Minutes of the Board of Governors of the Federal Reserve System
on Thursday, September 10, 1959. The Board met in the Board Room at 3 p.m.

PRESENT: Mr. Balderston, Vice Chairman

Mr. Sherman, Secretary
Mr. Solomon, Director, Division of Examinations

Regulation U. At Governor Balderston's request, Mr. Solomon commented with respect to the matters that might be presented to the Board by representatives of the New York Clearing House Association on September 11, 1959, concerning the Board's proposed interpretation of the meaning of "carrying" under section 221.3(b)(1) of the Board's Regulation U.

There followed a brief discussion of questions that might be taken up with the Clearing House representatives in the event it seemed desirable to seek their views on possible alternative provisions in the proposed interpretation.

At 3:30 p.m. Messrs. Molony and Fauver entered the room.

Discount rates. The Secretary reported receipt of advices from seven Federal Reserve Banks (New York, Cleveland, Richmond, Chicago, St. Louis, Dallas, and San Francisco) of actions by their directors to fix a discount rate of 4 per cent per annum on advances to member banks secured by United States Government obligations under Section 13 and on other advances and rediscounts under Sections 13 and 13a; of 4-1/2 per cent on advances under Section 10(b); and of 5 per cent on advances
to individuals, partnerships, corporations other than member banks under Section 13 of the Federal Reserve Act, all to be effective subject to approval by the Board of Governors. One of the Federal Reserve Banks indicated that this action by its directors had been taken in order to bring the discount rate more closely into line with existing market rates. In addition to the recent advances in interest rates, factors entering into the action were the broad and heavy demand for bank credit, reflecting general strength in the economy; concern over the risk of upward price tendencies; and the continuing adverse balance of payments.

Following general discussion of the actions taken by the directors of the Reserve Banks and of the procedure that might be followed in announcing action to be taken by the Board with respect to the rates, the establishment of the rates submitted by the Federal Reserve Banks of New York, Cleveland, Richmond, Chicago, St. Louis, Dallas, and San Francisco was approved unanimously, effective September 11, 1959, with the understanding that an announcement of this action would be handed to the press for release at 4:00 p.m. EDT today, that appropriate advice of the action would be sent to all Federal Reserve Banks by wire, and that the customary notice would be filed with the Federal Register.

In taking the above action, the Secretary was authorized to enter in the minutes approval of rates within the pattern established
at these seven Banks if advice of similar action was received from any
of the other five Reserve Banks. This authorization contemplated that
in each case a press release would be issued in the usual form, notifi-
cation would be sent to all Federal Reserve Banks and branches, and a
notice would be published in the Federal Register.

Secretary’s Note: Shortly following the meeting
advice was received from the Federal Reserve Bank
of Kansas City that the directors of that Bank also
had acted today to fix rates of discount similar to
those approved for the other seven Banks effective
September 11, 1959, and, in accordance with the
understanding at this meeting, advice of approval
of the rates so fixed was sent to the Chairman of
the Kansas City Bank.

With this addition, the rates approved for the
Federal Reserve Banks of New York, Cleveland,
Richmond, Chicago, St. Louis, Kansas City, Dallas,
and San Francisco, effective September 11, 1959,
were as follows:

On discounts for and advances to member
banks under Sections 13 and 13a--4 per cent; on
advances to member banks under Section 10(b)--
4-1/2 per cent; on advances to individuals,
partnerships, and corporations other than member
banks under last paragraph of section 13--5 per cent.

The meeting then adjourned.

Secretary’s Notes: Pursuant to the understanding
reached at the meeting of the Board on July 15,
1959, Governor Shepardson today approved on behalf
of the Board a letter in the form attached to these
minutes as Item No. 1, to Dr. Gustavo Miron P.,
Presidente, Banco de Guatemala, with respect to the
detail of Ralph E. Holben to that Bank.
On the basis of a memorandum from the Division of Personnel Administration dated September 9, 1959, Governor Shepardson today approved execution of a "certificate of availability of Federal employee" certifying that the Board would not request a delay if George G. Noory, analyst in the Division of Bank Operations, should be called upon for active duty in the Air Force of the United States.
