Letter to Mr. Earhart, President of the Federal Reserve Bank of San Francisco, reading as follows:

"Enclosed is a photostatic copy of the report of condition as of June 30, 1950, submitted by Bank of America, New York, New York, in response to the call made by the Board. It is thought that you may be interested in seeing the report made at the end of the first period of actual operations of the bank.

"It is assumed that reports of examination of Bank of America National Trust and Savings Association, San Francisco, will supply you from time to time with such data regarding its subsidiary as you may require for your purposes. However, the Board will be glad to furnish you upon request photostatic reproductions of future call reports of condition, customarily submitted as of June 30 and December 31 of each year, should you deem it desirable to have them."

Approved unanimously.

Telegram to Mr. Earhart, President of the Federal Reserve Bank of San Francisco, reading as follows:

"In view of resumption of business August 7 by the 22 banks whose business was acquired on June 24 by Bank of America, N. T. & S. A., and cessation of operations by the 27 branches opened on June 26, it seems desirable to FDIC, Comptroller of the Currency, and Board, that banking statistics for period June 25 to August 6 inclusive be on substantially the same basis, so far as practicable, as if the banks had continued in operation without interruption.

"We understand that FDIC has been advised by Mr. Birdzell that Transamerica and Bank of America are willing to cooperate to this end and to arrange for submission
"of June 30, 1950 call reports and certified statements of deposits for six months ended June 30 covering all 22 acquired banks. We also understand that FDIC will request reports on this basis for statistical purposes, and that Comptroller will request call and earnings reports of the 13 acquired national banks on this basis, but publication of the call reports will not be required. FDIC and Comptroller's office will also request Schedules A.3 on real estate financing. On the basis of these reports and of corresponding reports of State member banks, appropriate adjustments will be made by Comptroller's office in reports already received from Bank of America so as to exclude the assets and liabilities of the 27 branches opened June 26.

"In the circumstances please obtain for statistical purposes, June 30, 1950 call and earnings reports from the three State member banks on the same basis, including Schedule A.3, with no requirement for publication. Please also obtain, if you deem practicable and desirable, revised weekly and semi-monthly reports of deposits covering period June 25 to August 6, and submit resulting revised reports to Board on forms F.R. 413 and, if necessary, on forms F.R. 422 and 635. For your information, our underlying banking structure records will show the acquisitions and restorations, but the statistics of number of banks and branches and of changes in status of banks and branches will be compiled as though the acquisitions and openings of branches had not occurred."

Approved unanimously.
