ARTICLE II

PURCHASE OF GOLD FOR USE IN INDUSTRY,
PROFESSION OR ART

SEC. 1. *Eligible Applicants.* Any person having a legitimate and customary use for gold in industry, profession or art (including research and scientific work), or any person customarily supplying gold to others for such use (hereinafter called a "dealer"), may file with a Federal reserve bank an application to purchase such quantity of gold as may be required for legitimate and customary use within a reasonable time.

SEC. 2. *Applications.* Such application shall be filed in duplicate, executed under oath and verified before an officer duly authorized to administer oaths, and shall contain (a) the name and address of the applicant, (b) the industry, profession or art or business in which the applicant is engaged, (c) the amount of gold usually required for use in the applicant's business for a period of 90 days, (d) the amount of gold used or sold during the preceding calendar year, (e) the amount and a description of all gold on hand at the date of the application, (f) the amount of gold applied for, (g) a statement that the applicant will use such gold as he may be permitted to purchase only for the legitimate and customary requirements of industry, profession or art, or for sale exclusively in industry, profession, or art, and (h) a statement that no other application is pending.

SEC. 3. *Purchase of Gold.* Upon receipt of the application and after making such investigation of the case as it may deem advisable, the Federal reserve bank, if satisfied that the gold is necessary for the legitimate and customary requirements of the applicant's business, industry, profession or art, within a reasonable time, may permit the applicant to purchase such quantity of gold (not in excess of the amount applied for) as may be necessary for such use upon payment therefor of an equivalent amount of coin or currency coined or issued under the laws of the United States. The applicant shall keep an exact record of the disposition of

such gold, and, in the case of a dealer furnishing gold for use in industry, profession or art, such dealer shall keep a record which shall show the amounts and dates of sales and the names and addresses of the purchasers. Such records shall be available for examination by a representative of the Treasury Department for at least one year after the date of the disposition of the gold. The gold so purchased shall be used or disposed of only in accordance with this Article and the Executive Order of April 5, 1933. Dealers withdrawing gold under this Article shall require of the persons who purchase gold from them an affidavit that the gold so purchased will be used exclusively in the industry, profession, or art in which such purchasers are engaged.

ARTICLE III

EXPORT OF GOLD COIN OR GOLD BULLION

(b) imported for reexport;*

(c) actually required for the fulfilment of any contract calling for payment or delivery of gold coin or bullion, entered into prior to April 20, 1933, by an applicant who in obedience to the Executive Order of April 5, 1933, has delivered gold coin, gold bullion or gold certificates in accordance with such order; or

(d) with the approval of the President, for transactions which he may deem necessary to promote the public interest.

SEC. 2. *Application for Licenses.* Application for license under Section 1 to export from the United States or any place subject to the jurisdiction thereof any gold coin or gold bullion shall be made to the Secretary of the Treasury. Each such application shall be executed in duplicate under oath and verified before an officer duly authorized to administer oaths, and shall state in detail (a) the name and address of the applicant, (b) the name and address of the owner of the gold to be exported, (c) the amount and a description of gold coin or gold bullion and the location thereof, (d) the port from which export will be made, (e) the name and address of the consignee, and (f) the nature of the transaction and the facts making necessary the export. In the case of an application for a license under section 1(c) of this Article, the application, in addition to the above, shall state in detail, (1) the amount respectively of the gold coin, gold bullion or gold certificates delivered in obedience to the Executive Order of April 5, 1933, and the date and place of such delivery, and (2) the amount of gold coin or gold bullion actually required for the fulfilment of the contract. to the applicant. If the license applied for is not granted, the bank through which the application was transmitted will be advised and such bank shall thereupon so notify the applicant.

SEC. 7. *Expiration of License.* All licenses to export gold coin or bullion issued under this Article shall expire fifteen days after date of issue and any person holding a license who fails to export gold coin or bullion in accordance with the terms of the license shall forthwith deliver such gold coin or bullion to a Federal reserve bank.

ARTICLE IV

IMPORT FOR SMELTING AND/OR REFINING AND EXPORT

SEC. 1. *Notation upon Entry.* Upon the formal entry into the United States of gold-bearing ores, or any other gold-bearing materials imported into the United States for smelting and/or refining under an agreement providing for the export of gold bullion, the importer shall notify the Collector of Customs at the port where the gold-bearing ore or material is formally entered that the importation is made under such agreement. The Collector shall make a notation on the entry to this effect and forward a copy of the entry to the United States Assay Office at New York, New York, or to the United States Mint at San Francisco, California, whichever is designated by the importer.

SEC. 2. *Sampling and Assaying.* Promptly upon the receipt of each importation of gold-bearing ore or material at the plant where it is first to be treated, it shall be weighed, sampled and assayed for gold content. A reserve commercial sample shall be retained at such plant for at least one year from the date the importation was received by the plant unless the assay is sooner verified by the Treasury Department.

SEC. 3. *Plant Records.* The importer shall cause an exact record, covering each importation, to be kept at the plant of first treatment. The record shall show the gross wet weight of the importation, the weight of containers, if any, the net wet weight, the percentage and weight of moisture, the net dry weight, the gold content shown by the settlement assay, and the amount of gold bullion required to be exported under the agreement. An attested copy of such record shall be filed promptly with the Assay Office or the Mint, whichever has been designated to receive a copy of the entry.

SEC. 4. *Application for Export License.* Not later than fifteen days from the date of entry, the importer shall file an application with the Assay Office or the Mint, whichever has been designated to receive a copy of the entry, for a license to export gold bullion not in excess of the amount shown by the Settlement Sheet covering the importation. Such application shall be filed in duplicate, executed under oath and verified before an officer duly authorized to administer oaths, and shall show (a) the name and address of the applicant, (b) the port at which the importation was formally entered, (c) the entry number, (d) the date of entry, (e) the plant at which the importation was first treated, (f) the gross wet weight, (g) the weight of containers, if any, (h) the net wet weight, (i) the percentage and weight of moisture, (j) the net dry weight, (k) the gold content, (l) the amount of gold bullion required to be exported under the agreement, and (m) the name and address of the proposed consignee of the exportation. The application shall be accompanied by two duly attested copies of the Settlement Sheet.

