## President Bullard at ECB Forum on Central Banking

**June 19, 2018**

In Sintra, Portugal, St. Louis Fed President James Bullard presented [The Case of the Disappearing Phillips Curve](#) during a panel at the ECB Forum on Central Banking. The panel, titled Macroeconomics of Price- and Wage-Setting, also included Kristin J. Forbes (Massachusetts Institute of Technology), Philip R. Lane (Central Bank of Ireland) and Charles Wyplosz (Graduate Institute of International and Development Studies, Geneva); it was chaired by Peter Praet (European Central Bank).

*President Bullard begins speaking around 19:15.*
