A meeting of the Executive Committee of the Federal Reserve Board was held in the office of the Vice Governor on Thursday, June 24, 1926 at 10:30 a.m.

PRESENT: Vice Governor Platt
Mr. Hamlin
Mr. James
Mr. Eddy, Secretary
Mr. McCleland, Asst. Secretary

Mr. James stated that Mr. Jay, Chairman of the Federal Reserve Bank of New York, had called him over the telephone and stated that he wished to meet with the Board on Friday, with reference to some adjustments in salaries of employees of that bank. Mr. James stated he had advised Mr. Jay that a quorum of the Board would not be present tomorrow but that Mr. Jay stated he desired to come to Washington regardless.

The Vice Governor then presented to the Board the following telegram from the Deputy Governor of the Federal Reserve Bank of Atlanta dated June 22nd:

"Eddy

Receipt acknowledged your wire this date advising postponement of hearing.

Mr. Platt then presented application of the Farmers State Bank of Palouse, Palouse, Washington, for membership in the Federal Reserve System for 18 shares of stock in the Federal Reserve Bank of San Francisco. Upon motion by Mr. James, it was voted that action on the application be deferred for a period of six months.

Letter dated June 21st from Mr. J. H. Case, Acting Chairman of the Open Market Investment Committee, requesting approval by the Board of the action of the Committee at its recent meeting in voting to adopt a recommendation of the Governor of the Federal Reserve Bank of Chicago that the Federal Reserve banks extend the repurchase agreement practice with recognized dealers in government securities to include Third Liberty Loan Bonds, which mature September 15, 1928 and now have only a little more than two years to run; the letter stating that the volume of United States Treasury Certificates and notes outstanding has been greatly reduced and it would seem proper to increase the volume of short-term securities which dealers can borrow on from Federal Reserve banks by the addition of the Third Liberty Loan Bonds.

After discussion, upon motion by Mr. James, it was voted that the Committee should recommend to the Federal Reserve Board approval of the action of the Open Market Investment Committee and that the Acting Chairman of the Committee should be advised accordingly.

Letter dated June 22nd from the Federal Reserve Agent at Atlanta, enclosing newspaper clippings with respect to the absorption by the City National Bank and Trust Company, Miami, Fla., of the Commercial Bank and Trust Company and the Miami Bank and Trust Company, both of the same city.

Memorandum dated June 23rd from the Fiscal Agent, submitting an estimate
of expenses of the Federal Reserve Board for the last six months of 1926, and
recommending that an assessment of eleven hundredths of one percent (0.0011)
of the total paid-in capital stock and surplus of the Federal Reserve banks,
as of the close of business June 30, 1926, be levied.

Upon motion, the following resolution was unanimously adopted:

"Whereas, under Section 10 of the act approved December 23, 1913,
and known as the Federal Reserve Act, the Federal Reserve Board is em-
powered to levy semi-annually upon the Federal reserve banks in propor-
tion to their capital stock and surplus an assessment sufficient to
pay its estimated expenses, including the salaries of its members, ass-
sistants, attorneys, experts and employees for the half-year succeeding
the levying of such assessment, together with any deficit carried for-
ward from the preceding half-year; and

Whereas, it appears from estimates submitted and considered that it
is necessary that a fund equal to eleven hundredths of one per cent of
the total paid-in capital stock and surplus of the Federal reserve banks
be created for the purpose hereinbefore described, exclusive of the cost
of engraving and printing of Federal reserve notes; Now, therefore,

Be it resolved, That pursuant to the authority vested in it by law,
the Federal Reserve Board hereby levies an assessment upon the several
Federal reserve banks of an amount equal to eleven hundredths of one
per cent of the total paid-in capital and surplus of such banks as of
June 30, 1926, and the Fiscal Agent of the Federal Reserve Board is
hereby authorized to collect from said banks such assessment and execute,
in the name of the Board, receipts for payments made. Such assessments
will be collected in two installments of one-half each; the first install-
ment to be paid July 1, 1926, and the second half on September 1, 1926."
