstances credit and credit for institutions under sustained liquidity pressures) ² | | |
| First 30 days | 5% | September 13, 1991 |
| Thereafter | Flexible rate | September 13, 1991 |

¹This is also the discount rate for 90-day commercial paper and other paper eligible for discount.

A rate higher than the basic discount rate will be applied to loans of unusual size that result from a major operating problem at the borrower's facility, unless the problem is clearly beyond the borrower's reasonable control. The new rate will be the highest rate within the structure of discount rates at the time in question.

²A flexible rate that takes into account rates on market sources of funds ordinarily will be applied to any "other extended credit" outstanding for more than 30 days. The flexible rate will not be lower than the basic rate plus one-half percentage point. At the discretion of this Reserve Bank, the 30-day time period for which the basic rate is charged may be lengthened or shortened.
