PRESENT: Governor Young
Mr. Platt
Mr. Hamlin
Mr. Miller
Mr. James
Mr. Cunningham
Mr. McClelland, Asst. Secretary

PRESENT ALSO: Dr. Goldenweiser, Director, Division of Research and Statistics.

Dr. Goldenweiser submitted a revision of the draft of the Board's Annual Report for 1929, amended in accordance with the action taken by the Board at the meeting on February 21st.

At the request of the Governor, the Assistant Secretary read to the Board the protest incorporated by the Governor in the minutes of February 21st against including in the report the statement approved at that meeting.

A detailed discussion ensued, at the conclusion of which Mr. Miller moved that the Annual Report in the revised form submitted by Dr. Goldenweiser at this meeting, and with some further amendments agreed upon during the discussion, be approved and sent to the printer.

Mr. Platt moved, as a substitute, that the Annual Report in the form originally submitted by Dr. Goldenweiser, be approved and sent to the printer.

Mr. Platt's substitute motion, being put by the Chair, was lost, the members voting as follows:

Governor Young, "aye"
Mr. Platt, "aye"
Mr. Hamlin, "no"
Mr. Miller, "no"
Mr. James, "no"
Mr. Cunningham, "no"

Mr. Miller's motion was then put by the Chair and carried, the members voting as follows:

Mr. Hamlin, "aye"
Mr. Miller, "aye"
Mr. James, "aye"
Mr. Cunningham, "aye"
Governor Young, "no"
Mr. Platt, "no"
The Assistant Secretary called attention to the proposed section for the Annual Report on the subject of legislation recommended by the Board, submitted separately by General Counsel, which has not yet been acted upon.

Upon recommendation of the Law Committee the section, with certain changes set out in a memorandum addressed to the Law Committee by Counsel under date of February 25, 1930, was approved for incorporation in the report.

The Governor then submitted, for the information of the Board, copy of a letter which he addressed to the Secretary of the Treasury under date of March 14th giving information in the possession of the Board relative to the proposed Bank for International Settlements; the information having been requested by the Secretary of the Treasury because of a letter addressed to him under date of March 10, 1930 by the Chairman of the Committee on Banking and Currency of the House of Representatives, enclosing copy of H. Res. 171 which was unanimously reported by the Banking and Currency Committee to the House of Representatives on March 7, 1930.

Noted, with approval.

At 1:15 p.m., the meeting recessed and reconvened at 2:45 p.m., the same members being present as attended the morning session, with the exception of Mr. Platt.

The minutes of the meeting of the Federal Reserve Board held on March 13th were read and approved.

The Governor reported that, in accordance with authority granted him by the Board, he had approved a discount rate of 4 1/2% on all classes of paper of all maturities established by the Executive Committee at the Federal Reserve Bank of Cleveland, under authority of the board of directors of the bank, effective March 15, 1930.

Memorandum dated March 13th from Assistant Counsel, submitting draft of letter to the Attorney General, transmitting copy of the letter addressed to the Board by the Chairman of the Federal Reserve Bank of Philadelphia, with reference to the termination of the services of Mr. Frank W. LaBold, as Assistant Cashier of the bank and indicating a possibility of a violation of the criminal provisions of the Federal Statutes; Counsel also submitting draft of a letter to the Chairman of the Philadelphia bank, advising of this reference to the Attorney General and requesting that he report the matter to the local United States Attorney.

Upon motion, the letters submitted by Counsel were approved.

Memorandum dated March 11th from the Director of the Division of Research and Statistics and the Chief of the Division of Bank Operations, advising that it is proposed to publish in the Board's Annual Report, as a part of a general classification of loans and investments of member banks, the figures of Street loans reported by member banks on call dates; the memorandum stating that these figures have never been published before, but there appears to be no good reason for not including them in the Annual Report tables as it makes it possible to compare loans to customers with open market loans.

Upon recommendation of the Governor, publication of the figures in the Annual Report was approved.
Upon motion, the Assistant Secretary was directed to inquire of Messrs. Smead and Goldenweiser whether there is any objection to publication of these figures quarterly as they are compiled from member bank call reports.

Memorandum dated March 13th from Counsel, submitting draft of letter to the Chairman of the Banking and Currency Committee of the Senate, for the signature of the Secretary of the Treasury, regarding H. R. 9046, a bill to amend Section 13 of the Federal Reserve Act so as to permit a member bank to rediscount with a Federal Reserve bank the same amount of paper of a single borrower as a National bank is permitted to acquire under the provisions of Section 5200 of the Revised Statutes; the letter stating that the Federal Reserve Board has heretofore approved the enactment of an amendment similar to the one contained in H. R. 9046 and, along with the Treasury Department, recommends that the present bill be enacted into law.

Upon motion, the letter was approved.
Memorandum from Counsel dated March 14th, with regard to a recent decision of the Comptroller General of the United States, the apparent effect of which is that Federal Reserve banks in handling matters for the Federal Farm Board as fiscal agent of the United States must look to the borrowers from the Federal Farm Board rather than to the Farm Board itself for reimbursement for any expenses incurred by the Reserve banks in connection therewith, except, however, that in cases where necessary the banks may be given authority to deduct the amount of any such expenses as the money is advanced under the loan. With his memorandum, Counsel submitted draft of a letter to all Federal Reserve banks, suggesting that if it is felt that this decision will cause any considerable trouble or inconvenience or put upon the Federal Reserve banks some burden which they should not reasonably be asked to assume, the banks submit such comments as they may have to the Federal Reserve Board or directly to the Federal Farm Board to see what, if anything, should or may be done to correct the situation.

