

FEDERAL RESERVE BANK  
OF DALLAS

TONY J. SALVAGGIO  
FIRST VICE PRESIDENT

DALLAS, TEXAS  
75265-5906

February 9, 1994

Notice 94-22

**TO:** The Chief Operating Officer of  
each financial institution in the  
Eleventh Federal Reserve District

**SUBJECT**

**Haitian and Libyan Sanctions**

**DETAILS**

Pursuant to Executive Orders No. 12775 of October 4, 1991 and No. 12779 of October 28, 1991, property of the government of Haiti was blocked and restrictions were placed on trade with Haiti. Certain aspects of the sanctions were temporarily suspended on August 31, 1993; however, because the military and police in Haiti failed to fulfill their obligations under the Governors Island Agreement, sanctions were reimposed with full force as of 11:59 p.m. Eastern Daylight Time, October 18, 1993. Executive Order No. 12872 was issued blocking property and property interests of persons contributing in any way, including materially or financially, to the obstruction of the return of Haiti's democratically elected government.

Consequently, pursuant to section 203 of the International Emergency Economic Powers Act, 50 U.S.C. 1701, *et seq.* ("IEEPA"), and the Executive Orders, all property and interests in property of the government of Haiti, its agencies, instrumentalities and controlled entities, that are in the United States or hereafter come within the United States, or that are or hereafter come within the possession or control of United States persons are blocked. The blocked property includes, without limitation, all bank, loan, charge and investment accounts and securities in which the Government of Haiti has an interest. Neither the government of Haiti nor its representatives shall be permitted access to property within the custody of any depository institutions, specifically including safe deposit boxes, except as authorized by the Office of Foreign Assets Control. All depository institutions, including foreign agencies ("institutions"), in this District are advised that all transactions involving property or property interests of the government of Haiti are prohibited except as specifically authorized by the Director, Office of Foreign Assets Control. Attached is the list of Specially Designated Nationals of the De Facto Regime in Haiti issued by the Office of Foreign Assets Control as of January 1, 1994.

All institutions should report to the Office of Foreign Assets Control, under oath, any blocked property of the government of Haiti within their possession, and all transactions related thereto, on or after the

effective dates. The reports should include prohibited transactions that are or were blocked by the institutions or transactions that are or were attempted but not consummated, within 10 days of receipt of this notice or, in the case of attempted transactions, within 10 days of the occurrence.

Reports should include all information detailing the blocked property (including accounts), specifically identifying where such property is now held, and separately accounting for any transfers of property. In the case of accounts of any nature, institutions should provide the account number, the amount on deposit, available credit or balance outstanding, and the name and address of the financial institution holding the account. Evidence confirming that the account is being maintained in a blocked status should also be provided. In the case of attempted transactions involving the government of Haiti, institutions should provide the names, addresses, account numbers and any other available information identifying the parties or intended parties, including all financial institutions, involved with the attempted transaction.

The Office of Foreign Assets Control also administers sanctions programs involving Libya, Iraq, North Korea, Cuba, Vietnam, Iran, Angola and Yugoslavia. Effective immediately, the Arab Financial Services Company (E.C.), Manama, Bahrain, ("AFS"), has been removed from the list of specially designated nationals of Libya. U.S. persons, including banks, are now authorized to engage in normal business dealings with AFS and all of its currently blocked accounts are unblocked.

## What You Need To Know About The U.S. Embargo

### An overview of the Haitian Transactions Regulations, Title 31 Part 580 of the U.S. Code of Federal Regulations

■ **INTRODUCTION** - On October 4, 1991, following a military coup against the democratically elected government of Jean-Bertrand Aristide on September 30, 1991, former President Bush issued Executive Order No. 12775 declaring a national emergency with respect to Haiti. The order, issued under the authority of the International Emergency Economic Powers Act (50 U.S.C. 1701) and the National Emergencies Act (50 U.S.C. 1601), blocked all property of the Government of Haiti. Executive Order No. 12779, issued by the President on October 28, 1991, added further trade restrictions against Haiti. Though property of the Government of Haiti remained blocked, certain aspects of the sanctions were temporarily suspended on August 31, 1993, after the signing of an accord called the Governors Island Agreement of July 3, 1993, by the Haitian authorities. Because the military and police in Haiti failed to fulfill their obligations under the Agreement, sanctions were reimposed with full force as of 11:59 P.M. Eastern Daylight Time, October 18, 1993, and President Clinton issued a new Executive Order (No. 12872) blocking property and property interests of persons contributing in any way, including materially or financially, to the obstruction of the return of Haiti's democratically elected government. The Haitian Transactions Regulations implement Executive Orders No. 12775, 12779 and 12872. They are issued and are administered by the Treasury Department's Office of Foreign Assets Control (FAC). The summary which follows is intended to be a broad overview of the Regulations.

Criminal penalties for violating the Haitian sanctions range up to 10 years in prison and up to \$250,000 in fines per count. Civil penalties may also be imposed up to \$10,000 per count.

■ **ASSETS BLOCKED** - All assets of the Government of Haiti, its agencies, instrumentalities, and controlled entities, within the U.S. or within the control of U.S. persons, including overseas branches, are blocked. Persons and organizations determined by the Secretary of the Treasury to fall within any of those categories are subject to treatment as if they were the government of Haiti. This includes the Banque de la Republique d'Haiti and other entities considered to be "Specially Designated Nationals" of the de facto regime in Haiti.

The blocking provisions and the list of "Specially Designated Nationals" have been revised in keeping with Executive Order No. 12872 of October 18, 1993.

Banks receiving instructions for the unauthorized transfer of funds in which there is an interest of the Government of Haiti and/or of a "Specially Designated National" of Haiti, or holding or receiving any instrument whatsoever in which there is an interest of any of the foregoing, must freeze the funds on their own books or block the instrument, regardless of origin or destination and report the blocking within 10 days to the Compliance Programs Division of the Office of Foreign Assets Control. Blocked accounts in U.S. financial institutions must earn interest at commercially reasonable rates; funds are not to be held in instruments with a maturity exceeding 90 days. Setoffs or debits, of any kind, against blocked accounts are prohibited.

■ **IMPORTS** - Goods or services of Haitian origin may not be imported into the United States either directly or through third countries. Persons arriving in the U.S. from Haiti may, however, in addition to accompanied baggage, import household and personal effects of Haitian origin which were used by such persons abroad. The importation of publications and other informational materials and letter mail is also permitted, as are goods of Haitian origin, valued at not more than \$100, sent as gifts to persons in the U.S.

■ **EXPORTS** - No goods, services or technology may be exported to Haiti, either directly or indirectly; transshipments through the U.S. of goods destined for Haiti are prohibited. The only exceptions include publications and informational materials, medicine, medical supplies, rice, beans, sugar, wheat flour, milk, powdered milk, cooking oil, and edible tallow and donations of articles intended to relieve human suffering (such as food or clothing).

■ **ASSEMBLY SECTOR** - Specific licenses may be granted on a case by case basis to persons already engaged in assembly operations in Haiti, authorizing the export of the parts and materials they had been sending from the U.S. to Haiti and the importation into the U.S. of the finished products

containing those parts or materials. All such licenses that were issued and in effect as of August 31, 1993, are considered to be valid with the reimposition of the sanctions on October 18, 1993. Holders of such licenses need not file requests for renewal or reinstatement with FAC. Stringent reporting requirements apply. For further information, contact the Licensing Division of the Office of Foreign Assets Control at 202/622-2480.

■ **PAYMENTS** - No transfers may be made to the de facto regime in Haiti except into blocked accounts under U.S. jurisdiction. Pursuant to the Regulations and in order to be given proper credit once democracy has been restored to Haiti, U.S. persons owing money to actual Departments or Agencies of the Government of Haiti (such as taxes, fees, or utility charges) must make those payments into a special blocked account at the Federal Reserve Bank of New York or, by specific FAC license, escrow the funds on the corporate ledgers of the party owing the funds. Except as authorized, no U.S. person may grant or extend credits or loans to the Government of Haiti.

■ **VESSELS** - Any vessel that has called in a Haiti since the later of October 19, 1993, or the vessel's last date of call in the United States, is prohibited from entering into a U.S. port unless it can demonstrate that all calls in Haiti since that time were for transactions exempted from the prohibitions. Exempted transactions include those specifically licensed by the Office of Foreign Assets Control or authorized by a member state of the Organization of American States.

If you have information regarding possible violations of the Haitian Transactions Regulations, please call the Office of Foreign Assets Control at 202/622-2430.

The Treasury Department's Office of Foreign Assets Control also administers sanctions programs involving Libya, Iraq, North Korea, Cuba, Vietnam, Iran, the National Union for the Total Independence of Angola (UNITA), and the Federal Republic of Yugoslavia (Serbia and Montenegro), and restricts the involvement of U.S. persons in third country strategic exports. It has certain residual authority with regard to former sanctions against South Africa, Cambodia, and the deposed Noreiga regime in Panama. For additional information about the Haitian sanctions program, please contact:
