Business was presented and disposed of as follows:

(At this point Mr. J. Z. Miller joined the meeting and submitted resolution adopted by the Board of Directors of the Federal Reserve Bank of Kansas City on January 22d, directing him to place before the Federal Reserve Board the great necessity for beginning construction of the proposed new bank building for that Bank at the earliest possible moment, and thereupon withdrew from the meeting).

Memorandum by Mr. Hoxton dated February 20th, submitting for approval, proposed inter-Federal Reserve district time schedule, and letter of transmission to be sent to the Governors of all Federal Reserve banks.

Approved.
On motion duly seconded it was voted that in order to prevent any possible misconstruction of the attitude of the Board in connection with the par point campaign, the State Bank Membership Committee of the Board be instructed that for the time being the Board desires that it discontinue its activities, and to leave in the hands of the Federal Reserve banks themselves the matter of procuring additional State bank members.

The Governor reported that he had given consideration to the question of the proper charges to be imposed by member banks on their customers as contemplated by Section 16 of the Federal Reserve Act, and requested approval of the transmission by him to all Federal Reserve banks of a letter advising them that the Board is prepared to approve such charges on the basis of interest at the rate of 6½ per annum for the actual time in transit of the item on which charges are imposed, basing time schedule on the State basis.

The Governor stated that it was customary for the Board to make four calls for reports of condition of State member banks during each calendar year, and that it was the wish of the Board's Statistician that the call heretofore made during March be not made this year by reason of pressure of business in the Statistical Department, such call to be deferred until May, 1920.
