Letter dated April 12th from the Federal Reserve Agent at Chicago, with reference to application filed by the Grand and Sixth National Bank,
Milwaukee, Wis. for a reduction in reserve requirements from 10% to 7% on demand deposits; the Agent advising that the bank is but three blocks distant from the busiest corner in Milwaukee and can in no sense be considered an outlying bank, and further, that he has advised the institution that he can not recommend granting the application but will forward same to the Board for consideration if the bank desires.

Noted.

Letter dated April 7th from the Federal Reserve Agent at Chicago, suggesting consideration by the Board of the advisability of having banks withdrawing from the Federal Reserve System return their certificates of membership.

Letter dated April 10th from the Federal Reserve Agent at Chicago, replying to the Board's letter of April 8th with reference to the appointment of Mr. Arthur L. Olson as Assistant Secretary to the board of directors; the Agent stating that he himself made the recommendation for Mr. Olson's appointment, although he is in full agreement with the expressions contained in the Board's letter, and requesting that the appointment be permitted to stand for the present, for the reason that as soon as he can secure and appoint competent additional help in his office the appointment of Mr. Olson will probably be rescinded, as he recognizes that, as a settled practice, the appointment of the Governor's confidential secretary is not in accord with the Board's "Outline of Organization".

Noted, without objection.
Letter dated April 7th from the Federal Reserve Agent at Chicago, advising that Mr. Harry Olmstead who is resigning as Assistant Federal Reserve Examiner and had anticipated making his resignation effective about April 15th, has consented to defer the date of his resignation for the purpose of joining with the State Banking Department in a credit investigation of the Bank of Detroit, at the conclusion of which his resignation will become effective.

Schrader, Acting Assistant Federal Reserve Agent at the Detroit Branch will shortly be filed with him, effective June 1st or possibly sooner; the Agent stating it will not be necessary to appoint another Acting Assistant Federal Reserve Agent at the Branch if some person now there can be authorized to receive, receipt for, and deliver Federal Reserve Notes for the Federal Reserve Agent or in his name, and to act in that capacity during the absence or disability of the Assistant Federal Reserve Agent, this procedure having been followed at the Chicago bank in the designation of Mr. Glenn Kirk to act for the Agent as described above.

Upon motion, the Vice Governor was requested to advise Mr. Heath that there will be no difficulty in securing from the Board the authority desired, when he is prepared to recommend an employee of the Branch to perform the duties in question.

Draft of reply to letter dated April 6th from the President of the Lincoln Bank and Trust Company, Louisville, Ky. inquiring whether the reserves
of a member bank must be intact on the date on which a dividend is declared or on the date on which the dividend is paid in order to comply with the provisions of Section 19 of the Federal Reserve Act; the proposed letter stating that the date of payment of the dividend is the date upon which the required reserve balance must be intact in order to comply with the provisions of law, but calling attention to the fact that the law contemplates the continued maintenance of the required reserve at all times.

Upon motion, the proposed letter was approved.

Upon motion, the proposed letter was approved.

Memorandum from Counsel submitting draft of reply to letter dated April 10th from the Federal Reserve Agent at Chicago, advising that the First State Bank of Carsonville, Michigan, has reduced its capital from $25,000 to $20,700, which is less than the capitalization required for membership save in the case of banks admitted under the amendment of March 4, 1923; Counsel submitting draft of a proposed letter to the Federal Reserve Agent at Chicago, setting forth several courses of procedure which the Board may adopt, including steps for the forfeiture of the banks' membership in the Federal Reserve System, and requesting a definite recommendation from him.

Upon motion, the proposed letter was approved.

Letter dated April 6th from the Hanovia Chemical and Manufacturing Company of Newark, N. J. submitting a complaint with reference to the manner in which non-cash collections of that company are handled by the Federal Reserve banks, particular reference being made to the collection
of a note given the company by a physician in West Virginia which was sent to the Charleston National Bank, Charleston, West Virginia, rather than to the Kanawha Valley Bank of Charleston at which the notes were made payable.

Upon motion, it was voted that the Vice Governor should communicate regarding the above matter with the Federal Reserve Bank of Richmond through whom the specific transaction referred to was handled.
