Approved items. The following items were approved unanimously after consideration of background information that had been made available to the Board. Copies are attached under the respective numbers indicated.

Item No.

Letter to Wells Fargo Bank, San Francisco, California, approving the establishment of a branch in Redding.
Letter to Kanawha Banking and Trust Company, Charleston, West Virginia, approving the establishment of an in-town branch.

Letter to First National City Bank, New York, New York, approving the establishment of branches in St. Thomas and St. Croix, Virgin Islands.

Letter to Almeda State Bank, Houston, Texas, approving an investment in bank premises.

Telegram to the Federal Reserve Agent at Cleveland authorizing the issuance to BancOhio Corporation, Columbus, Ohio, of a general voting permit covering its stock of The First National Bank of Jackson, Jackson, Ohio.

Letter to the Federal Reserve Bank of Dallas regarding expansion of Blue Cross-Blue Shield coverage.

Report on competitive factors. A report to the Federal Deposit Insurance Corporation on the competitive factors involved in the proposed merger of Matinecock Safe Deposit Company, Locust Valley, New York, into Matinecock Bank, also of Locust Valley, was approved unanimously for transmittal to the Corporation. The conclusion read as follows:

The proposed merger of Matinecock Bank, Locust Valley, New York, and Matinecock Safe Deposit Company, Locust Valley, New York, would have no effect on competition.

Application of Associated Bancorporation (Items 7-9). There had been distributed a memorandum from the Legal Division dated May 10, 1966, regarding the application by Associated Bancorporation, Milwaukee,
Wisconsin, for approval of action to become a bank holding company. The memorandum detailed certain information regarding one of the proposed subsidiary banks that had come to the attention of the staff subsequent to the public hearing on the application in November 1965, and on the basis of this information the Legal Division recommended that the Board direct the Hearing Examiner to defer indefinitely the filing of his report and recommended decision. A proposed order implementing this recommendation was attached to the memorandum. Also attached were drafts of letters to the Hearing Examiner and to counsel for the applicant.

In commenting on the distributed material, Mr. O'Connell brought out that the most recent report of examination conducted by the Federal Deposit Insurance Corporation of Milwaukee Western Bank, one of the banks to be acquired by the proposed holding company, indicated that the condition of the bank had deteriorated substantially. Examinations of both Milwaukee Western Bank and Menomonee Falls Bank, the other bank to be acquired by the proposed holding company, were scheduled for this month. If the examinations should confirm the suspected substantial deterioration in the former bank and, possibly, a lesser deterioration in the latter, the Legal Division would recommend to the Board that it reopen the hearing for the receipt of testimony and documentary evidence, such further hearing sessions to be closed to the public. The proposed order to the Hearing Examiner now under discussion would not identify the
basis for postponement of the filing of a report and recommended decision, but the letter to counsel for the applicant would. It was possible that in the circumstances the applicant might want to withdraw its application.

Following discussion of the distributed material and of the points brought out by Mr. O'Connell's oral presentation, the issuance of the order was authorized and the letters to the Hearing Examiner and to counsel for the applicant were approved unanimously. Copies of the order and letters are attached as Items 7-9. There was agreement with a further recommendation by Mr. O'Connell that the order be made part of the hearing record, but that it not be published in the Federal Register.

Compounding of interest. There had been distributed a memorandum from the Legal Division dated May 6, 1966, relating to a proposed amendment to Regulation Q, Payment of Interest on Deposits, which would permit member banks, subject to certain conditions, to pay interest on deposits at the maximum permissible rate compounded on any basis that the member bank might wish to adopt. The memorandum reported reservations expressed by the Federal Deposit Insurance Corporation in response to the request for that Corporation's views, pursuant to the procedure agreed upon at the Board meeting on March 30, 1966. The views of the Comptroller of the Currency also had been requested, but it was now understood from the Comptroller's staff that no response would be forthcoming.
Governor Robertson suggested that further consideration of the proposal be deferred until a luncheon meeting could be arranged with Chairman Randall and Mr. Sherrill of the Federal Deposit Insurance Corporation, and it was understood that this course of action would be followed.

Question was raised whether it might also be appropriate to discuss with Messrs. Randall and Sherrill the status of the Board's revised notice of proposed rule making that would bring within the definition of "deposit" promissory notes and other forms of member bank indebtedness, with certain exceptions. It was indicated that a memorandum from the Legal Division summarizing comments received on the revised proposal would be available shortly. Accordingly, it was understood that discussion of the subject would be contemplated at the Board meeting next Monday, after which it could better be determined whether a review of the matter with Messrs. Randall and Sherrill would appear profitable.

The meeting then adjourned.

