TO: The Chief Executive Officer of each financial institution and others concerned in the Eleventh Federal Reserve District

SUBJECT

Adjustment of the Dollar Amount that Triggers Regulation Z

DETAILS

The Board of Governors of the Federal Reserve System has published a final rule amending the staff commentary that interprets the requirements of Regulation Z (Truth in Lending). The Board is required to annually adjust the dollar amount that triggers requirements for certain mortgages bearing fees above a certain amount.

The Home Ownership and Equity Protection Act of 1994 sets forth rules for home-secured loans in which the total points and fees payable by the consumer at or before loan consummation exceed the greater of $400 or 8 percent of the total loan amount. In keeping with this statute, the Board has annually adjusted the $400 amount based on the annual percentage change reflected in the Consumer Price Index that is in effect on June 1. Effective January 1, 2001, the amount will be adjusted to $465.

12 CFR Part 226

[Regulation Z; Docket No. R–1089]

Truth in Lending

AGENCY: Board of Governors of the Federal Reserve System.

ACTION: Final rule; staff commentary.

SUMMARY: The Board is publishing a final rule amending the staff commentary that interprets the requirements of Regulation Z (Truth in Lending). The Board is required to adjust annually the dollar amount that triggers requirements for certain mortgages bearing fees above a certain amount. The Home Ownership and Equity Protection Act of 1994 (HOEPA) sets forth rules for home-secured loans in which the total points and fees payable by the consumer at or before loan consummation exceed the greater of $400 or 8 percent of the total loan amount. TILA and Regulation Z provide that the $400 figure shall be adjusted annually on January 1 by the percentage change in the Consumer Price Index (CPI) that was reported on the preceding June 1. (15 U.S.C. 1602(aa)(3) and 12 CFR 226.32(a)(1)(ii)). The Board adjusted the $400 amount to $451 for the year 2000. The Bureau of Labor Statistics publishes consumer-based indices monthly, but does not “report” a CPI change on June 1; adjustments are reported in the middle of each month. The board uses the CPI–U index, which is based on all urban consumers and represents approximately 80 percent of the U.S. population, as the index for adjusting the $400 figure. The adjustment to the CPI–U index reported by the Bureau of Labor Statistics on May 15, 2000, was the CPI–U index “in effect” on June 1, and reflects the percentage increase from April 1999 to April 2000. The adjustment to the $400 figure below reflects a 3.1 percent increase in the CPI–U index for this period and is rounded to whole dollars for ease of compliance.

II. Adjustment and Commentary Revision

For the reasons set forth in the preamble, for purposes of determining whether a mortgage transaction is covered by 12 CFR 226.32 (based on the total points and fees payable by the consumer at or before loan consummation), a loan is covered if the points and fees exceed the greater of $465 or 8 percent of the total loan amount, effective January 1, 2001. Comment 32(a)(1)(ii)–2, which lists the adjustments for each year, is amended to reflect the dollar adjustment for 2001. Because the timing and method of the adjustment is set by statute, the Board finds that notice and public comment on the change are unnecessary.

III. Regulatory Flexibility Analysis

The Board certifies that this amendment will not have a substantial effect on the regulated entities because the only change is to raise the exemption level for transactions requiring HOEPA disclosures.