SEC. 5. *Issuance of Serial Numbered Certificate.* If the Superintendent of the Assay Office or of the Mint is satisfied as to the accuracy of the data shown on such application, he

shall issue to the importer a dated Serial Numbered Certificate which shall show the amount of gold specified by the application and the amount specified by the Settlement Sheet. The Director of the Mint shall prescribe the form of such certificate.

SEC. 6. *Issuance of Export License.* Upon delivery to the Assay Office or the Mint, within 120 days from the date it was issued, of the Serial Numbered Certificate the Superintendent of the Assay Office or Mint shall issue to the importer a license to export gold bullion in the amount applied for but not in excess of the amount specified by the Settlement Sheet as shown on such certificate.

SEC. 7. *Licenses.* Each license for the export of gold bullion under this Article shall be numbered serially and shall bear (a) the date of issue, (b) the name and address of the licensee, (c) the name and address of the consignee, (d) the amount and description of the gold licensed, (e) the port of export, and (f) a statement "This license shall expire 15 days from date of issue."

SEC. 8. *Notification of Issuance of License.* At the time the license is issued, the issuing assay office or mint shall transmit a copy thereof to the Collector of Customs at the port of export designated thereon. No Collector of Customs shall permit the export of any gold bullion under this article except upon surrender of a license to export, a copy of which has been received by him from the assay office or mint issuing the license.

SEC. 9. *Expiration of License.* All licenses to export gold bullion issued under this article shall expire 15 days after date of issue and any person holding a license who fails to export the gold bullion in accordance with the terms of the license shall forthwith deliver such bullion to a Federal reserve bank.

ARTICLE V

ACQUISITION OR RETENTION OF GOLD COIN, GOLD BULLION OR GOLD CERTIFICATES FOR PROPER TRANSACTIONS NOT INVOLVING HOARDING

SEC. 1. *Licenses for Proper Transactions and for Purposes not Covered in Preceding Articles.* Any person showing the need for gold coin or gold bullion for a proper transaction not involving hoarding or for gold coin or gold bullion for a purpose specified in the Executive Order of April 5, 1933, and not covered by the foregoing Articles of these Regulations, may make application to the Secretary of the Treasury for a license to purchase, or if such coin or bullion is already in his possession, to retain such coin or bullion, in amounts as may be reasonably necessary for such proper transaction or purpose. Applications shall be filed with any Federal reserve bank. The application shall be filed in duplicate, executed under oath and verified before an officer duly authorized to administer oaths and shall contain (a) the name and address of the applicant, (b) the amount of gold coin or gold bullion desired to be purchased or retained, (c) the amount and description of the gold coin or bullion on hand, if any, at the date of the application, (d) the proper transaction or purpose to which the gold coin or gold bullion will be devoted and the facts making necessary its purchase or retention, (e) such other facts as will enable the Secretary of the Treasury to determine whether the transaction is proper, and (f) a statement that the applicant will use such gold coin or gold bullion as he may be permitted to purchase or retain only for the transaction or purpose set forth in the application. In the case of an applicant for a license who has delivered in obedience to the Executive Order of April 5, 1933, gold coin, gold bullion or gold certificates, the application, in addition to the above, shall state in detail (1) the amount of gold coin, gold bullion or gold certificates delivered in obedience to the Executive Order of April 5, 1933, (2) the date of such delivery, and (3) the bank at which delivered.

SEC. 2. *Disposition of Applications.* On the receipt of any such application, the Federal reserve bank shall make such investigation of the case as it may deem advisable and shall transmit to the Secretary of the Treasury the original of such application, together with (a) any supplemental information it may deem appropriate and (b) a recommendation whether a license should be granted or denied. The Federal reserve bank shall retain a copy of the application for its records.

SEC. 3. *Granting or Denial of the License.* Upon receipt of the original application and the recommendation of the Federal reserve bank transmitting it, the Secretary of the Treasury

will grant or deny the license. A license will be granted on application for the retention or acquisition of gold coin or bullion made by any person showing the need for such gold coin or bullion in accordance with the provisions of section 8 of the Executive Order of April 5, 1933, in cases where such person has gold coin, gold bullion or gold certificates in his possession, or in obedience to said Executive Order, has delivered such coin, bullion or certificates. A license so granted shall be for an amount of gold coin or bullion not exceeding the amount of such coin, bullion or certificates held or delivered. When the issuance of a license is approved by the Secretary of the Treasury the Federal reserve bank through which application was made, will issue a license to the applicant. If denied, the Federal reserve bank will be so advised and shall immediately notify the applicant. The decision of the Secretary of the Treasury shall be final. The Federal reserve bank shall note upon the retained copy of the application whether or not a license has been granted, and, if granted, the date of the license and the amount of the gold coin or gold bullion covered thereby.

SEC. 4. *Acquisition of Gold.* Upon presentation of a license for the acquisition of gold coin or bullion to a Federal reserve bank, such bank shall deliver to the licensee the amount of gold coin or gold bullion authorized in such license upon payment therefor in an equivalent amount of any form of coin or currency coined or issued under the laws of the United States.

SEC. 5. *Reports Required on the Disposition of Gold Coin or Bullion.* Any person holding a license for the retention or acquisition of gold coin or bullion issued under this Article, who shall at any time dispose of such gold coin or bullion in accordance with the terms of the license or otherwise, shall immediately file a written report in duplicate with the Federal reserve bank through which the license was issued. Such report shall be executed under oath and verified before an officer duly authorized to administer oaths and shall contain (a) the names and addresses of the person or persons to whom such gold coin or bullion was delivered, (b) the amounts thereof and whether gold coin or gold bullion and (c) the reason for such delivery. On the receipt of any such report, the Federal reserve bank receiving it shall immediately transmit the original to the Secretary of the Treasury in Washington and shall retain a copy for its records. Upon the transfer of any gold coin or bullion by a person licensed to retain or acquire the same, such licensee shall advise the transferee of the provisions of the Executive Order of April 5, 1933, and of the penalties for its violation, and such transferee shall deliver such gold coin or bullion so received to a Federal reserve bank or branch or agent thereof or any member bank of the Federal Reserve System in accordance with the Executive Order of April 5, 1933, and shall be subject to the penalties of said Executive Order for any violation thereof.