Secretary's Note: On May 10, 1966, Governor Shepardson approved on behalf of the Board a letter to the Federal Reserve Bank of San Francisco (copy attached as Item No. 10) approving the appointment of Danila Mitrovich and Robert L. Ruby as examiners.

In the Matter of the Application of

ASSOCIATED BANCORPORATION,

Milwaukee, Wisconsin,

pursuant to Section 3 of the
Bank Holding Company Act of 1956.

ORDER

The application of Associated Bancorporation for approval
of the formation of a bank holding company, pursuant to section 3(a)(1)
of the Bank Holding Company Act of 1956, was the subject of a public
hearing held on November 9 and 10, 1965, before Hearing Examiner
David London, at the Federal Reserve Bank of Chicago. On December 20,
1965, pursuant to Section 263.4 of the Board's Rules of Practice for
Formal Hearings (12 CFR Part 263), the Hearing Examiner filed the
transcript of hearing record with the Secretary of the Board. Subse-
sequently, Applicant filed proposed findings of fact and conclusions
of law with supporting brief. Pursuant to Section 263.6 of the Board's
Rules of Practice, filing by the Hearing Examiner of his report and
recommended decision would follow the filing of Applicant's proposed
findings, conclusions, and brief.
On the basis of information obtained by the Board in the performance of its bank supervisory functions, the Board finds that the filing by the Hearing Examiner of his report and recommended decision should be stayed pending consideration by the Board of the necessity for receipt by the Hearing Examiner of further evidence relating to one or more of the issues involved in this proceeding.

Accordingly, it is ordered that the filing of the Hearing Examiner's report and recommended decision in this proceeding be stayed until further order of the Board.

Dated at Washington, D.C., this 11th day of May, 1966.

By order of the Board of Governors.

Enclosure
Re: In the Matter of the Application of Associated Bancorporation - Docket No. BHC-74

Dear Mr. LaBudde:

As you know, the above application relating to the proposed acquisition by Applicant of the voting stock of Milwaukee Western Bank, Milwaukee, and Menomonee Falls Bank, Menomonee Falls, both in Wisconsin, is now before Hearing Examiner David London for his report and recommended decision. Subsequent to your filing of Applicant's proposed findings of fact, conclusions of law, and brief, the Board has had occasion to review the November 15, 1965 report of examination of the Milwaukee Western Bank prepared by examiners of the Federal Deposit Insurance Corporation's Seventh District Office, and the bank's report of condition as of April 5, 1966, submitted to the Corporation. In general, the examination and condition reports mentioned reflect, in the Board's judgment, conditions within Milwaukee Western Bank significantly different in certain critical areas than reflected in the May 4, 1964 report of examination prepared by the Corporation. Among other matters noted in the November 15, 1965 report of examination were the substantial increases in loan classifications and large concentrations of credit that have occurred apparently since the May 4, 1964 report of examination. In addition, as reflected in the bank's April 5, 1966 report of condition, the bank's loan-to-deposit ratio has increased over that of November 1965, reflecting an increase in total loans and a net decrease in deposits.

The foregoing references to certain aspects of Milwaukee Western Bank's operations have, in the Board's opinion, a direct bearing on one or more of the statutory factors with respect to
which evidence was adduced during the hearing on Associated Bancorporation's application. Similarly, the Board believes that the current examinations of Milwaukee Western Bank and Menomonee Falls Bank, which the Board is advised were commenced on May 9, 1966, will bear upon the aforementioned factors.

Pursuant to Section 263.2(j) of the Board's Rules of Practice for Formal Hearings (12 CFR Part 263), upon appropriate notice, the Board may reopen any hearing at any time prior to entry of its order disposing of any matter, for the purpose, among others, of calling for further evidence upon any issue. To the end that the Board will be able to determine whether there is reasonable cause to reopen the hearing record on Applicant's proposal for the purpose of receiving further evidence, the Board has directed its staff, including Board counsel, to review, among other data, the November 15, 1965 report of examination of Milwaukee Western Bank, the December 15, 1965 report of examination of Menomonee Falls Bank, and the reports of examination of both banks that will be prepared following the current examinations of these banks. Pending completion of these examinations and the reports thereon, and the Board's decision as to the need for reopening the hearing record on the application in Docket No. BHC-74, the Board has issued an order directing the Hearing Examiner to stay the filing of his report and recommended decision until further order of the Board. The Board's order is enclosed. Also enclosed is a copy of a letter of this date under which the Board's order was sent to Hearing Examiner London and a copy of the Board's letter to Applicant with its stated enclosures. Should you or representatives of Associated Bancorporation have any questions regarding either the enclosed order or this letter, you may wish to communicate with Mr. Thomas J. O'Connell, Board counsel, in this regard.

The enclosed order will be entered as part of the record in this proceeding, but will not be published in the Federal Register.

Very truly yours,

(Signed) Merritt Sherman
