**SUBJECT**

**Availability of the March 2001  
Uniform Bank Performance Reports**

**DETAILS**

The Federal Financial Institutions Examination Council (FFIEC) has announced that the March 2001 Uniform Bank Performance Report (UBPR) is available for distribution and sale to the public. For the most part, the formats for the commercial banks and the Federal Deposit Insurance Corporation-insured savings banks (FDIC-ISB) are identical; however, the FDIC-ISB have unique UBPR peer groupings.

The quarterly UBPR is designed for use by bank examiners, financial analysts, and bank managers. The report permits both summary and in-depth analysis of financial performance and trends for commercial banks as well as FDIC-ISB. Computer tapes of the UBPR data are available for the March 2001 edition.

In addition, the March 2001 versions of the UBPR Peer Group Ratio Distribution Report and the UBPR State Average Ratio Distribution Report are available. These reports provide users with a complete ratio distribution ranging from the 1st through the 99th percentile for all UBPR ratio values. The ratio values are presented for each UBPR group, using the same definitions used in the UBPR.

The User's Guide for the UBPR, revised March 1999, is available at [www.ffiec.gov](http://www.ffiec.gov).

## General Information

The Uniform Bank Performance Report (UBPR) is an analytical tool created for bank supervisory purposes. In a concise format, it shows the impact of management decisions and economic conditions on a bank's performance and balance-sheet composition and is produced for each insured commercial bank and FDIC insured savings bank (Insured Bank) in the United States. The UBPR is computer-generated from the FDIC data base, contains several years worth of data, and the data is presented in ratio, percentage, and dollar formats.

Data printed on the Bank Report hard copies are available on tape in bulk format for all banks, peer groups and state averages. These tapes may be of use to requestors who wish to select or analyze data for large numbers of banks or peer groups. A typical UBPR edition would include a maximum of 17 tapes: eight unique tapes for bank data, eight unique tapes for bank rank data, and one tape for peer group and state average data. For ordering call:

John Smullen, FFIEC  
202-872-7500

### Data Formats

The typical UBPR format consists of the following:

- *Year-End*—Five consecutive year-end periods (e.g., December 1994 through December 1998).
- *Non-Year End*—Current period, one-year ago from the current period, and three year-end periods (e.g., June 1998, June 1997, December 1996, December 1995 and December 1994).

### Data Types

The typical UBPR Publication presents three types of data for each of five periods:

#### Bank-Level Ratio and Dollar Values

The source of all bank financial data in all of the UBPR publications is the FFIEC Call Reports, which are filed on a calendar quarter basis.

#### Peer Group Averages

The UBPR system classifies insured commercial banks into 25 unique Peer Groups and FDIC insured savings banks into four unique

Peer Groups to show how a group of banks with similar characteristics has performed (both groups have national figures). This information can be used as a benchmark to assess an individual bank's asset and liability structure, earnings level and off-balance sheet exposure.

### Bank Percentile Ranks

Based on the UBPR Peer Groups, the UBPR system ranks each bank ratio within each Peer Group in an ascending order. The resulting percentile rank, ranging from 0 to 99, provides the user an institution's relative position within its UBPR peer group for each measure.

### UBPR Data Availability

Each quarter, approximately 90 days after the Call Report date, each Insured Bank will automatically receive a copy of its own UBPR Bank Report free of charge. If you have misplaced your bank's UBPR Bank Report an additional copy may be purchased (through the FDIC Disclosure Group). In addition, you may also purchase the Bank Report on your competitors or any other UBPR product by using the order form in this guide.
