Letter dated June 3rd from the Governor of the Federal Reserve Bank of New York, requesting advice as to the attitude of the Board on action taken at the meeting of the Open Market Committee held on May 29th.

Upon motion, it was voted that Governor Strong be advised that the action reported in his letter is in accordance with the understanding of the Board, making it clear that the banks are authorized to purchase through the Committee up to $400,000,000 of short time government obligations, and that the Board should be advised when that is done.

Mr. Platt moved that the Federal Reserve Agent be advised that the Board sees no reason for refusing to admit the trust company and that he should forward its application, with any further reasons he may have for disapproving it, and with information as to whether the ownership of the trust company and the First National Bank is the same.
