**Notice 01-24**

**TO:** The Chief Executive Officer of each  
financial institution and others concerned  
in the Eleventh Federal Reserve District

**SUBJECT**

**A Guide to CRA Data  
Collection and Reporting**

**DETAILS**

The Federal Financial Institutions Examination Council (FFIEC) announced the publication of *A Guide to CRA Data Collection and Reporting* (the CRA Data Guide) on its web site at <http://www.ffiec.gov/cra>. In response to requests and inquiries from institutions required to report CRA data, the FFIEC developed the CRA Data Guide as a resource for institutions as they prepare to report the data for future reporting periods.

The CRA regulations generally require the annual reporting of data on small business, small farm, and community development lending by independent commercial banks and savings associations having assets of \$250 million or more. Commercial banks and savings associations of any size are also generally subject to the reporting requirements if owned by a holding company having total banking and thrift assets of \$1 billion or more.
