A meeting of the Federal Reserve Board was held in the office of the Federal Reserve Board on Thursday, January 10, 1924, at 11:20 a.m.

PRESENT: Governor Crissinger, Mr. Platt, Mr. Hamlin, Mr. Miller, Mr. James, Mr. Cunningham, Mr. Noell, Assistant Secretary

The minutes of the meeting of the Federal Reserve Board held on the morning of January 9th were read and approved as amended.

The minutes of the meeting of the Federal Reserve Board held on the afternoon of January 9th were read and approved.

Letter dated January 8th, from the Federal Reserve Agent at Chicago on the subject "Examination of State Member Banks in the state of Iowa". Referred to Committee on Examinations.

Memorandum dated January 7th, from General Counsel on the subject, "Provision for Attorneys' Fees in case notes are not paid at Maturity". Ordered circulated.

The Committee on Examinations reported on the matter referred to it at the meeting on December 15th, namely, letters addressed to the Federal Reserve Agent at Boston by Congressman Burdick and O'Connell of Rhode Island and the President of the Industrial Trust Company of Providence, Rhode Island, protesting against the Board's resolutions of November 7th on the subject of branch banking; the Committee submitting a majority report signed by Messrs. James and Dawes and a minority report signed by Mr. Platt which follow:
Majority Report.

"The Committee suggests that the correspondence be sent back to Chairman Curtiss for his files, with perhaps a letter from the Board advising Mr. Curtiss to call attention of the protesting gentlemen to the fact that the Board in defining the policy for the System must necessarily attempt to follow the democratic principle of the greatest good to the greatest number.

While regretting the possibility of a hardship on some state member banks in Rhode Island, the Committee does not see any justification in that situation for a revision of its policy at this time."

Minority Report.

"In view of the fact that the metropolitan area about the city of Los Angeles comprises about as many square miles as the whole State of Rhode Island, the city of Los Angeles alone having an area of 391.63 square miles, and in view also of the fact that 97 percent of the population of Rhode Island is classed by the census as urban, and that no town in the State is more than an hour from Providence, with the possible exception of Block Island, I suggest that Mr. Curtiss be informed that for purposes of branch banking the whole of Rhode Island may be considered as contiguous to Providence, and therefore not affected by the Board's resolution of November 7th."

Mr. Hamlin moved, as recommended in the minority report, that the whole of the State of Rhode Island be considered as territory contiguous to the city of Providence.

Mr. Hamlin's motion being put by the chair was lost, the members voting as follows:

Mr. Miller, "no"
Mr. James, "no"
Mr. Cunningham, "no"