These regulations may be supplemented, modified or revoked at any time.

W. H. WOODIN
Secretary of the Treasury.

all other authority vested in me, do hereby issue the following
Executive Order:"

"1. Until further Order, the earmarking for foreign account
and the export of gold coin, gold bullion or gold certificates from
the United States or any place subject to the jurisdiction thereof

"4. Applicants who have gold coin, gold bullion or gold certificates in their possession, or who in obedience to the Executive Order of April 5, 1933, have delivered gold coin, gold bullion or gold certificates shall be entitled to licenses as provided in Section 8 of said Executive Order for amounts not exceeding the equivalent of such coin, bullion or certificates held or delivered. Bulletin No. 233

FEDERAL RESERVE BANK OF CHICAGO
230 SOUTH LA SALLE STREET

April 13, 1933.

SUBJECT: HOARDING OF GOLD FORBIDDEN BY EXECUTIVE ORDER.

To All Banking Institutions in the Seventh Federal Reserve District:

For your information we quote below the text of an Executive Order of the President of the United States issued April 5, 1933:

"Forbidding the hoarding of gold coin, gold bullion and gold certificates, by virtue of the authority vested in me by Section 5 (B) of the Act of October 6, 1917, as amended by Section 2 of the Act of March 9, 1933, entitled: 'An Act to provide relief in the existing national emergency in banking, and for other purposes,' in which amendatory Act Congress declared that a serious emergency exists, I, Franklin D. Roosevelt, President of the United States of America, do declare that said national emergency still continues to exist and pursuant to said section do hereby prohibit the hoarding of gold coin, gold bullion and gold certificates within the continental United States by individuals, partnerships, associations and corporations and hereby prescribe the following Regulations for carrying out the purposes of this order:"

"Section 1. For the purposes of this Regulation, the term 'Hoarding' means the withdrawal and withholding of gold coin, gold bullion or gold certificates from the recognized and customary channels of trade. The term 'Person' means any individual, partnership, association or corporation."

"Section 2. All persons are hereby required to deliver on or before May 1, 1933, to a Federal Reserve Bank or a branch or agency thereof or to any member bank of the Federal Reserve System all gold coin, gold bullion and gold certificates now owned by them or coming into their ownership on or before April 28, 1933, except the following:

"(A) Such amount of gold as may be required for legitimate and customary use in industry, profession or art within a reasonable time, including gold prior to refining and stocks of gold in reasonable amounts for the usual trade requirements of owners mining and refining such gold."

"(B) Gold coin and gold certificates in an amount not exceeding in the aggregate \$100.00 belonging to any one person; and gold coins having a recognized special value to collectors of rare and unusual coins."

"(C) Gold coin and bullion earmarked or held in trust for a recognized foreign government or foreign central bank or the Bank for International Settlements."

"(D) Gold coin and bullion licensed for other proper transactions (not involving hoarding) including gold coin and bullion imported for re-export or held pending action on applications for export licenses."

“Section 3. Until otherwise ordered any person becoming the owner of any gold coin, gold bullion or gold certificates after April 28, 1933, shall, within three days after receipt thereof, deliver the same in the manner prescribed in Section 2; unless such gold coin, gold bullion or gold certificates are held for any of the purposes specified in paragraphs (A), (B), or (C), of Section 2; or unless such gold coin or gold bullion is held for purposes specified in paragraph (D) of Section 2 and the person holding it is, with respect to such gold coin or bullion, a licensee or applicant for license pending action thereon.”

“Section 4. Upon receipt of gold coin, gold bullion or gold certificates delivered to it in accordance with Sections 2 or 3, the Federal Reserve Bank or member bank will pay therefor an equivalent amount of any other form of coin or currency coined or issued under the laws of the United States.”

“Section 5. Member banks shall deliver all gold coin, gold bullion and gold certificates owned or received by them (other than as exempted under the provisions of Section 2) to the Federal Reserve Banks of their respective districts and receive credit or payment therefor.”

“Section 6. The Secretary of the Treasury out of the sum made available to the President by Section 501 of the Act of March 9, 1933, will in all proper cases pay the reasonable costs of transportation of gold coin, gold bullion or gold certificates delivered to a member bank or Federal Reserve Bank in accordance with Sections 2, 3, or 5 hereof, including the cost of insurance, protection, and such other incidental costs as may be necessary, upon production of satisfactory evidence of such costs.”

“Voucher forms for this purpose may be procured from Federal Reserve Banks.”

“Section 7. In cases where the delivery of gold coin, gold bullion or gold certificates by the owners thereof within the time set forth above will involve extraordinary hardship or difficulty, the Secretary of the Treasury may, in his discretion, extend the time within which such delivery must be made. Applications for such extensions must be made in writing under oath, addressed to the Secretary of the Treasury and filed with a Federal Reserve Bank. Each application must state the date to which the extension is desired, the amount and location of the gold coin, gold bullion and gold certificates in respect of which such application is made and the facts showing extension to be necessary to avoid extraordinary hardship or difficulty.”

“Section 8. The Secretary of the Treasury is hereby authorized and empowered to issue such further regulations as he may deem necessary to carry out the purposes of this order and to issue licenses thereunder, through such officers or agencies as he may designate, including licenses permitting the Federal Reserve Banks and member banks of the Federal Reserve System, in return for an equivalent amount of other coin, currency or credit, to deliver, earmark or hold in trust gold coin and bullion to or for persons showing the need for the same for any of the purposes specified in paragraphs (A), (C) and (D) of Section 2 of these Regulations.”

