Because of special work within the bank, the field activities of the Bank Relations Department at the Head Office were necessarily restricted during the month.

Absence on account of vacation and substitution for another, explains the failure of our Baltimore Branch representative (Mr. Wrightsen) to report any field activities for this month.

Copy of resolution passed at Group Meeting of the Alabama Bankers Association, held in Selma, Alabama, on April 21, 1928:

"Your Committee wishes to call attention to the splendid financial service rendered by the Federal Reserve System, as now constituted, and the wonderful aid given by such System to the country at large, in promoting a more elastic currency and the prevention of drastic inflation and deflation, which operates to keep business on an even keel. It also takes the liberty to urge all non-member banks in the State to become members of the Federal Reserve System for their own benefit and for the benefit of the whole country."
