FEDERAL RESERVE BANK
OF ATLANTA

470.01(6)

March 31, 1933.

To the Member Bank Addressed:

We are in receipt of the following communication from the Federal Reserve Board, which is quoted for your information:

'Penalties should not be assessed against a member bank for deficiencies in reserves for period beginning March 6 and ending on date next preceding March 13, 14 or 15 depending on which of these days according to its location such bank might first have opened to perform usual banking functions under license issued by Secretary of Treasury pursuant to the provisions of Executive order of the President, regardless of whether such license was actually issued or not.

'Member banks licensed to open should maintain reserves in accordance with usual requirements beginning with effective date of license.

'For the present and until further notice a bank not licensed to open, whether or not it is in the hands of a Conservator appointed by the Comptroller of the currency, or in the hands of a state official having similar authority, should not be penalized for a deficiency in reserves against deposits which have not been made available for withdrawal by depositors.'

'Member banks not licensed to open on one of the above days, should, pending the receipt of a license to open, maintain reserves on new deposits and old deposits made available for withdrawal as follows:

'Deposits received in special trust accounts pursuant to provisions of Regulation 7 of the Secretary of the Treasury and deposits received while a bank is in the hands of Conservator appointed by Comptroller of currency or in the hands of a state official having similar authority are demand deposits and subject to demand deposit reserve.

'The part of deposits made available for immediate withdrawal on a ratable basis under Regulation 27 of Secretary of Treasury should be treated as demand deposits and subject to demand deposit reserve.

'The part of deposits made available for withdrawal on a ratable basis from National banks in hands of Conservators as provided in Section 206 of the Bank Conservation Act or under similar conditions from state member banks in hands of Conservators or other state officials having similar authority should be considered as demand deposits and subject to demand deposit reserve.' Governor.

For your information we quote following communications received from the Treasury Department:

"The President has issued the following Executive order:

'Whenever the appropriate authority having immediate supervision of any banking institution located in any state or place subject to the jurisdiction of the United States which is a member of the Federal Reserve System and which has not been licensed by the Secretary of the Treasury to resume its usual banking functions, shall deem it necessary or advisable in order to conserve the assets of such banking institution for the benefit of the depositors or other creditors, such authority may, in accordance with the provisions of the applicable laws of such state or place, appoint such appropriate officials as may be authorized under such laws to conserve the assets of such banking institution pending further disposition of its business as provided by such laws.

'This order shall not authorize any such member bank to reopen for the performance of usual and normal functions until it shall have received a license from the Secretary of the Treasury as provided in Executive order of March 10, 1933' "

REGULATION NUMBER 27 - "Under authority conferred upon him by the President's proclamations of March 6, 1933, and of March 9, 1933, declaring and continuing a Bank Holiday, and the Executive order of March 10, 1933, the Secretary of the Treasury has issued the following regulation:

'Any State Banking Institution which is a member of the Federal Reserve System and which is not licensed by the Secretary of the Treasury to reopen for the performance of usual banking functions may, with the approval of the appropriate state authority having immediate supervision of such banking institution, permit withdrawals by depositors and make payments to creditors of such percentage of the amounts due to them (not exceeding 5%) as it may determine, provided that at or before the time of such withdrawal or payment it shall set aside and make available for such purpose a fund for the benefit of and sufficient to pay to all depositors and creditors the percentage so determined.

'This regulation shall not in any way affect any right created by regulation Number 7 nor limit or restrict any payment thereby authorized.

'Any right to authorize withdrawals or payments under the terms of this regulation shall terminate upon the appointment of any Conservator, Receiver or other appropriate State Official taking charge of the affairs of such banking institutions.'

TO THE MEMBER BANK ADDRESSED:

On yesterday the Secretary of the Treasury began the licensing, for reopening on an unrestricted basis, of banks which are members of the Federal Reserve System; such licensing will continue from day to day. We are enclosing a list of member banks which began operation today under such licenses.

