Letter to the Interim Holding Corporation, 280 Broadway, New York 7, New York, reading as follows:

"This refers to Mr. Proehl's letters of January 2, 1948 and January 9, 1948 with respect to a determination by the Board that the Interim Holding Corporation, 280 Broadway, New York, New York, is not engaged as a business in holding the stock of, or managing or controlling, banks.

"From the information supplied, it appears that the Interim Holding Corporation is a family investment company which owns 10,001 of the 20,000 outstanding shares of stock of The Munsey Trust Company, Washington, D. C., 880 of the 8,000 outstanding shares of stock of The Winthrop Trust Company, New London, Connecticut, and, through a subsidiary, a few shares of stock of certain other banks acquired in liquidation of deposits in closed banks. The Board understands that your corporation does not own or control, directly or indirectly, stock of any other banks, does not manage or control, directly or indirectly, any banking institution other than The Munsey Trust Company, and is not operated for the purpose of managing or controlling banks."
"In view of these facts, the Board has determined that the Interim Holding Corporation is not engaged, directly or indirectly, as a business in holding the stock of, or managing or controlling, banks, banking associations, savings banks, or trust companies, within the meaning of section 2(c) of the Banking Act of 1933, as amended; and, accordingly, your corporation is not a holding company affiliate for any purposes other than those of section 23A of the Federal Reserve Act.

"However, the Board reserves the right to make a further determination at any time on the basis of the then existing facts and, if there should be such a change in the facts as to indicate that the Interim Holding Corporation might be deemed to be engaged, directly or indirectly, as a business in holding the stock of, or managing or controlling, banks, banking associations, savings banks, or trust companies, this matter should again be submitted to the Board."

Approved unanimously.

Letter to Mr. Wilbur, Chairman of the Federal Reserve Bank of San Francisco, reading as follows:

"The Board of Governors has received Deputy Chairman Wellman's letter of December 9, 1947, advising that the report of examination of the Bank made as of October 29, 1947, by the Board's examiners has been presented to the Board of Directors of your Bank and that at the same time the Directors considered a report from your General Auditor who had reviewed the report of examination.

"The Board of Governors has noted with interest the examiner's comments on page 13 of the report of examination relative to the effect of the policy now in force with respect to the frequency of balance sheet audits of branches which would result in but three balance sheet audits of each branch in the two calendar years 1946 and 1947. It is understood that this schedule was adopted due, in part at least, to wartime conditions. The Board feels that consideration might well be given to restoring as soon as practicable the former practice of at least two balance sheet audits of each branch during each calendar year.

"The Board further suggests that the entire audit program with respect to the branches be reviewed in the light of the fact that more than half of the Bank's employees are stationed at the various branches which handle a very substantial volume of work. In the circumstances, it would
"seem that the audit program should be designed to provide audit protection to the branches comparable in effectiveness to that given the Head Office."

"The Board would appreciate advice as to the views of your Directors regarding these suggestions."

Approved unanimously.

Letter to Mr. Robert C. Simmons, Campaign Chairman, Police Boys' Club, 261 Constitution Avenue, N. W., Washington 1, D. C. reading as follows:

"The Board of Governors has asked me to reply to your letter of December 31, 1947, in which you request that we solicit the employees of the Board of Governors of the Federal Reserve System for donations to the Police Boys' Club campaign to raise $125,000.

"In the past it has been the policy of the Board to restrict the solicitation of donations of this kind to national campaigns such as the Community Chest, the American Red Cross, and the "Mile O' Dimes". The reason for this has been that to undertake a wider activity would constantly raise questions as to where the line should be drawn. Therefore, it would not be consistent with our policy actively to solicit employees for donations to the Police Boys' Club.

"As we advised you in our letter of February 17, 1947, our organization is comparatively small and we know that some of the employees of the staff are interested in Police Boys' Club work. Accordingly, if you will send approximately
"50 pledge cards to Mr. Herbert Johnson, Personnel Officer, we will be glad to see that employees are advised that they may contribute to the campaign through his office if they so desire."