“Section 9. Whoever willfully violates any provision of this Executive Order or of these Regulations or of any rule, regulation or license issued thereunder may be fined not more than \$10,000, or, if a natural person, may be imprisoned for not more than ten years, or both; and any officer, director, or agent of any corporation who knowingly participates in any such violation may be punished by a like fine, imprisonment or both.”

“This order and these regulations may be modified or revoked at any time.”

GENERAL INFORMATION

Under Section 6 of the Executive Order, quoted above, the Secretary of the Treasury has authorized the Federal Reserve Bank of Chicago to pay any expenses described in the order which it may deem reasonable under the circumstances. Accordingly, reimbursement of shipping charges will be made to member and non-member banks for shipments of gold to the Federal Reserve Bank of Chicago. In the event claims are made for reimbursement for expense incurred by individuals in delivering gold to member banks, special instructions will be communicated upon request. At present it will be unnecessary for banks to provide themselves with the voucher forms referred to in Section 6.

INSTRUCTIONS

To Member and Non-Member Banks: Gold coin should be shipped by EXPRESS COLLECT; gold certificates by Registered Mail Insured. The cost of postage and insurance will be absorbed by this bank.

To Non-Member Banks: Please include with each shipment an advice showing the amount of gold coin or gold certificates and indicate on each advice what disposition should be made of the credit; that is, whether currency should be sent in exchange or whether the amount should be credited to your account with your correspondent.

In addition to the advice to be enclosed with each shipment of gold certificates by Registered Mail, a letter by ordinary mail should be sent direct to this bank advising the amount of currency being sent and the cost of postage and insurance, in separate figures.

Banks in the Detroit branch district should make shipments to the Detroit Branch, Federal Reserve Bank of Chicago, 160 Fort Street West, Detroit, Michigan.

JAMES B. McDOUGAL,
Governor.

FEDERAL RESERVE BANK OF CHICAGO

April 8, 1933.

**SUBJECT: DIRECT LOANS BY FEDERAL RESERVE BANKS
TO NONMEMBER STATE BANKS AND TRUST COMPANIES.**

To All Banks and Trust Companies in the Seventh Federal Reserve District:

Under Public Act No. 4 of the 73rd Congress, approved March 24, 1933, which amends the Emergency Banking Act, approved March 9, 1933, Federal reserve banks are authorized, during the existing emergency in banking, to make direct loans to nonmember State banks and trust companies. For your information we quote below the text of this Act:

"Sec. 404. During the existing emergency in banking, or until this section shall be declared no longer operative by proclamation of the President, but in no event beyond the period of one year from the date this section takes effect, any State bank or trust company not a member of the Federal reserve system may apply to the Federal reserve bank in the district in which it is located and said Federal reserve bank, in its discretion and after inspection and approval of the collateral and a thorough examination of the applying bank or trust company, may make direct loans to such State bank or trust company under the terms provided in section 10 (b) of the Federal Reserve Act, as amended by section 402 of this Act: PROVIDED, That loans may be made to any applying nonmember State bank or trust company upon eligible security. All applications for such loans shall be accompanied by the written approval of the State banking department or commission of the State from which the State bank or trust company has received its charter and a statement from the said State banking department or commission that in its judgment said State bank or trust company is in a sound condition. The notes representing such loans shall be eligible as security for circulating notes issued under the provisions of the sixth paragraph of section 18 of the Federal Reserve Act, as amended by section 401 of this Act, to the same extent as notes, drafts, bills of exchange, or bankers' acceptances acquired under the provisions of the Federal Reserve Act. During the time that such bank or trust company is indebted in any way to a Federal reserve bank it shall be required to comply in all respects to the provisions of the Federal Reserve Act applicable to member State banks and the regulations of the Federal Reserve Board issued thereunder: PROVIDED, That in lieu of subscribing to stock in the Federal reserve bank it shall maintain the reserve balance required by section 19 of the Federal Reserve Act during the existence of such indebtedness. As used in this section and in section 304, the term 'State bank or trust company' shall include a bank or trust company organized under the laws of any State, Territory, or possession of the United States, or the Canal Zone."

Under the terms of this Act, Federal reserve banks may make loans to nonmember State banks or trust companies upon the following conditions:

(1) Loans may be granted during existing emergency in banking or until by proclamation of the President the provisions of this section shall be declared no longer operative, but in no event after March 24, 1934.

(2) Loans may be made by a Federal reserve bank only to nonmember State banks or trust companies located within its district.

(3) Loans may be made in the discretion of the Federal reserve bank after inspection and approval of the collateral offered and a thorough examination of the applying bank or trust company.

(4) Loans granted are to be made under the terms provided in section 10 (b) of the Federal Reserve Act, as amended by section 402 of the Act of March 9, 1933, except that loans may be made upon eligible as well as ineligible security.

(5) Each application for a loan should be accompanied by written approval of the State banking department or commission of the State from which applicant bank or trust company received its charter and statement from such banking department or commission that in its judgment applicant bank or trust company is in sound condition.

(6) While applicant bank or trust company is indebted in any way to Federal reserve bank it must comply in all respects with provisions of the Federal Reserve Act and the Federal Reserve Board's Regulations applicable to member State banks, except that in lieu of subscribing to stock of Federal reserve bank it must maintain the reserve balance required by section 19 of the Federal Reserve Act. The provisions applicable to member State banks to be complied with by applicant bank are as follows:

(a) Must maintain actual realized balance at Federal reserve bank in amount equal to reserve which would be required of it under section 19 and Regulation D, if it were a member bank. Applicant bank to be subject to penalties for deficiency in reserve.

(b) Must remit at par for checks drawn on it and presented for payment by Federal reserve bank, as required of member banks by Federal Reserve Act and Board's Regulations.

