Letter to the Chairmen and Presidents of all the Federal Reserve Banks reading as follows:

"In the Board's letter of July 31, 1944, it was stated that a memorandum analysis of the plans for the International Monetary Fund and the International Bank for Reconstruction and Development as approved at the Bretton Woods Conference was being prepared in the Board's offices. This analysis has now been completed and a copy is enclosed herewith. It is principally an attempt to state the provisions of the two plans in nontechnical language, and it also contains a brief statement of the broad purposes of the proposals. It is anticipated that the analysis, which is subject to revision and is not for publication at this time, will be published in its final form in the September issue of the Federal Reserve Bulletin.

"The complete text of the plans for the monetary fund and the international bank is being printed in pamphlet form by the Treasury, and as soon as available copies will be sent to you."

Approved unanimously.

Cablegram prepared for the signature of Chairman Eccles to Mr. Robert Triffin, Bancrepay, Asuncion, Paraguay, reading as follows:

"Letter July 28 regarding undesirable amendments carefully considered. Our view is that both Board and yourself should avoid appearance of responsibility for legislative decisions. Notwithstanding desirability of project as recommended, necessary to preserve role of technical adviser rather than advocate. Therefore believe you should continue so long as you can be useful even though major exceptions to your recommendations are adopted. If necessary, arrangements will be made here to make your position known without your withdrawal in manner suggested."

Approved unanimously.
Approval was given to an increase in the appropriate item of the Board's budget to cover the cost of making a stenographic transcript of the conference to be held in Washington beginning Monday, August 21, 1944, between representatives of the Armed Services, the Maritime Commission, Office of Director of Contract Settlement, the Federal Reserve Banks, and the Board of Governors in connection with termination loans guaranteed under the Contract Settlement Act of 1944.

Thereupon the meeting adjourned.

Approved:
