Report of Executive Committee on letter dated January 26th from the Deputy Governor of the Federal Reserve Bank of Cleveland, requesting approval by the Board, for reasons stated, of an increase of $153 in the bank's contract
with the Lyon Metal Products, Incorporated, covering the installation of steel lockers in the new Pittsburgh Branch building; the Board's Committee recommending approval.

Approved.

Letter dated January 27th from the Assistant Federal Reserve Agent at New York, advising that the Marine Trust Company of Buffalo, a member bank, as of January 23, 1931, took over the offices and business of the Commercial Trust Company of Buffalo, New York, a non-member institution; that action being the result of steps taken by the local bankers because of the unsatisfactory condition of the affairs of the Commercial Trust Company.

Noted without objection.

Letter dated January 27th from the Assistant Federal Reserve Agent at New York, advising that S. Lunghino and Sons, private bankers, Rochester, New York, affiliated with the Commercial Trust Company of Buffalo, above referred to, have been taken over by the State Banking Department because of financial difficulties.

Noted.

Report of Executive Committee, submitting draft of reply to letter dated January 23rd from the Assistant Federal Reserve Agent at Chicago, transmitting notice received on January 23rd from the Lowden Savings Bank, Lowden, Iowa, of its intention to withdraw from membership, with a request of the member bank that the Board waive the usual six month's notice; the proposed reply stating that it does not appear that any unusual circumstances exist which make it advisable for the Board to waive the six months' requirement, and unless further information is submitted and a recommendation is made by the Executive Committee of the Chicago bank that the Board re-
consider this decision, the bank is authorized to cancel the stock held by the Lowden Savings Bank at the end of the six months period.

 Upon motion, the letter submitted by the Board’s Committee was approved.

Letter dated January 26th from the Director of Accounts and Statistics of the American Red Cross, requesting that the Board advise that organization of all failures reported to it of state and private banks in the United States.

After discussion, upon motion, it was voted to furnish The Red Cross with the information requested, with the understanding, as in other cases, that it is forwarded without verification of the reports received and without responsibility on the part of the Federal Reserve Board for errors or omissions.

Memorandum from Counsel dated January 26th, with regard to a report by the Federal Reserve Agent at Philadelphia, that since the Board granted Mr. H. A. Berwind permission to serve as a director of the Fourth Street National Bank and of the Commercial Trust Company, both of Philadelphia, Pennsylvania, each of these banks has been involved in two consolidations, and Mr. Berwind's service as a director of the consolidated bank has been continuous in each case; the memorandum submitting draft of a letter to the Federal Reserve Agent at Philadelphia, advising that inasmuch as the continuance of Mr. Berwind's services will not, in the Agent's opinion, be incompatible with the public interest, the Board has determined that it will take no action at this time to revoke the permit previously granted.

Upon recommendation of the Law Committee, the letter submitted with Counsel's memorandum was approved.

Memorandum from Counsel dated January 26th, submitting a letter from
the Federal Reserve Agent at Philadelphia, calling attention to the fact that since the Board granted permission to Mr. Walter K. Hardt to serve as an officer of the Fourth Street National Bank, and as a director of the West Philadelphia Title and Trust Company, both of Philadelphia, Pennsylvania, these two banks have been involved in consolidations, and Mr. Hardt is now serving as a director of the Philadelphia National Bank and as an officer and director of the Integrity Trust Company, the two resulting consolidated institutions; the memorandum stating that inasmuch as the Federal Reserve Agent at Philadelphia has advised that, in his opinion, the continuance of Mr. Hardt's services will not be incompatible with public interest, the Board may issue a new permit covering Mr. Hardt's service of the two consolidated institutions.

Upon recommendation of the Law Committee, it was voted to issue a new certificate to Mr. Hardt, and draft of letter to the Federal Reserve Agent at Philadelphia, submitted with Counsel's memorandum, advising accordingly, was approved and ordered transmitted.

Memorandum from Counsel dated January 26th suggesting that the Board issue a new permit to Mr. Paul S. Dick, covering service by him as a director of the United States National Bank in addition to his service, approved by the Board on January 5, 1931, as an officer of the United States National Bank, as a director of the Citizens National Bank and as a director of the Central National Bank, all of Portland, Oregon.

Upon recommendation of the Law Committee, it was voted to issue a new certificate to Mr. Dick in accordance with Counsel's suggestion.

Memorandum from Counsel dated January 26th, approved by the Law Committee, with regard to letter from Mr. Carl E. Bailey, Prosecuting Attorney
for the Sixth Judicial District of the State of Arkansas, referred to him at the meeting on January 19th, requesting cooperation of the Board in a proposed investigation of the facts leading up to the closing of the American Exchange Trust Company of Little Rock; Counsel recommending (1) that the Board request the Federal Reserve Agent at St. Louis to assign an examiner to assist Mr. Bailey in conducting his investigation of the affairs of the American Exchange Trust Company and the affairs of any other member banks of the Federal Reserve System; (2) in order that it may have adequate information on this general subject, that the Board also request the Federal Reserve Agent at St. Louis to compile and forward to the Board a report with regard to various phases of the matter; (3) that Mr. Drinnen, who is now in St. Louis, be requested to visit Little Rock and confer with the United States Attorney, the State Prosecuting Attorney and the officers of the Little Rock Branch, and report to the Board along certain lines laid down, and (4) that after Mr. Drinnen's report is received, the matter be fully discussed with a view of deciding whether the Board should take any further steps to assist in the Proposed investigation. With his memorandum, Counsel submitted drafts of letters along the lines recommended by him, to the Attorney General of the United States, Senator Caraway, from whom a letter on the subject was also received, the Federal Reserve Agent at St. Louis, and Mr. Bailey.

During the discussion which followed, Mr. James stated that he would be opposed to an examiner being sent from the Federal Reserve Bank of St. Louis to assist in the proposed investigation, and suggested that the Board send one of its own examiners to Little Rock for that purpose.

At the conclusion of the discussion, it was voted to refer the entire matter to the Governor with power.

At this point Governor Young, of the Federal Reserve Bank of Boston,
and Governor Harrison, of the Federal Reserve Bank of New York, who were in
Washington on other business, were invited into the meeting, and an informal
discussion of various subjects was engaged in.

During the discussion, Mr. Miller left the meeting.

Among other things, Governor Harrison reported that on yesterday the
Federal Reserve Bank of New York sold an additional $15,000,000 of Government
securities purchased in December, leaving in its portfolio only $10,000,000
of the $45,000,000 so purchased; also that the directors of his bank felt that
its sales from its own portfolio should not exceed the total of the special
purchases, amounting to $45,000,000.

He stated further that while the directors had not yet taken formal
action, he believed they would vote to approve the report of the Open Market
Policy Conference on January 21st.

Further in the discussion, Governor Meyer referred to the procedure

at meetings of the Open Market Policy Conference and it was agreed that it
would be an improvement over the present procedure if the initial meeting
at such conferences would be a joint one with the Board, following which
the Open Market Policy Conference could meet separately to formulate
opinion and prepare a report, and then meet again with the Board for a dis-
cussion of its recommendations.
