DETAILS

The Federal Reserve Bank of Dallas 1997 Directory of Product Codes and Fees is now available. The fees in the directory became effective January 2, 1997, and were previously announced in this Bank's Notice 96-114, dated November 1, 1996, and Notice 96-132, dated December 26, 1996.

Directory of Product Codes and Fees Survey

1. Once the directory is received by your institution, is it getting to the person who uses it in a timely manner?

2. What is the title(s) of the person(s) using the directory?

3. A few years ago, we published two smaller, separate directories: one with the product codes and one with the fees. Is the current directory, including the size, with the combined codes and fees more convenient and useful? If not, do you prefer the two smaller directories?

4. Is the directory user-friendly? If not, please tell us what can be done to make it user-friendly.

5. Do you feel that the directory is too detailed? If so, please explain why.

6. Please tell us anything else that will assist us in producing a more customer-oriented directory.

Thank you for your help. After completing the survey, please fax it to
