"It is noted that the bank agreed to charge off immediately the estimated losses amounting to $2,404.50, as shown in report of examination for membership. It is assumed that you will satisfy yourselves that such losses have been charged off or otherwise eliminated prior to the bank's admission to membership and will advise the Board in due course."

Letter prepared for the signature of Chairman Eccles to the Honorable Francis Biddle, the Attorney General, reading as follows:

"Under date of September 18, 1943, the Board advised you that it did not know of any State legislation which it desired to propose at that time for the consideration of your Department and the Council of State Governments; but it expressed the hope that the proposed amendment exempting Federally guaranteed war production loans from the loan limitations of the State banking laws, which was placed on the program of the Council of State Governments last year at the Board's suggestion and which has passed 40 of the State legislatures, will be enacted next year in Kentucky, Louisiana, Mississippi, Virginia and possibly in South Carolina.

"This is to advise you that, on the basis of information subsequently received, it now appears that it is not necessary as a practical matter to obtain such amendments in Virginia and South Carolina."
For your further information in this connection, there is enclosed a copy of a letter addressed to the Board's General Counsel by the Counsel to the Federal Reserve Bank of Richmond under date of November 11, 1943.

Approved unanimously.

Thereupon the meeting adjourned.
