lation H and the following special condition, the Board approves the bank's application for membership in the Federal Reserve System and for the appropriate amount of stock in the Federal Reserve Bank of St. Louis:

"4. Such bank shall make adequate provision for depreciation in its furniture and fixtures."

Letter to Mr. Clark, Vice President of the Federal Reserve Bank of Atlanta, reading as follows:

"Reference is made to your letter of June 8, 1937, transmitting the application of 'The Gainesville National Bank', Gainesville, Georgia, for authority to act as trustee under the provisions of a mortgage or deed of trust executed by the Gainesville Replacement Homes, Incorporated, and made to secure an issue of notes, all of the outstanding notes being held and owned by the R. F. C. Mortgage Company.

"The Board has given consideration to this application and, in view of the unfavorable information concerning the management of the applicant contained in the report of examination as of April 21, 1937, made by a national bank examiner, is unwilling to grant the desired authority. You are requested, therefore, to advise The Gainesville National Bank that the Board has denied its application."

Letter to Mr. Knoke, Vice President of the Federal Reserve Bank of New York, reading as follows:

"Receipt is acknowledged of your letters of July 6 and 8, 1937, and inclosures, referring further to the proposed renewal of the central bank credits to the National Bank of Hungary maturing on July 18, 1937, which was approved in principle in the Board's letter of June 21, 1937.

"It is noted that the National Bank of Hungary has implied its willingness to eliminate those clauses in the agreement of November 6, 1933, which would permit the National Bank of Hungary, in its discretion, to postpone transfer of payments due on interest or principal, and has agreed to make annual payments of 5% each instead of 4¾% as originally proposed, but has stated that it is unable to agree to the pro-
"Vision for reconsideration of the agreement, at the creditors' option, at the end of one and two years, as had been suggested to the Bank for International Settlements by your bank. It is also noted that the Bank for International Settlements has expressed the opinion that the National Bank of Hungary is making the best offer it can, and that the other main participants are prepared to accept the proposal.

"The Board approves the action taken by your directors in authorizing the officers of your bank to agree to the renewal of the outstanding central bank credits to the National Bank of Hungary for a period of three years from July 18, 1937, on the basis and subject to the terms and conditions outlined in your letter of July 8 to the Board and in your telegram of the same date to the Presidents of the Federal reserve banks, with the understanding that you will have obtained the assent of the other Federal reserve banks thereto before you advise the Bank for International Settlements in the premises.

"The Board also approves the participation by the other Federal reserve banks in the renewal of the Hungarian central bank credits on the revised basis, and is advising them today by letter accordingly."

Approved unanimously.

(An option on the building site referred to, which is near the Helena Post Office, was taken by the bank after informal approval was given by the Board of Governors to the purchase or erection by the Minneapolis bank of a new branch building at Helena.