(c) May be examined at any time by Federal reserve bank or Federal Reserve Board and must pay assessment for expenses thereof in same manner and to same extent as member banks.

(d) Must make reports of condition and of payment of dividends, as required of member State banks, and will be subject to same penalties for failure to do so.

(e) Must conform to provisions of law which prohibit National banks from lending on or purchasing their own stock, which relate to withdrawal or impairment of capital stock and which relate to unearned dividends.

(7) Loans under this Act may be made only upon the promissory note of the applicant bank, secured to the satisfaction of the lending Federal reserve bank and eligible collateral held by applicant bank should be exhausted before utilizing ineligible assets.

The rate at which loans may be made under the provisions of this Act has been fixed for the time being at 5 per cent per annum. Such loans will be made for not to exceed 90-day periods. Forms have been prepared for use of banks or trust companies desiring to apply for loans under this Act. Copies will be provided upon request.

In exceptional and exigent circumstances and when adequate credit accommodations from other banking institutions are not obtainable, this bank will consider applications for loans under this Act. It is suggested, however, that before making applications for such loans nonmember banks or trust companies should communicate with this bank and ascertain its views as to the collateral and other security which should be offered and as to the other conditions upon which this bank would be disposed to give favorable consideration to the application.

JAMES B. McDOUGAL,
Governor.

FEDERAL RESERVE BANK OF CHICAGO

230 SOUTH LA SALLE STREET

March 23, 1933.

SUBJECT: Text of Regulation 29, interpretation of Regulation 28 and Treasury opinion regarding Regulation G.

**TO ALL BANKING INSTITUTIONS
IN THE SEVENTH FEDERAL RESERVE DISTRICT:**

For your information we quote below the text of Regulation 29 which the Federal Reserve Board has advised us has been issued by the Secretary of the Treasury under the authority conferred upon him by the President's Proclamations declaring and continuing bank holiday:

"Any banking institution which is a member of the Federal Reserve System and is not licensed to perform usual banking functions may rediscount or pledge with another banking institution renewals of notes which were previously rediscounted or pledged with such other banking institution."

We have also been informed by the Federal Reserve Board that the Secretary of the Treasury has interpreted Regulation 28 as follows:

"Regulation 28 is held not to prohibit the honoring of checks or drafts drawn on or before March 18, 1933, under the terms of Regulation 6 or Regulation 10 as amended, subject to all the provisions and restrictions contained in such regulations and except as otherwise prohibited."

Regulation 28, voiding Regulations 6 and 10, was announced to all unlicensed banks in the Seventh Federal Reserve District in our telegram of March 20.

We are also advised by Secretary of the Treasury Woodin that inasmuch as Regulations 6 and 10 have been rescinded (in Regulation 28) the Treasury regards Regulation G as no longer in effect. Refer to our Bulletin 224 where it will be found that Regulation 6 is covered in quoted paragraphs 7, 8, 9 and 10, Regulation 10 in quoted paragraphs 17 and 18 and Regulation G in quoted paragraph 22.

FEDERAL RESERVE BANK OF CHICAGO

230 SOUTH LA SALLE STREET

470.01(7)

March 20, 1933.

TO ALL BANKING INSTITUTIONS IN THE
SEVENTH FEDERAL RESERVE DISTRICT:

On March 9, we wired you as follows:

"You are requested to compile as complete a list as can be made from the information you are able to obtain of the names and addresses of all persons who have withdrawn gold and/or gold certificates from your bank and who have not redeposited them in a bank on or before March 13, 1933. Two lists should be furnished, one showing withdrawals of gold and/or gold certificates before February 1, and the other since that date."

On March 12, we advised you that the time had been extended from March 13 to March 17. We have now been advised that the time has again been extended to Monday, March 27. Accordingly, it is requested that you have these lists prepared to include the names and addresses of all persons who have withdrawn gold and/or gold certificates and who have not redeposited them in a bank on or before Monday, March 27. This will allow fourteen additional days from March 13, to enable such persons to make these deposits.

You are at liberty to give as much publicity to this matter as you consider appropriate.

In making shipments of gold coin and gold certificates to this bank, the coin should be sent by express collect and the certificates by registered mail insured. Please include in each shipment an advice showing the amount of gold coin or gold certificates and indicate on each advice what disposition should be made of the credit; that is, whether currency should be sent in exchange, or whether the amount should be credited to your regular or special account or transferred to your correspondent.

SEVENTH FEDERAL RESERVE DISTRICT:

On March 9, we wired you as follows:

"You are requested to compile as complete a list as can be made from the information you are able to obtain of the names and addresses of all persons who have withdrawn gold and/or gold certificates from your bank and who have not redeposited them in a bank on or before March 13, 1933. Two lists should be furnished, one showing withdrawals of gold and/or gold certificates before February 1, and the other since that date."

On March 12, we advised you that the time had been extended from March 13 to March 17. We have now been advised that the time has again been extended to Monday, March 27. Accordingly, it is requested that you have these lists prepared to include the names and addresses of all persons who have withdrawn gold and/or gold certificates and who have not redeposited them in a bank on or before Monday, March 27. This will allow fourteen additional days from March 13, to enable such persons to make these deposits.

You are at liberty to give as much publicity to this matter as you consider appropriate.

In making shipments of gold coin and gold certificates to this bank, the coin should be sent by express collect and the certificates by registered mail insured. Please include in each shipment an advice showing the amount of gold coin or gold certificates and indicate on each advice what disposition should be made of the credit; that is, whether currency should be sent in exchange, or whether the amount should be credited to your regular or special account or transferred to your correspondent.