Non-member state banks are also being permitted to open by State authorities - some on a restricted basis and some on an unrestricted basis. We are enclosing a list showing non-member banks which, according to our information, have been licensed for opening on an unrestricted basis by State authorities. This last named list is not complete but is made up from the only data now obtainable.

These lists are sent to you primarily for your convenience in forwarding items for collection. Only such items as are drawn on or payable at banks shown on these lists, and supplements thereto, (which supplements will be forwarded to your bank from day to day) together with items drawn on or payable at Federal Reserve Banks and U. S. Treasury warrants, can be collected through the Reserve System.

Please do not forward to us or direct to Federal Reserve Banks in other districts any checks or other items for collection drawn on or payable at banks which are not included in this or subsequent lists.

Very truly yours,

Assistant Cashier.

NOTE: Please preserve the enclosed lists and supplements very carefully and consult the same, together with par lists, when making up your cash or collection letters. Also segregate checks and cash letters by states. Failure to observe these requirements will result in delay in the forwarding of your items and considerable inconvenience to the Federal Reserve Bank.

For your information we quote below the following statement of the Secretary of the Treasury:

"Under the terms of the Act of March 9, 1933, immediate action has been taken by the President and the Secretary of the Treasury which will make possible the resumption of banking operations in substantial volume at a very early date. Pending such resumption the vital needs of communities must be met. Attention of all banking institutions is called to regulation 10, which is still in force and which as amended provides for cooperation between banks in different communities and reads as follows;

Any National or State banking institution may exercise its usual banking functions to such extent as its situation shall permit and as shall be absolutely necessary to meet the needs of its community for food, medicine, other necessities of life, for the relief of distress, for the payment of usual salaries and wages, for necessary current expenditures for the purpose of maintaining employment, and for other similar essential purposes. Banking institutions may carry out such transactions as may be necessary to aid banking institutions in other communities to meet the necessities set forth above, provided, however, that (1) every precaution shall be taken to prevent hoarding or the unnecessary withdrawal of currency (2) no state banking institution shall engage in any transaction under this regulation which is in violation of state or federal law or of any regulation issued thereunder (3) no National Banking Association shall engage in any transaction under this Section which is in violation of any Federal law or of any order or regulation issued by the Comptroller of the Currency and (4) no gold or gold certificates shall be paid out. Each banking institution and its directors and officers will be held strictly accountable for faithful compliance with the spirit and purpose as well as the letter of this regulation.

In addition in order to enable individuals, partnerships and corporations to meet their immediate payroll requirements Federal Reserve Banks may make temporary advances to such individuals, partnerships and corporations on their promissory notes secured by direct obligations of the United States in accordance with authority granted by the Federal Reserve Board."

released by the Secretary of the Treasury:

"The Emergency Banking Legislation passed by the Congress today is a most constructive step toward the solution of the financial and banking difficulties which have confronted the country. The extraordinary rapidity with which this Legislation was enacted by the Congress heartens and encourages the country.

This Legislation makes possible the opening of banks upon a sound basis, backed by an adequate supply of currency. Through this law the banks which will open will be placed in a position to meet all demands. This assurance should restore confidence and create the foundation for a forward movement in business activities.

It will be the policy of the Treasury to permit as rapidly as possible the opening of the sound banks. There are, of course, many thousands of such banks which will promptly be restored to the performance of their normal functions.

THE TREASURY HAS ALREADY TAKEN STEPS TO SECURE INFORMATION THROUGH PROPER AUTHORITIES AS TO THE CONDITION OF THE VARIOUS BANKS OF THE COUNTRY AND IMMEDIATELY INVITES FROM THE BANKS APPLICATIONS FOR REOPENING.

While such information has already been assembled, the completion of the information and of the arrangements of the banks for resuming their functions takes some time. It has therefore been decided not to authorize any reopenings before Saturday, March 11. It is obvious that it will not be possible to act upon all of the applications even by Saturday. Regulations governing reopenings and also other subjects covered by the Legislation will immediately be published."
