Memorandum from Counsel, dated November 22nd, on letter dated November 20th from the Cashier of the National City Bank of New York, requesting permission of the Federal Reserve Board under the last paragraph of Section 25 of the Federal Reserve Act for Mr. H. T. S. Green to serve at the same time as Vice President of the National City Bank and as President, General Manager and director of the International Banking Corporation; Counsel stating that inasmuch as the National City Bank has invested in stock of the International Banking Corporation the requirements of Section 25 are complied with, and he knows of no legal reason why the Board should not grant the request made on behalf of Mr. Green.

Upon motion, it was voted to permit Mr. Green to serve at the same time the two institutions referred to.

At this point, Mr. Wyatt entered the meeting and stated that the Board today received from Messrs. Shearman and Sterling, attorneys for the National City Bank of New York, an application on behalf of that bank for permission to establish a branch in the Philippine Islands, with its main office in Manila and with a sub-branch, agency or office in Cebu. He discussed with the Board certain complications in the way of Philippine law and stated that there might be complications because of policies of the War Department of the United States, in view of which the Board might not
wish to comply with a request of the National City Bank for immediate action on its application.

Following the discussion, Mr. Miller moved that before the Board acts on the application, the Governor address a letter to the Secretary of War advising of the receipt of the application, and stating that before acting upon it the Board requests that it be advised whether the establishment of a branch in the Philippine Islands by a national bank would in any way contravene the laws of the Philippine Islands, or whether he knows of any consideration of policy which would render the granting of such application inadvisable at this time.

Mr. Miller's motion being put by the Chair was carried.

The Governor then submitted draft of a reply to telegram dated November 24th from the Chairman of the Federal Reserve Bank of Chicago, advising that the First National Bank of Britt, Iowa, which cast a vote in the present election of directors, has since closed and inquiring whether this ballot should be counted; the proposed reply stating that every ballot cast in accordance with the law by a member bank which was a going concern at the time the vote was cast must be counted, and no change in the status of the member bank which takes place subsequent to the casting of the ballot can affect the legality of such ballot.

Upon motion, the proposed reply was approved.

Memorandum from Counsel dated November 18th submitting draft of reply to letter from Mr. W. D. Woolwine, with reference to his service upon the directorates of the Merchants National Trust and Savings Bank, The California Bank, and the Security Trust and Savings Bank, all of Los Angeles, California; the proposed reply stating that if he desires to continue upon these three
directorates it will be necessary for him to make a new application to the Federal Reserve Board.

Upon motion, the proposed letter was approved.

Letter dated November 22nd from the Assistant Federal Reserve Agent at Cleveland, transmitting request of the Union Trust Company of Cleveland for an additional extension of six months from November 17th in the period in which it may open the branch at Altoona Avenue and Pearl Road, Cleveland, approved by the Board on November 17, 1925.

Thereupon ensued a discussion, during which certain members of the Board expressed the opinion that a further extension should not be granted the bank, but that when prepared to open the branch it should submit a new application for permission to do so.

Following the discussion, Mr. Platt moved that the Board grant the extension requested.

Mr. Platt's motion, being put by the Chair, was lost, the members voting as follows:

Governor Crissinger, "no"
Mr. Miller, "no"
Mr. Cunningham, "no"
Mr. Platt, "aye"
Mr. Hamlin, "aye"

Thereupon ensued a discussion of the condition recommended by the Board's committee, following which it was voted that the proposed condition be referred to the Comptroller of the Currency for comment.

Report of Committee on Examinations dated November 24th, recommending approval of an application filed by the First National Bank of Albany, N. Y. on behalf of the First Bank of Albany, for membership in the Federal Reserve System and for 600 shares of stock in the Federal Reserve Bank of New York, and application on behalf of the First Bank of Albany, when organized, to absorb the Albany Trust Company, a non-member bank; the Committee recommending approval of both applications; that for membership subject to the regular conditions contained in the Board's Regulation "H" and the further condition that immediately upon the incorporation of the First Bank of Albany, its board of directors shall pass a resolution ratifying the action of the First
National Bank in applying on its behalf for membership in the System and for permission to absorb the Albany Trust Company, and in accepting membership subject to the conditions imposed by the Board, a copy of such resolution and also of the bank's certificate of incorporation to be furnished to the Board.

Upon motion, it was voted to approve the application filed on behalf of the First Bank of Albany for membership in the System subject to the conditions recommended, effective if and when the bank is duly incorporated under the laws of the State of New York, and also the application filed in its behalf for permission to absorb the Albany Trust Company.

Upon motion, the proposed reply was approved.

Upon motion, the proposed reply was approved.

Memorandum from Counsel dated November 17th submitting, in accordance with action taken at the meeting on November 9th, a formal ruling authorizing national banks to accept drafts drawn upon them by other banks against the security of import and export bills of exchange previously discounted by such other banks, where the underlying import and export transactions have not been completed at the time such drafts are drawn.

Memorandum from the Secretary dated November 18th, submitting the results of the survey, conducted in accordance with the Board's directions of September 22nd, of business handled over the two leased telephone circuits out of Washington, one between Washington and New York, and the other connecting Washington, Philadelphia, New York and Boston; the Secretary setting forth in detail the number of calls made over these wires during the month of October and recommending that the division of expense of this service,
aggregating $2,612 per month, between the Board and the Federal Reserve

1, 1927, so as to be pro rated on the basis of the extent to which it was
used by each bank and Washington during the month of October.

Mr. Cunningham moved approval of the recom-
mendation of the Secretary.

Mr. Miller moved as a substitute that the ser-