TRANSACTIONS IN FOREIGN EXCHANGE

To All Banking Institutions and Others Concerned
in the Seventh Federal Reserve District:

Section 2 of the Act of March 9, 1933, entitled "An Act to provide relief in the existing national emergency in banking, and for other purposes," amended subdivision (b) of Section 5 of the Act of October 6, 1917 (40 Stat. L. 411), as amended, to read as follows:

"(b) During time of war or during any other period of national emergency declared by the President, the President may, through any agency that he may designate, or otherwise, investigate, regulate, or prohibit, under such rules and regulations as he may prescribe, by means of licenses or otherwise, any transactions in foreign exchange, transfers of credit between or payments by banking institutions as defined by the President, and export, hoarding, melting, or earmarking of gold or silver coin or bullion or currency, by any person within the United States or any place subject to the jurisdiction thereof; and the President may require any person engaged in any transaction referred to in this subdivision to furnish under oath, complete information relative thereto, including the production of any books of account, contracts, letters or other papers, in connection therewith in the custody or control of such person, either before or after such transaction is completed. Whoever wilfully violates any of the provisions of this subdivision or of any license, order, rule or regulation issued thereunder, shall, upon conviction, be fined not more than \$10,000, or, if a natural person, may be imprisoned for not more than ten years, or both; and any officer, director, or agent of any corporation who knowingly participates in such violation may be punished by a like fine, imprisonment or both. As used in this subdivision the term 'person' means an individual, partnership, association, or corporation."

The Executive Order of the President, dated March 10, 1933, issued under the authority of the foregoing act reads in part as follows:

"Until further order, no individual, partnership, association, or corporation, including any banking institution, shall export or otherwise remove or permit to be withdrawn from the United States or any place subject to the jurisdiction thereof any gold coin, gold bullion, or gold certificates, except in accordance with regulations prescribed by or under license issued by the Secretary of the Treasury.

"No permission to any banking institution to perform any banking functions shall authorize such institution to pay out any gold coin, gold bullion or gold certificates except as authorized by the Secretary of the Treasury, nor to allow withdrawal of any currency for hoarding, nor to engage in any transaction in foreign exchange except such as may be undertaken for legitimate and normal business requirements, for reasonable traveling and other personal requirements, and for the fulfillment of contracts entered into prior to March 6, 1933.

“Every Federal Reserve Bank is authorized and instructed to keep itself currently informed as to transactions in foreign exchange entered into or consummated within its district and shall report to the Secretary of the Treasury all transactions in foreign exchange which are prohibited.”

Transactions in Foreign Exchange

The Executive Order of March 10, 1933, prohibits all transactions in foreign exchange*** except such transactions as may be undertaken

- (a) for legitimate and normal business requirements,
- (b) for reasonable traveling and other personal requirements, and
- (c) for the fulfillment of contracts entered into prior to March 6, 1933.

In order that the Federal Reserve Bank of Chicago may keep itself currently informed as to transactions in foreign exchange entered into or consummated within the Seventh Federal Reserve District and may report to the Secretary of the Treasury all transactions in foreign exchange which are prohibited, the Federal Reserve Bank of Chicago hereby requires dealers** in foreign exchange doing business in the Seventh Federal Reserve District

(1) to obtain from each person* to whom they sell foreign exchange directly or indirectly, a written declaration signed by such person describing the purpose for which the foreign exchange is purchased and certifying that the transaction in no way contravenes the Act of March 9, 1933, the Executive Order of March 10, 1933, or any regulation issued thereunder.

and

(2) to file with the Federal Reserve Bank of Chicago written reports which will show the foreign exchange position of such dealers at any given time. For the present such reports are required only from dealers who carry their own accounts abroad and/or who carry accounts here on their books for foreigners.

Forms on which reports may be made will be supplied on request. Dealers who carry their own accounts abroad and/or who carry accounts here on their books for foreigners should immediately apply for forms on which to report their foreign exchange position.

The Executive Order of March 10, 1933, permits foreign exchange transactions for the fulfillment of contracts entered into prior to March 6, 1933. To enable the Federal Reserve Bank of Chicago to examine such contracts each dealer in foreign exchange doing business in the Seventh Federal Reserve District is directed to forward to the Federal Reserve Bank of Chicago a detailed list of all foreign exchange contracts entered into by him prior to March 6, 1933, for the delivery of foreign exchange after that date. This list should classify contracts by currencies and should show the maturity of each contract. The dealers should advise the Federal Reserve Bank of Chicago in writing as such contracts are fulfilled.

If any dealer in foreign exchange in the Seventh Federal Reserve District is in doubt as to whether a particular transaction comes within the terms of the Act of March 9, 1933, the Executive Order of March 10, 1933, and the regulations issued thereunder, such dealer should submit the question to the Federal Reserve Bank of Chicago. All inquiries to the Federal Reserve Bank of Chicago with regard to any matters referred to in this circular should be addressed to the attention of Mr. A. W. Dazey.

JAMES B. McDOUGAL,
Governor.

Footnote: *The word "person" in these regulations means any individual, partnership, association or corporation.

**A "dealer in foreign exchange" means any person engaged primarily or incidentally in the business

- (1) of buying, selling or dealing in foreign exchange, or
- (2) of buying, selling or dealing in securities for or through foreign correspondents, or
- (3) any person who carries accounts or securities with or for foreign correspondents.

***The term "foreign exchange" means checks, drafts, bills of exchange, cable transfers, or any form of negotiable or assignable instrument, or order used

- (a) to transfer credit or to order the payment of funds in any foreign country, or
- (b) to transfer credit or to order the payment of funds within the United States for foreign account.

FEDERAL RESERVE BANK OF CHICAGO

230 SOUTH LA SALLE STREET

March 16, 1933

TO EXPORTERS IN THE SEVENTH FEDERAL RESERVE DISTRICT:

The Executive Order of the President, dated March 10, 1933, issued under authority of the Act of March 9, 1933, requires each Federal Reserve Bank to keep itself currently informed as to transactions in foreign exchange entered into, or consummated within its district, and to report to the Secretary of the Treasury all transactions in foreign exchange which are prohibited. The banks in the Seventh Federal Reserve District have been informed of the terms of the Act, and of the President's Proclamation, appertaining to foreign exchange transactions.

