Dear Sir:-

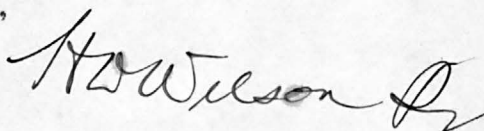

Information submitted herewith, in response to yours of 13th, is hardly representative of usual business transacted between this place and K.C. and Omaha, for the reason that during the month of May, there was a particularly unusual movement of grain from this vicinity, -nearly all of which went to K.C. and which might not happen again during May, or in fact, would happen but a few months during the year.

Further, the report sent, showing drafts drawn by us on Omaha and K.C. largely represent transfers of funds, or drafts issued by us in settlement of clearings between ALL the Neb. City banks, daily.

This bank pays by draft, balances due other banks excepting ourselves, in clearings, and their payments are to us. Hence, as we had more than usual sent to K.C., in the shape of grain drafts, we drew on them for clearings. At left side of blank sent us, we have placed figures which would more properly represent our real transactions, (not inc. transfers,) during a very quiet month.

Of the \$69000. drawn on K.C. - \$60,000. were grain drafts. Of the drafts issued on K.C. over ~~\$4500xxxxxxx~~ \$60000. of the \$67000. were for transfers of funds or clearing payments. of over \$90000 Omaha drafts issued, \$80000. were for transfers or clearings.

Honorable Charles S. Hamlin,
Governor, Federal Reserve Board,
Washington, D. C.

My dear Governor Hamlin:

We are just in receipt of two telegrams from Secretary Willis, one advising that the Board has refused petition of Nebraska-Wyoming banks for transfer to Chicago district; the other conveying the information that the petition of Oklahoma banks for transfer to Kansas City district has been granted, effective July 1st.

Each of these telegrams conveys to us very pleasing information. First, because we are glad to retain our esteemed members in Nebraska-Wyoming; and, second, we are delighted to welcome into District No. 10 the new membership from Oklahoma.

Mr. C. E. Burnham, of Norfolk, Nebraska, one of our directors, is in Kansas City at present serving on our Executive Committee, and he expresses it as his judgment that the Board having finally rendered decision in the Nebraska-Wyoming appeal, whatever antagonism has heretofore existed will completely disappear, and we will be accorded the hearty cooperation of the banks of that State.

We are positive that we will be able to render most satisfactory service to our new Oklahoma members, and are confident we will be accorded the utmost loyalty and cooperation by them.

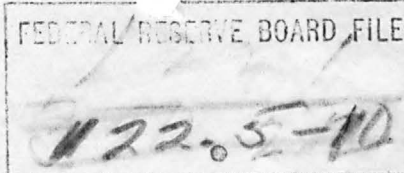

While thanks for a judicial decision are rarely expressed, yet, in this instance, we trust you will accept the expression of our deep appreciation of the favorable decisions which have just been rendered by your Board.

With assurances of high regard, I am,

Respectfully,

Federal Reserve Agent.
