Minutes of actions taken by the Board of Governors of the Federal Reserve System on Friday, September 3, 1954.

PRESENT: Mr. Szymczak, Acting Chairman
Mr. Mills
Mr. Robertson

Mr. Carpenter, Secretary
Mr. Kenyon, Assistant Secretary

Telegrams to the Federal Reserve Banks of Boston, New York, Philadelphia, St. Louis, and San Francisco stating that the Board approves the establishment without change by the Federal Reserve Banks of Boston and St. Louis on August 30, by the Federal Reserve Bank of San Francisco on September 1, and by the Federal Reserve Banks of New York and Philadelphia on September 2, 1954, of the rates of discount and purchase in their existing schedules.

Approved unanimously.

Letter to the Board of Directors, The Bank of Virginia, Richmond, Virginia, stating that subject to conditions of membership numbered 1 and 2 contained in the Board's Regulation H, the Board approves the bank's application for membership in the Federal Reserve System and for the appropriate amount of stock in the Federal Reserve Bank of Richmond. The letter also contained the following paragraphs:

The Board of Governors also approves the retention and operation of the present branches of The Bank of Virginia now being operated in Richmond, Norfolk, Portsmouth, and Roanoke, Virginia, which were established subsequent to February 25, 1927.
It appears that the bank possesses certain powers which are not being exercised and which are not necessarily required in the conduct of a banking and trust business, such as power to engage in the business of guaranteeing the payment of bonds, bills, notes, and obligations having not more than six months to run. Attention is invited to the fact that if the bank desires to exercise any powers not actually exercised at the time of admission to membership, it will be necessary under condition of membership numbered 1 to obtain the permission of the Board of Governors before exercising them. In this connection, the Board understands that there has been no change in the scope of the corporate powers exercised since the date of application for membership.

Approved unanimously, for transmittal through the Federal Reserve Bank of Richmond.

Letter to Mr. Young, Chairman, Conference of Presidents of the Federal Reserve Banks, c/o Federal Reserve Bank of Chicago, reading as follows:

The Board requests that the agenda for the coming Conference of Presidents include the following topic:

Review of defense planning for continuation of operations of the Reserve Banks in case of emergency, and consideration of measures that the individual Reserve Banks, the Conference of Presidents, and the Board of Governors might take to assure, so far as practicable, effective functioning of the Federal Reserve System in the event of emergency.

In the four years since the Conference of Presidents undertook a program of planning for such emergencies there have been significant developments both in the destructive power of bombs and in the ability to deliver them. It is believed important, therefore, that the planning be reviewed to take into consideration the current situation.
The plans of the Reserve Banks for continued operation in case of emergency are in various stages of development. It is also believed to be important that each Bank's plan be developed to the point where it is truly an effective working plan.

Approved unanimously.