It will be necessary for the Federal Reserve Bank of Chicago to know the foreign exchange holdings of exporters in this District. A prompt reply, stating that you have, or have not, balances with foreign banks or bankers, either under direct control of your office, or under the control of branch offices, will be appreciated. If you have such balances, forms will be sent to you for reporting the currencies held abroad, and changes in your holdings.

Canada is "foreign" for purposes of this information. "Foreign banks" include all banking institutions in foreign countries, whether or not they are branches of American banks.

Our Bulletin No. 221 of August 1, 1932 referred to an amendment to Section 13 of the Federal Reserve Act, as amended by the Act of July 21, 1932 with respect to Discounts for Individuals, Partnerships and Corporations.

For your information Section 403 of the Act of March 9, 1933 amends Section 13 of the Federal Reserve Act as amended by adding at the end thereof the following new paragraph:

“Subject to such limitations, restrictions, and regulations as the Federal Reserve Board may prescribe, any Federal Reserve Bank may make advances to any individual, partnership, or corporation on the promissory notes of such individual, partnership, or corporation secured by direct obligations of the United States. For your information we quote below the text of regulations in addition to those given in Bulletins Nos. 224, 225 and 228, which the Federal Reserve Board has advised us have been issued by the Secretary of the Treasury under the authority conferred upon him by the President's Proclamation declaring a bank holiday:

"Banking institutions which have not yet been permitted to reopen for normal and usual functions are still permitted to continue to carry on the limited activities specified by regulations."

"The Secretary of the Treasury has released following statement to press: 'Regulation No. 10 issued under the President's Proclamation is interpreted to authorize payments for nursery stock where such payments are absolutely necessary to prevent destruction of stock in transit on March 6, 1933, or prepared for and awaiting shipment on March 6, 1933, under bona fide commitments.'"

"All banking institutions may issue drafts transferring credits from any place in the United States to any other place in the United States and from any place in the United States to any place in a foreign country in connection with payments for domestic and foreign patent, trademark and design application fees, and in payment for domestic and foreign patent and trademark taxes and renewals. No gold or gold certificates shall be paid out, withdrawn, or exported under this regulation."

"Pending the determination by the Treasury Department of a suitable procedure for licensing the delivery of gold for use in trade, profession or art, Federal Reserve Banks are hereby authorized to deliver upon request therefor gold in amounts deemed by such bank to be reasonably required for legitimate and customary uses in trade, profession or art, provided such request is accompanied by affidavit of the person requesting such gold stating the amount of unmanufactured gold on hand and the facts making it necessary to obtain such gold for the purpose of maintaining employment."

"All banks licensed to open for usual and normal functions are permitted to carry out any transaction necessary to complete the delivery of any gold authorized by any Federal Reserve Bank to be delivered in accordance with such request."

"Secretary has also issued public statement directing that requests for delivery of gold for use in trade, profession or art to be submitted to Federal Reserve Bank of the District accompanied by affidavit referred to in regulation, and stating that accurate records must be kept of disposition of all gold which may be released."

**TO ALL BANKING INSTITUTIONS AND OTHERS CONCERNED
IN THE SEVENTH FEDERAL RESERVE DISTRICT:**

Subject: FOREIGN EXCHANGE TRANSACTIONS.

You are referred to Section 2 of the act of March 9, 1933,
which is as follows:

"Subdivision (b) of section 5 of the act of October 6, 1917, (40 Stat. 1,411) as amended, is amended as follows: During any time of national emergency declared by the President, the President may designate, regulate, investigate, or prohibit any transactions in foreign exchange, transfers of credit between banking institutions, and export, hoarding, melting or earmarking of gold or silver coin or bullion or currency; and the President may require any person engaged in any such transaction to furnish complete information relative thereto, including production of books of account, etc., in his custody, either before or after such transaction is completed. 'Person' means individual, partnership, association or corporation."

The provisions of the executive order of March 10, 1933, relating to foreign transfer of funds are as follows:

"Until further order, no individual, partnership, association, or corporation, including any banking institution, shall export or otherwise remove or permit to be withdrawn from the United States or any place subject to the jurisdiction thereof any gold coin, gold bullion, or gold certificates, except in accordance with regulations prescribed by or under license issued by the Secretary of the Treasury.

"No permission to any banking institution to perform any banking functions shall authorize such institution to pay out any gold coin, gold bullion, or gold certificates, except as authorized by the Secretary of the Treasury, nor to allow withdrawal of any currency, for hoarding, nor to engage in any transaction in foreign exchange except such as may be undertaken for legitimate and normal business requirements, for reasonable traveling and other personal requirements, and for the fulfillment of contracts entered into prior to March 6, 1933.

"Every Federal Reserve Bank is authorized and instructed to keep itself currently informed as to transactions in foreign exchange entered into or consummated within its district and shall report

-2-

to the Secretary of the Treasury all transactions in foreign exchange which are prohibited."

The executive order of March 10, 1933, prohibits all transactions in foreign exchange*** except such transactions as may be undertaken;

- (A) for legitimate and normal business requirements
- (B) for reasonable traveling and other personal requirements
- (C) for the fulfillment of contracts entered into prior to March 6, 1933.

In order that the Federal Reserve Bank of Chicago may keep itself currently informed as to transactions in foreign exchange entered into or consummated within the Seventh Federal Reserve District and may report to the Secretary of the Treasury all transactions in foreign exchange which are prohibited, the Federal Reserve Bank of Chicago hereby requires dealers** in foreign exchange doing business in the Seventh Federal Reserve District

- (1) to obtain from each person* to whom they sell foreign exchange*** directly or indirectly a written declaration signed by such person*
 - a. describing the purpose for which the foreign exchange is purchased, and
 - b. certifying that the transaction in no way contravenes the act of March 9, 1933, the executive order of March 10, 1933, or any regulation issued thereunder.
- (2) to file with the Federal Reserve Bank of Chicago written reports which will show the foreign exchange position of such dealers** at any given time. (For the present such reports are required only from dealers who carry their own accounts abroad and / or who carry accounts here in their books for foreigners.)