Upon motion, the letter to all Federal Reserve banks was approved and ordered transmitted.

Report of Committee on Examinations on reviews received from the various Federal Reserve Agents as of December 31, 1929, covering outlying banks in reserve and central reserve cities in their respective districts which have been granted the privilege of carrying reduced reserves; the Committee concurring in the recommendation of the Federal Reserve Agents that no change be made in the present requirements of the various banks.

Upon motion, the recommendation was approved.

Memorandum from Counsel dated March 14th, submitting draft of reply to letter from Mr. Ralph W. Stansbury of Stansbury and Company, Chicago,
Illinois, advising that certain stockholders of the First Federal Foreign Banking Corporation, represented by him, do not wish to make a proposed exchange of First Federal Foreign Banking Corporation stock for stock in the Bush Service Corporation, but wish either that the First Federal Foreign Banking Corporation may continue in operation in an economical and profitable manner or that it be liquidated in such manner as to return the maximum amount possible to the stockholders; the proposed reply pointing out that although the Board is vested with supervisory powers over the First Federal Foreign Banking Corporation, it can not take part in the actual management thereof; that the matter of liquidation under the law is in the hands of the stockholders and the Federal Reserve Board can not require a liquidation, except that the charter may be forfeited in a suit brought for that purpose in case of violation of law and that the matter of the rights of the minority stockholders with reference to the exchange of their stock for that of the Bush Service Corporation and other similar questions, are matters upon which the Federal Reserve Board, as a public administrative body, can not undertake to advise.

After discussion, upon motion, the proposed letter was referred to the Governor with power.

Memorandum dated March 14th from the Examiner in Charge, with regard to the matter referred to him at the meeting on March 6th, namely, request of the First Federal Foreign Banking Corporation for permission to cancel such of its 5% five-year secured gold notes as may be acquired in the market or through redemption, provided that at all times collateral is maintained with the trustee having a market value of at least 125% of the principal amount of notes outstanding. In his memorandum, the Examiner in Charge
recommended that the permission requested be granted, pointing out incidentally that the matter of improving the quality of the collateral pledged to secure the Corporation's notes was recently discussed with it and this collateral was materially strengthened on March 13th by the withdrawal of criticizable securities approximating $208,000 and the substitution therefor of listed bonds amounting to approximately $211,000.

After discussion, upon motion, the permission requested by the Corporation was granted.

Memorandum dated March 14th from the Examiner in Charge, advising that the semi-annual report of condition of the First Federal Foreign Banking Corporation as at the close of business December 31, 1929, and a subsequent inspection of the security accounts of the Corporation, disclosed that the Corporation was holding in its investment account stocks of certain domestic corporations; the memorandum stating that the Corporation has explained the purchase of the stocks as being due to a misunderstanding, and that all such stocks remaining in the portfolio of the Corporation were promptly disposed of when the matter was called to their attention.

Noted.

Memorandum from Counsel dated March 15th, submitting draft of letter to the Assistant Federal Reserve Agent at St. Louis, regarding the proposed membership of the DeWitt Bank and Trust Company, DeWitt, Arkansas, and the possibility of imposing upon the bank a condition of membership that within one year it will reduce to its legal loan limit of $15,000 a note of the Home Bank of DeWitt, amounting to $80,000 and secured by assets taken over from that institution; the proposed reply advising that in case the membership committee of the Federal Reserve Bank of St. Louis recommends such a
condition, the Board does not now know of any reason why it should not be
imposed, but that the Board can not determine finally what conditions will
be imposed on the DeWitt Bank and Trust Company until the application has
been presented and considered by it.

During the discussion which ensued, it was the con-
sensus of opinion that a state institution carrying a note
of the kind referred to should not be admitted to member-
ship in the System and that since the DeWitt Bank and Trust
Company feels that it can reduce the loan to within the le-
gal limit within a year, it should defer making application
for membership until that has been done.

At the conclusion of the discussion, the proposed letter
was referred to the Governor with power.

Telegram dated March 17th from the Assistant Federal Reserve Agent at
St. Louis, advising that the American Bank and Trust Company of Paris,
Arkansas, has requested postponement from March 18th to March 25th of the
hearing before the Federal Reserve Agent at St. Louis for the purpose of
showing cause why the bank should not be required to surrender its stock
in the Federal Reserve bank and forfeit all rights and privileges of mem-
bership in the System; the telegram stating that the request is made be-
cause of pending negotiations for a consolidation with the First National
Bank of Paris, and requesting prompt advice as to whether postponement will
be agreeable to the Board.

Upon motion, it was voted to advise that the Board
has no objection to the postponement of the Federal Reserve
Agent's hearing until March 25th and, accordingly, postpones
its own hearing in the case from March 25th to Tuesday, April
1st at 11:00 a.m.
