A meeting of the Executive Committee of the Federal Reserve Board was held in the office of the Federal Reserve Board on Tuesday, July 1, 1930 at 10:45 a.m.

PRESENT: Vice Governor Platt
Mr. James
Mr. Cunningham
Mr. McClelland, Asst. Secretary

Letter dated June 26th from the Secretary of the Federal Reserve Bank of New York, telegram dated June 27th from the Chairman of the Federal Reserve Bank of Chicago, and telegram dated June 25th from the Secretary of the Federal Reserve Bank of Kansas City, all advising that their boards of directors at meetings on the dates stated made no changes in the banks' existing schedules of rates of discount and purchase.

Without objection, noted with approval.

Matter approved on initials yesterday, namely, request of the Federal Reserve Bank of Chicago for authority to reduce the minimum buying rate of the bank for purchases of bankers acceptances from 2% to 1 3/4%.

Upon motion, the minimum buying rate of 1 3/4% was formally approved, Mr. James concurring in the following statement made by Mr. Cunningham:

"In view of the past attitude of the Federal Reserve Board on the question of bill rates (with which I was not entirely in harmony and for which I have not voted during the recent past) and rather than cause delay in the granting of the reduction requested by the Chicago Bank or require that the members now absent on vacation return to Washington, I vote to approve the reduction to 1 3/4 per cent requested by the Chicago Bank in its minimum buying rate, knowing as I do that a majority of the Board would favor the reduction if there were a majority present.

"Ordinarily it has been the policy of the Board as we approach the season for crop movements to offer aid through a reduction in bill rates, so that in voting approval of the Chicago reduction I do so as a matter of courtesy to the absent members of the Board and also because I realize that I would favor a reduction in bill rates just as soon as the seasonal demand for credit begins."
