Upon motion, the question of discontinuing the Division of Architecture was referred to the Executive Committee with power.

The minutes of the meeting of the Federal Reserve Board held on December 17th were read and approved as amended.

The chair then stated that the special order of business was Mr. Miller's motion to reconsider the action of the Board at the meeting yesterday in disapproving the applications of the Bank of Italy for permission to establish branches at Watsonville, Long Beach and Santa Maria, California.

Mr. James inquired whether the Board was aware of the correspondence between Governor Harding and the Bank of Italy in January, 1922, which he had inserted in the minutes yesterday, and Mr. Miller explained that the Board was cognizant of the correspondence, and, as a matter of fact, that he was the author of the conditions imposed upon the Bank of Italy as contained in Governor Harding's letter.

Mr. Miller's motion to reconsider action taken on the above mentioned applications of the Bank of Italy being put by the chair, was carried, the members voting as follows:

  Governor Crissinger, "aye"
  Mr. Platt, "aye"
  Mr. Hamlin, "aye"
  Mr. Miller, "aye"
  Mr. James, "no"
  Mr. Cunningham, "no"
  Mr. Dawes, "no"
Thereupon, the application of the Bank of Italy for permission to take over the Bank of Watsonville and the Watsonville Savings Bank and to convert them into a branch of the Bank of Italy at Watsonville, was reconsidered and Mr. Hamlin moved approval of the application.

Mr. Hamlin's motion being put by the chair was carried, the members voting as follows:

Governor Crissinger, "aye"
Mr. Platt, "aye"
Mr. Hamlin, "aye"
Mr. Miller, "aye"
Mr. James, "no"
Mr. Cunningham, "no"
Mr. Dawes, "no"

The application of the Bank of Italy for permission to take over the American Savings Bank and the Golden State Bank, both of Long Beach, California, and to convert them into branches of the Bank of Italy, was reconsidered and Mr. Platt moved approval of the application.

Mr. Platt's motion being put by the chair was carried, the members voting as follows:

Governor Crissinger, "aye"
Mr. Platt, "aye"
Mr. Hamlin, "aye"
Mr. Miller, "aye"
Mr. James, "no"
Mr. Cunningham, "no"
Mr. Dawes, "no"

The application of the Bank of Italy for permission to establish a branch de novo at Santa Maria was considered and Mr. Hamlin moved ap-
Proval of the application.

Mr. Hamlin's motion being put by the chair was lost, the members voting as follows:

Governor Crissinger, "no"
Mr. James, "no"
Mr. Cunningham, "no"
Mr. Dawes, "no"
Mr. Platt, "aye"
Mr. Hamlin, "aye"
Mr. Miller, "aye"

In explanation of his affirmative vote on the Bank of Italy applications Mr. Miller stated that some of those who had voted "no" yesterday against the applications had so voted not because an "aye" vote would have contravened the intent and principle of the branch bank resolutions of November 7th, but for the reason that the Bank of Italy had violated the terms of an earlier agreement with the Board regarding the conditions which should govern the acquisition of stock ownership in banks. It appears that in the absence of such violations the Bank of Italy's applications would have been favorably reported and recommended by the Committee on Branch Banks and would have been granted by the Board in general pursuit of the course which a majority of the Board has followed since the adoption of the resolutions of November 7th.

Mr. Miller stated that he believed that a consistent application of the resolutions of November 7th as hereinbefore interpreted by the Board's Committee on Branches and by a majority of the Board required that in all fairness the present applications of the Bank of Italy should be granted. To deny them as a punitive measure on the ground that the Bank of Italy had been guilty of a violation of an earlier agreement with the Board would be an
extreme measure and moreover one which would have little meaning as regards the future in view of the fact that the gate for the admission of branches would be automatically closed after February 1, 1924.

It was Mr. Miller's opinion that the Board should be extremely careful in view of all the complicated questions of equity of treatment entering into the problem of branch banking in California to pursue a course under the resolutions of November 7th which would not give any ground for the allegation of unfair discrimination or favoritism in the treatment of the application of different California banks. The establishment of a definite date by the Board after which the door for the admission of branches would be automatically closed had given an altogether different complexion to the administrative problem with which the Board would be concerned in acting upon branch bank applications from what it had had in the past.

Governor Crissinger and Mr. Hamlin called attention to the explanation of their votes made at the meeting on yesterday.

The Governor stated that the charge had been made by a member of the Board that the Bank of Italy has violated the rules of the Board and a contract made with the Board, and that to his mind the matter should be referred to the Law Committee for the preparation of a resolution forfeiting its membership, and requesting action.

No motion on this matter was offered.

Letter dated December 4th, from the President of the Security Trust and Savings Bank of Los Angeles regarding the policy recently adopted
by the Board with respect to the establishment of branches by members of
the Federal Reserve System, and requesting approval of the program of that
bank for the establishment of city branches, for the present not to exceed
25 in number; said branches to be established from time to time as permits
are granted by the Superintendent of Banks and satisfactory arrangements
can be made for suitable locations which will probably require a year or
two to complete, and approval of the plan of the bank for the establishment
of branches in a number of contiguous and non-contiguous cities and towns
in the metropolitan district surrounding Los Angeles.

Mr. Hamlin moved:

"That the Secretary be instructed to acknowledge
receipt of Mr. Sartori's letter and inform him that
applications which are or may be filed with reference
to the city of Los Angeles are not affected by the
time limit set in the resolutions of November 7th,
and that applications for all other branches may be
filed before February 1, 1924, in the regular manner."

Mr. Hamlin's motion being put by the chair was unanimously
carried.

Report of the Committee on Examinations on the matter referred to it
at the meeting on December 17th, namely, letter dated December 15th from
the Federal Reserve Agent at Atlanta transmitting and recommending approval
of the application of the Farmers Bank of Pelham, Georgia, for permission
to take over the Bank of Sale City, Georgia, and operate it as a branch,
the Committee recommending approval and stating that the proposed merger
will strengthen the smaller institution materially and that it sees no
objection to granting the application.

Upon motion, the report of the Committee on Examinations was approved, Governor Crissinger voting "no", and stating that the Pelham bank is not, in his opinion, in strong enough condition to have a branch.
