Director of Negro Economics

August 26, 1919.

The following is a copy of the Clearance Bulletin of the U. S. Employment Service for the week ending August 23, 1919. It is prepared for the use of the State Directors in arranging for the Interstate clearance of applicants and opportunities.

This Bulletin is not a statement of labor surplus or shortage in a State as a whole. It is a compilation from the records of this Service, showing the applicants for jobs that cannot be placed within their State and the positions open that cannot be filled within the State. It is, therefore, limited in its scope and indicates merely the trend of employment conditions.

July 29, 1919.

The following is a copy of the Clearance Bulletin of the U. S. Employment Service for the week ending June 26, 1919. It is prepared for the use of the State Directors in arranging for the Interstate clearance of applicants and opportunities.

This Bulletin is not a statement of labor surplus or shortage in a State as a whole. It is a compilation from the records of this Service, showing the applicants for jobs that cannot be placed within their State and the positions open that cannot be filled within the State. It is, therefore, limited in its scope and indicates merely the trend of employment conditions.

My dear Dr. Haynes:

I saw in a recent copy of the Baltimore "SUN" an article concerning the conference of the National Association of Teachers in Colored Schools, which is to meet in Baltimore July 28 to 31. Your name appeared as one of the speakers. I wonder if you can tell me where and how I can obtain a copy of the program for this meeting. I do not find the address of any one of the officers in the article to which I refer.

Thank you very much for this information.

Very truly yours,

Paul B. Johnson, M.D., Director,

My dear Dr. Johnson:

In answer to your letter of the 20th instant, just received, you can probably get a copy of the complete program of the Conference of the National Association of Colored School Teachers from the President - Dr. John M. Gandy, Virginia Normal and Industrial Institute, Petersburg, Va. I regret that I am unable to locate the one or two newspaper copies of the program which were here .

Yours very truly,

GEORGE E. HAYNES,
