On Absecon Island, north and south house numbers begin from the ocean front and run up the island and are numbered per block. East and west house numbers begin at the island end and run inland per block to the water. Bridge street and main numbers on Pacific, Atlantic and Absecon streets may be found on the attached booklet which also gives the new information for Shore Road on the Atlantic.

On Absecon and Brigantine islands, numbered streets are usually shown on the map. On Brigantine, the streets are numbered as follows: 1000, 2000, 3000, 4000, 5000, 6000, 7000, 8000, 9000, 10000.
