"The Board of Governors approves the payment of salary to Mr. William D. Letter to Mr. Gidney, President of the Federal Reserve Bank of Cleveland, reading as follows:

"This is in reply to your letter of December 2 advising that, upon recommendation of the Boards of Directors of the Cincinnati and Pittsburgh Branches, the directors of the Federal Reserve Bank of Cleveland have adopted a resolution increasing, subject to the approval of the Board of Governors, the number of directors at the Cincinnati Branch and the Pittsburgh Branch from five to seven.

"In view of the action taken by your directors, the Board will interpose no objection to the proposed increase in the number of directors at the two Branches. It is assumed that the amendments to the bylaws to provide for the increase will become effective January 1, 1945."
"It is noted that, in order to provide for orderly staggering of terms, one of the directors at each of the branches appointed by the Bank for terms beginning January 1, 1945 will be appointed for a 2-year term and the other will be appointed for a 3-year term. The Board will follow a similar procedure in making its appointments to the boards of the two Branches."

Approved unanimously.

Letter to Mr. Rouse, Vice President of the Federal Reserve Bank of New York, reading as follows:

"This refers to your letter dated November 25, 1944, with which was enclosed a letter dated November 15, 1944, from J. P. Morgan & Co. Incorporated, applying for permission under the provisions of section 25 of the Federal Reserve Act to invest $850,000 in the capital stock of Morgan & Cie. Incorporated, a corporation organized under the laws of the State of New York, which application was accompanied by your favorable recommendation. It is noted that the Banking Board of the State of New York has granted its approval in the matter.

"The Board of Governors of the Federal Reserve System is prepared to grant the requested permission upon condition that Morgan & Cie. Incorporated shall deliver to you within ninety days from the date of this letter two copies of the enclosed agreement duly executed by the appropriate officers of Morgan & Cie. Incorporated and that J. P. Morgan & Co. Incorporated agree to consummate the proposed increased investment in the capital stock of Morgan & Cie. Incorporated not later than July 1, 1945. Upon receipt of a duly executed copy of such agreement, the Board will write a letter directly to J. P. Morgan & Co. Incorporated granting the requested permission and will forward a copy of such letter to you.

"The agreement provides that Morgan & Cie. Incorporated shall not establish any branches or agencies except with the approval of the Board. The letter of application from J. P. Morgan & Co. Incorporated shows that the establishment of a branch in Paris, France, of Morgan & Cie. Incorporated to succeed to the business of the firm of Morgan & Cie. is an integral part of the plan for the operation of Morgan & Cie.
"Incorporated. In the circumstances, the Board will also write a letter directly to Morgan & Cie. Incorporated granting permission for it to establish a branch at Paris, France, provided such branch is established not later than July 1, 1945, and the Board advised in writing by Morgan & Cie. Incorporated that such branch has been established and opened for business.

"In the Board's letter of April 23, 1942, to J. P. Morgan & Co. Incorporated, advising the institution of the approval of its application for membership, it was stated that the provisions of condition of membership numbered one are applicable to the operations of subsidiary affiliates of a member bank as well as to the operations of the bank itself. Since Morgan & Cie. Incorporated was at that time dormant, the proposal for it to become active in international or foreign banking obviously comes within the purview of the condition. Therefore, you may advise J. P. Morgan & Co. Incorporated that the grant of permission to invest in the stock of Morgan & Cie. Incorporated is to be interpreted as carrying with it permission under condition of membership numbered one for Morgan & Cie. Incorporated to engage in international or foreign banking as contemplated by the provisions of section 25 of the Federal Reserve Act, subject to any agreements entered into with the Board thereunder.

"In connection with this matter, however, it will be appreciated if you will call to the attention of the proper representatives of J. P. Morgan & Co. Incorporated that Morgan & Cie. Incorporated will continue to be an affiliate of J. P. Morgan & Co. Incorporated, and the member bank will be expected to comply with the provisions of section 9 of the Federal Reserve Act with regard to the submission and publication of reports of this and any other affiliates in addition to any reports which may be called for from Morgan & Cie. Incorporated under the provisions of subsection (d) of Paragraph 6 of the Agreement.

"Special Regulation No. 15 of the Banking Board of the State of New York by subsection (3) of section (a) of Paragraph 3., Investment of Funds, provides that Morgan & Cie. Incorporated may invest in so much of the capital stock of any other corporation as may be specifically authorized by resolution of the Banking Board of the State of New York. Please inform the representatives of Morgan & Cie. Incorporated that when application is made to the Banking
"Board for permission to invest in the capital stock of any other corporation, a copy of such application is to be furnished simultaneously to the Federal Reserve Bank of New York for transmission to the Board of Governors for its information.

"The Board has considered your suggestion that there be incorporated in the agreement a provision that the character and scope of the business of Morgan & Cie. Incorporated shall not be broadened or changed without first obtaining the approval of the Board. In this connection, however, it has been the Board's long standing practice, in order to permit American foreign banking corporations to compete effectively in foreign countries, to give latitude to the development of their business abroad and not to prescribe rigid restrictions or in too much detail but to prescribe only general rules for their guidance. Also the right to restrict the operations of Morgan & Cie. Incorporated is specifically reserved to the Board by the provisions of paragraph 3 of the agreement so that any restrictions deemed necessary, should unsatisfactory tendencies develop, can be imposed to meet the need for corrective action. Except for Bankers Company of New York whose operations are limited solely to holding stock in a British fiduciary affiliate, none of the agreements presently in operation has a provision requiring the Board's permission for a change in the character and scope of the subscribing corporation's business and no apparent need therefor has been developed as a result of their operations. For these reasons the Board has not included in the agreement a provision of the type suggested.

"Please have two copies of the enclosed agreement executed on behalf of Morgan & Cie. Incorporated by its appropriate officers and forward the original executed copy thereof to the Board of Governors. The other executed copy of the agreement should be retained for the records of the Reserve Bank. When the agreement has been executed and the Board's formal permission has been granted, it will be appreciated if you will supply a copy of the agreement to the Superintendent of Banks of the State of New York for his information and files."

Approved unanimously.
