Notice 95-81

TO: The Chief Executive Officer of each member bank and others concerned in the Eleventh Federal Reserve District

SUBJECT

**Marginable Over-the-Counter Stocks
and Foreign Margin Stocks**

DETAILS

The Board of Governors of the Federal Reserve System has published a revised list of over-the-counter (OTC) stocks that are subject to its margin regulations, effective August 14, 1995. Also published is the List of Foreign Margin Stocks for foreign equity securities that meet the criteria in Regulation T. The foreign margin stocks listed are foreign equity securities eligible for margin treatment at broker-dealers.

The Board publishes a complete list four times a year, and the *Federal Register* announces additions to and deletions from the list. The complete list of OTC stocks as of August 14, 1995, is available from the Public Affairs Department of this Bank upon request. Included with the list is a listing of foreign margin stocks.

ATTACHMENT

Attached is a copy of the *Federal Register* announcement of revisions to the list of OTC stocks and revisions to the listing of foreign margin stocks as shown on pages 38948-52, Vol. 60, No. 146, dated July 31, 1995.

Marginable Over-the-Counter Stocks

and

Foreign Margin Stocks

four times a year by the Board. This document sets forth additions to and deletions from the previous OTC List. There are no additions to or deletions from the previous Foreign List.

EFFECTIVE DATE: August 14, 1995.

FOR FURTHER INFORMATION CONTACT: Peggy Wolffrum, Securities Regulation Analyst, Division of Banking Supervision and Regulation, (202) 452-2781, Board of Governors of the Federal Reserve System, Washington, D.C. 20551. For the hearing impaired only, contact Dorothea Thompson, Telecommunications Device for the Deaf (TDD) at (202) 452-3544.

SUPPLEMENTARY INFORMATION: Listed below are additions to and deletions from the OTC List, which was last published on April 24, 1995 (60 FR 20005), and became effective May 8, 1995. A copy of the complete OTC List is available from the Federal Reserve Banks.

The OTC List includes those stocks that meet the criteria in Regulations G, T and U (12 CFR Parts 207, 220 and 221, respectively). This determination also affects the applicability of Regulation X (12 CFR Part 224). These stocks have the degree of national investor interest, the depth and breadth of market, and the availability of information respecting the stock and its issuer to warrant regulation in the same fashion as exchange-traded securities. The OTC List also includes any OTC stock designated for trading in the national market system (NMS security) under rules approved by the Securities and Exchange Commission (SEC). Additional OTC stocks may be designated as NMS securities in the interim between the Board's quarterly publications. They will become automatically marginable upon the effective date of their NMS designation. The names of these stocks are available at the SEC and at the National Association of Securities Dealers, Inc. and will be incorporated into the Board's next quarterly publication of the OTC List.

There are no new additions, deletions or changes to the Board's Foreign List, which was last published on April 24, 1995 (60 FR 20005), and which became effective May 8, 1995. This notice serves as republication of that List with a new effective date of August 14, 1995. The Foreign List includes those foreign securities that meet the criteria in section 220.17 of Regulation T and are eligible for margin treatment at broker-dealers on the same basis as domestic margin securities. A copy of the complete Foreign List is available from the Federal Reserve Banks.

Public Comment and Deferred Effective Date

The requirements of 5 U.S.C. 553 with respect to notice and public participation were not followed in connection with the issuance of this amendment due to the objective character of the criteria for inclusion and continued inclusion on the Lists specified in 12 CFR 207.6 (a) and (b), 220.17 (a), (b), (c) and (d), and 221.7 (a) and (b). No additional useful information would be gained by public participation. The full requirements of 5 U.S.C. 553 with respect to deferred effective date have not been followed in connection with the issuance of this amendment because the Board finds that it is in the public interest to facilitate investment and credit decisions based in whole or in part upon the composition of these Lists as soon as possible. The Board has responded to a request by the public and allowed approximately a two-week delay before the Lists are effective.
