PRESENT: Mr. Eccles, Chairman  
Mr. Szymczak  
Mr. Draper  
Mr. Clayton  
Mr. Carpenter, Secretary  
Mr. Sherman, Assistant Secretary  
Mr. Morrill, Special Adviser  
Mr. Smead, Director of the Division of Bank Operations  
Mr. Thomas, Director of the Division of Research and Statistics  
Mr. Nelson, Director of the Division of Personnel Administration  
Mr. Townsend, Assistant General Counsel  
Mr. Millard, Assistant Director of the Division of Examinations.

There were presented telegrams to the Federal Reserve Banks of Boston, New York, Cleveland, Richmond, Atlanta, Chicago, St. Louis, Minneapolis, Kansas City, Dallas, and San Francisco, stating that the Board approves the establishment without change by the Federal Reserve Bank of San Francisco on September 23, by the Federal Reserve Bank of St. Louis on September 24, by the Federal Reserve Banks of New York, Cleveland, Richmond, Atlanta, Chicago, Minneapolis, Kansas City, and Dallas on September 25, 1947, and by the Federal Reserve Bank of Boston today of the rates of discount and purchase in their existing schedules. Approved unanimously.

In accordance with previous discussions there had been prepared a draft of a letter to all Federal Reserve Banks with respect
to travel allowances for officers and employees, it being under-
stood that the draft would be sent to the Presidents of the Fed-
eral Reserve Banks for discussion at their forthcoming conference. 
The letter stated that the Board had concluded that reimbursement 
for travel expenses should be limited to actual necessary transpor-
tation expenses and maximum per diem allowances for subsistence of 
(a) $10 or actual necessary travel expenses for the Presidents (b) 
$8 for other officials, and (c) $7 for employees. The letter also 
provided, among other things, that when an officer or employee was 
travelling abroad or when there were unusual circumstances connected 
with a specific trip, reimbursement for actual necessary subsistence 
expenses might be authorized by the executive committee of the bank, 
and that when a person of lesser rank was travelling with the Presi-
dent or another officer he might be reimbursed for his travel ex-
penses on the same basis as the person of senior rank. 

The draft was read and in the ensuing discussion it was sug-
gested that, in the light of present conditions and in view of the 
greatly increased costs of travel, it should be revised to provide 
a per diem of $8 instead of $7 for employees and a per diem of $10 
or actual necessary travel expenses for the First Vice President 
as well as the President. 

It was agreed unanimously that (1) the 
draft of letter to the Federal Reserve Banks
should be revised along the lines suggested and resubmitted to the Board, and (2) that after the letter had been discussed with the Presidents and was approved by the Board in final form, action would be taken to amend the Board's travel regulations to allow a per diem of $8 for employees of the Board instead of $7, as at present.

Reference was made to the letter addressed to the Presidents of all Federal Reserve Banks under date of August 13, 1947, with respect to a plan for designation of reserve cities. Chairman Eccles stated that he felt the formula proposed by the Board should be changed to include in the reserve city designation only cities in which banks held inter-bank deposits equal to 1/3 (instead of 1/4) of 1 per cent or more of total inter-bank deposits held by all member banks in the United States, and that it should be based on an average of 1/3 of 1 per cent over a period of two years instead of 1/4 of 1 per cent on each call date in the two year period. He went on to say that this would exclude Chattanooga, Tennessee, from the reserve city designation but that it would not otherwise change the list of cities which would be reserve cities under the formula proposed in the Board's letter of August 13.

In this connection Mr. Clayton asked the Secretary to read a letter dated September 23, 1947, from Mr. John T. Rohr, President, The Toledo Trust Company, Toledo, Ohio, urging that the designation of Toledo as a reserve city be left unchanged because termi-
nation of the designation would result in lowering reserve requirements for the Toledo banks. In discussing the letter it was pointed out that inter-bank deposits of member banks in Toledo averaged 1/100 of 1 per cent of total inter-bank deposits of all member banks in the United States over the past two years and that under no formula considered by the Board would cities having such a small proportion of inter-bank deposits be included or continued as reserve cities.

It was agreed unanimously that a memorandum should be prepared showing the changes that would occur in the plan for designation of reserve cities outlined in the Board's letter of August 13, 1947, if the proposed formula was modified in accordance with the suggestions of Chairman Eccles, and that the revised formula would be discussed by Chairman Eccles with the Presidents of the Federal Reserve Banks at the forthcoming meeting of the Presidents and the Board.

The meeting then recessed and reconvened at 3:10 p.m. with Messrs. Eccles, Szymczak, Draper, and Clayton, and Mr. Carpenter being present.

Mr. Clayton stated that, in accordance with previous informal discussions, an invitation had been extended to the Presidents of the Federal Reserve Banks to be the guests of the Board at golf and dinner at the Burning Tree Country Club while the Presidents are in Washington in connection with meetings of the Presidents Conference and the Federal Open Market Committee. Mr. Clayton stated that the
question to be decided by the Board was whether invitations would include only the Presidents of the Federal Reserve Banks or whether others should be included.

After discussion, it was voted unanimously (1) that in addition to the Presidents of the Federal Reserve Banks and the members of the Board, Secretary of the Treasury Snyder, Under Secretary of the Treasury Wiggins, and Mr. Robert V. Fleming, member of the Federal Advisory Council from the Fifth Federal Reserve District and Chairman of the Committee on Government Financing of the American Bankers Association, be invited to join the Board members and the Presidents in golf and dinner, and (2) that the appropriate item in the Board's budget be increased by an amount sufficient to cover the cost of entertaining the Presidents at the Club while they are in Washington.

Mr. Clayton stated that he had been given to understand that Mr. Creighton would accept reappointment as Class C Director of the Federal Reserve Bank of Boston if the Board should see fit to make the appointment. The matter was discussed and it was pointed out that Mr. Creighton was 69 years of age on September 6 of this year and that he would be ineligible for a further appointment under the policy of the Board not to appoint as a Class C Director of a Federal Reserve Bank anyone who was 70 years of age or who would become 70 years of age prior to the expiration of the term for which he would be appointed.
Mr. Clayton then stated that, while he was in San Francisco recently, he made an investigation in connection with possible appointees to fill the Class C vacancy on the board of directors of the Federal Reserve Bank of San Francisco. He reviewed briefly the names that had been considered in this connection and said that it was the recommendation of the Personnel Committee that the appointment be tendered to Mr. William R. Wallace, Jr., of the law firm of Williamson and Wallace of San Francisco. The question was raised whether someone living outside of San Francisco should be appointed to fill the vacancy and Mr. Clayton stated that no such person had been found. It was agreed that it was better to appoint someone from San Francisco rather than to have someone living outside the city who would not be able to attend the meetings of the board of directors.

At the conclusion of the discussion it was voted unanimously to request the Chairman of the Federal Reserve Bank of San Francisco to ascertain informally whether Mr. Wallace would accept appointment as a Class C Director of the Federal Reserve Bank of San Francisco for the unexpired portion of the term ending December 31, 1947, and that the appointment be made if he would accept.
