Memorandum dated September 3rd from the Secretary, approved by Mr. James, suggesting that there be placed on the programs for the forthcoming conferences of Governors and Federal Reserve Agents, the motion made by Mr. James at the meeting on September 2nd - "That, following the convention of the American Bankers' Association to be held in Atlantic City this fall, the Federal reserve banks discontinue the practice of displaying exhibits at such conventions".

After discussion, the matter was ordered placed on the conference programs.

Draft of letter to the Chairmen of all Federal reserve banks advising of the ruling adopted by the Board at the meeting on August 26th that leaves of absence with salary for officers and employees of Federal reserve banks should never be granted for periods of more than three months.

Thereupon ensued a discussion as to the advisability of the ruling in question, which was followed by a discussion of the further action taken by the Board on August 26th when it voted that applications for leaves in excess of two months shall be approved only on the affirmative vote of five members of the Board, and of the advisability of amending the by-laws of the Board to include this provision and other provisions informally suggested requiring the affirmative vote of five members on various other matters frequently considered by the Board.

Following the discussion, Mr. McIntosh moved that the ruling of the Board regarding leaves of absence to officers and employees of Federal reserve banks be referred to a special committee to be appointed by the Governor for the purpose of recommending to the Board a general revision of its by-laws. Carried.

The Governor designated Messrs. Miller, James and Platt as members of the special committee.
Memorandum dated September 8th from the Committee on Salaries, Expenditures and Efficiency, submitting drafts of circular letters to all Governors and all Federal Reserve Agents transmitting summaries of replies received to the Board’s letters of June 4, 1925 with which each Governor and Agent was furnished with a copy of the report of the sub-committee appointed to study the bank examination and credit functions of the Federal reserve banks; the letter to the Federal Reserve Agents requesting consideration of the bank examination portion of the report at the forthcoming conference of Federal Reserve Agents and that to the Governors requesting consideration of the credit portion at their forthcoming conference.

After discussion, Mr. Miller moved disapproval of the application.

Mr. Miller’s motion being put by the chair was carried, the members voting as follows:

Mr. Miller, "aye"
Mr. James, "aye"
Mr. Cunningham, "aye"
Governor Crissinger, "no"

Draft of letter to the Federal Reserve Agent at Cleveland advising of the Board's action of August 25th in disapproving the application of the Commercial Savings Bank and Trust Company of Toledo, Ohio, for permission to establish a branch at the intersection of Detroit, Delaware and Hollywood Avenues, Toledo.

Approved.

Mr. Miller then moved that the Division of Research and Statistics, in collaboration with Professor Sprague, investigate and report to the Board what changes in the ratios of capital and capital assets to current liabilities have taken place with respect to member banks of the Federal Reserve System, the causes for same, and what, if any, recommendations they may see fit to make.

Carried.
Drafts of letters, prepared in accordance with action taken at the meeting on August 26th, to the Governor of the Federal Reserve Bank of Cleveland and to Messrs. Cramer and Gordon of Cincinnati, with respect to the latter's request for information regarding the purchase by the Federal Reserve Bank of the building site at 4th and Race Streets, Cincinnati, recently sold by it.

The Governor stated that he expected to visit Cleveland next week and at his suggestion, he was authorized to take the matter up informally with the Federal Reserve Bank of Cleveland before the above letters are transmitted.

Memorandum from Counsel dated August 29th, with reference to the application of Mr. Barron G. Collier for permission to serve at the same time on the directorates of the National American Bank, the Empire Trust Company and the Cosmopolitan Bank, all of New York City, which was refused by the Board on June 9, 1925 as to the National American Bank and the Empire Trust Company, branches of which were believed to be in competition; Counsel stating that evidence since submitted disclosed that the two institutions are not in substantial competition and recommending that the Board approve the application.

Upon motion, it was voted to reconsider the Board's action of June 9th and to approve Mr. Collier's application for permission to serve at the same time as Director of the National American Bank, the Empire Trust Company and the Cosmopolitan Bank, all of New York City.

The Secretary then called attention to the fact that the Board had not yet advised the Federal Advisory Council of the topics it wishes considered at the meeting of the Council to be held on September 21st.
Mr. Miller suggested that the Board request the Council to come prepared to present a careful survey of business, credit and other related developments since the May meeting of the Council and advise that it desires a thorough going discussion of all factors bearing upon the discount and open market policies of the Federal Reserve banks and recommendations with respect to these matters covering the remaining months of the year.

Mr. James suggested that the Council be requested to consider the cause and effect of the present trend toward lower ratios of capital assets to current liabilities in the banking institutions of the country.

The Secretary then called attention to the fact that the Council had requested copies of the report of the Committee on Voluntary Services replying to the brief of the American Bankers Association Committee on Collection of Non-Cash Items by Federal Reserve Banks and was instructed to furnish the Council with copies of the report.

The Secretary then reported that replies had been received to the Board's telegrams to all Federal Reserve Agents and to the Secretary of the Governors' Conference regarding the fall conferences and that a majority of both the Governors and Federal Reserve Agents had expressed their agreement with the suggestion of the Board that a separate Federal Reserve Agents' Conference be held in Washington on October 29th, 30th and 31st and a separate Governors' Conference on November 2nd, 3rd and 4th, to be followed immediately by a joint conference of Governors and Federal Reserve Agents.

Upon motion, the above dates were formally approved by the Board and the Secretary was instructed to submit to the Board a list of the topics which have thus far been ordered placed on the conference programs.

The Secretary then reported that Dr. Stewart and Professor Sprague wish to confer with the Board regarding the report of the Federal Reserve
Agents Committee on Reserves, and upon motion it was voted that the conference be held on Friday morning at 10:30 o'clock.

Mr. Miller then suggested that some time during the week the Board invite Professor Sprague to come before it and inform the Board of the impressions gained by him during his recent visit to the Federal reserve banks. He also suggested that Dr. Stewart be requested to come before the Board for the purpose of reporting on his recent European trip.

Letter dated August 25th from the Federal Reserve Agent at San Francisco, transmitting and commenting on a letter from the President of the American Bank of San Francisco, requesting a hearing with reference to the Board's action in disapproving that bank's application for permission to purchase the Bank of Alameda and to establish branches in its premises.

Mr. Miller moved that the bank's request be granted and that the hearing be held on a date to be fixed by the Governor.
