Notice 2000-60

TO: The Chief Executive Officer of each
financial institution and others concerned
in the Eleventh Federal Reserve District

SUBJECT

**Availability of the June 2000
Uniform Bank Performance Reports**

DETAILS

The Federal Financial Institutions Examination Council (FFIEC) has announced that the June 2000 Uniform Bank Performance Report (UBPR) is available for distribution and sale to the public. For the most part, the formats for the commercial banks and the Federal Deposit Insurance Corporation-insured savings banks (FDIC-ISB) are identical; however, the FDIC-ISB have unique UBPR peer groupings.

Several changes have been made to the UBPR to improve the analysis of banks that elect subchapter S treatment for taxes. Also, the method of calculating peer group data has been changed to a trimmed average, which may result in data changes.

The quarterly UBPR is designed for use by bank examiners, financial analysts, and bank managers. The report permits both summary and in-depth analysis of financial performance and trends for commercial banks as well as FDIC-ISB. Computer tapes of the UBPR data are available for the June 2000 edition.

In addition, the June 2000 versions of the UBPR Peer Group Ratio Distribution Report and the UBPR State Average Ratio Distribution Report are available. These reports provide users with a complete ratio distribution ranging from the 1st through the 99th percentile for all UBPR ratio values. The ratio values are presented for each UBPR group, using the same definitions used in the UBPR.

The User's Guide for the UBPR, revised March 1999, and details regarding changes to the UBPR are available at <http://www.ffiec.gov>.
