subject be put on the program for discussion at the next Governors' Conference;
(2) That prompt action should be taken with a view of putting an end to the
practice outlined; (3) That whatever action is taken should be taken with a
view of obtaining a final decision by the Supreme Court of the United States
on the legal questions involved; (4) That before determining the form of its
legal action in the premises, the Board decide whether or not it desires to
retain special counsel to handle the matter; (5) That if the Board decides
to retain special counsel he be retained immediately and be consulted be-
fore the Board determines upon its form of legal action, in order that he
might have an opportunity to frame the legal issues which he is to argue
before the Supreme Court in accordance with his own views; and (6) That
if the Board decides to retain special counsel, it retain Honorable Newton
D. Baker, in order to have the benefit of his recent experience in the
Pascagoula case.

After discussion, Mr. Hamlin moved that the Board
authorize the employment of Honorable Newton D. Baker,
and that the question under consideration be referred
to him for an opinion as to whether the points involved
could be successfully contested in the courts and on
what grounds; such opinion to be submitted, if possible,
in time for reference to and discussion at the next Con-
ference of Governors of the Federal Reserve banks to be
held in Washington on May 9th.

Mr. Hamlin's motion being put by the Chair
was carried.

Memorandum from Counsel dated April 14th with reference to the action
of the Bank of Locust Grove, Ga. in merging with the Citizens Bank of Locust
Grove, without the approval of the Federal Reserve Board; Counsel stating
that the action of the Bank of Locust Grove violates the provisions of the Board's Regulations and subjects it to expulsion from membership in the System after a formal hearing by the Board, under the provisions of Section 9 of the Federal Reserve Act. Counsel referred to recommendation received from the Executive Committee of the Federal Reserve Bank of Atlanta that the bank should be expelled from the System unless the directors and/or the stockholders remove certain worthless and doubtful assets and suggested that before any formal steps are taken looking toward the expulsion of the Bank of Locust Grove the Federal Reserve Agent at Atlanta be requested to communicate with the directors and/or stockholders of the bank and ascertain whether or not they will remove the estimated losses and doubtful assets mentioned in the recommendation of the Executive Committee of the Federal Reserve bank.

After a discussion, upon motion by Mr. James, it was voted to request Counsel to prepare formal notice to the Bank of Locust Grove requesting it to appear before the Board for the purpose of showing cause why its membership in the Federal Reserve System should not be forfeited.

The Secretary stated that the memoranda in question were read into the record at the time of the hearing on the Cuban Agencies held by the Board on November 11, 1926, that of the Governor.
of the Federal Reserve Bank of Boston being in the form of a personal letter to Mr. Hamlin.

After discussion, the Secretary was directed to furnish copies of the memoranda to the members of the Federal Advisory Council.

Upon motion, the proposed letter to the Federal Reserve Agent was approved.

The Governor announced that he had intended to bring up at this meeting the question of changes which the Board may desire to make during the year, effective January 1, 1928, in the office of Federal Reserve Agent at several of the Federal Reserve banks.