The executive order of March 10, 1933, permits foreign exchange transactions for the fulfillment of contracts entered into prior to March 6, 1933. To enable the Federal Reserve Bank of Chicago to examine such contracts each dealer in foreign exchange doing business in the Seventh Federal Reserve District is directed to forward to the Federal Reserve Bank of Chicago a detailed list of all foreign exchange contracts entered into by him prior to March 6, 1933, for the delivery of foreign exchange after that date. This list should classify contracts by currencies and should show the maturity of each contract. The dealer should advise the Federal Reserve Bank of Chicago in writing as such contracts are fulfilled.

-3-

Recognized dealers in foreign exchange will be furnished forms for making reports within a few days. Instructions in regard to their completion will be sent with them.

If any dealer in foreign exchange*** in the Seventh Federal Reserve District is in doubt as to whether a particular transaction comes within the terms of the act of March 9, 1933, the executive order of March 10, 1933, and the regulations issued thereunder, such dealer should submit the question to the Federal Reserve Bank of Chicago. All inquiries to the Federal Reserve Bank of Chicago with regard to any matters referred to in this circular should be addressed to the attention of Mr. A. W. Dazey.

SUBJECT: ADDITIONAL REGULATIONS ISSUED BY THE SECRETARY OF THE TREASURY UNDER THE PRESIDENT'S PROCLAMATION DECLARING A BANK HOLIDAY

To all Banking Institutions in the
Seventh Federal Reserve District:

For your information we quote below the text of regulations in addition to those given in Bulletins Nos. 224 and 225, which the Federal Reserve Board has advised us have been issued by the Secretary of the Treasury under the authority conferred upon him by the President's Proclamation declaring a bank holiday:

"Except as otherwise prohibited by law, banking institutions may exercise their normal and usual functions in permitting substitution for or release of collateral held by them, provided other collateral or cash of equal or greater value is received in exchange therefor."

"All Federal Reserve Banks and their branches and agencies may open March 13, 1933, and may remain open for the performance of all usual and normal banking functions except as prohibited by the executive order issued by the President on March 10, 1933, and any further orders or regulations hereafter issued."

"Banking institutions which are not members of the Federal Reserve System or organized under the laws of the United States and which are not under the immediate supervision of any state authority may, on and after March 13, 1933, carry on their normal and usual functions except as otherwise prohibited and except that no such institution shall pay out any gold coin, gold bullion or gold certificates, unless authorized by the Secretary of the Treasury, nor allow withdrawal of any currency for hoarding, nor engage in any transaction in foreign exchange except such as may be undertaken for legitimate and normal business requirements, for reasonable traveling and other personal requirements, and for fulfilment of contracts entered into prior to March 6, 1933."

"All banking institutions may cash official drafts drawn upon the Secretary of State for payment of salaries, traveling and other contingent expenses but not for personal account, and remit the amounts thereof to the banks from which the drafts are received, provided that no gold or gold certificates shall be paid out."

The Secretary of the Treasury has issued the following regulation governing all banking institutions whether or not licensed to carry on usual and normal functions by the Secretary of the Treasury or appropriate state authority:

"No banking institution shall permit any withdrawal by any person when such institution, acting in good faith, shall deem that the withdrawal is intended for hoarding. Any banking institution, before permitting the withdrawal of large or unusual amounts of currency, may require from the person requesting such withdrawal, a full statement under oath of the purpose for which the currency is requested."

Any further regulations issued by the Secretary of the Treasury under the President's Proclamations and Executive Order will be forwarded to banking institutions in this district.

"You are requested to compile as complete a list as can be made from the information you are able to obtain of the names and addresses of all persons who have withdrawn gold and/or gold certificates from your bank and who have not redeposited them in a bank on or before March 13, 1933. Two lists should be furnished, one showing the withdrawals of gold and/or gold certificates before February 1, and the other since that date."

It is now requested that you have these lists prepared to include the names and addresses of all persons who have withdrawn gold and/or gold certificates and who have not redeposited them in a bank on or before Friday, March 17. This will allow four additional days to enable such persons to make these deposits.

You are at liberty to give as much publicity to this matter as you consider appropriate.

**To All Banking Institutions in the

Our Bulletin No. 221 of August 1, 1932 referred to an amendment to Section 13 of the Federal Reserve Act, as amended by the Act of July 21, 1932 with respect to Discounts for Individuals, Partnerships and Corporations.

For your information Section 403 of the Act of March 9, 1933 amends Section 13 of the Federal Reserve Act as amended by adding at the end thereof the following new paragraph:

Such advances shall be made for periods not exceeding 90 days and shall bear interest at rates fixed from time to time by the Federal Reserve Bank, subject to the review and determination of the Federal Reserve Board.”

**SUBJECT: AMENDMENT TO FEDERAL RESERVE ACT, SECTION 10 (b)
AS AMENDED BY ACT OF CONGRESS MARCH 9, 1933.**

To The Member Banks of District Number Seven:

In our Bulletin No. 219, dated March 21, 1932, we gave you information concerning two new sections added to the Federal Reserve Act as approved by Act of Congress February 27, 1932, namely Section 10 (a): Advances to Groups of Member Banks, and Section 10 (b): Advances to Individual Member Banks.

For your information we quote below the text of Section 10(b) as amended by Act of Congress March 9, 1933:

"In exceptional and exigent circumstances, and when any member bank has no further eligible and acceptable assets available to enable it to obtain adequate credit accommodations through rediscounting at the Federal Reserve Bank or any other method provided by this act other than that provided by Section 10 (a) any Federal Reserve Bank, under rules and regulations prescribed by the Federal Reserve Board, may make advances to such member bank on its time or demand notes secured to the satisfaction of such Federal Reserve Bank. Each such note shall bear interest at a rate not less than 1 per centum per annum higher than the highest discount rate in effect at such Federal Reserve Bank on the date of such note. No advance shall be made under this section after March 3, 1934, or after the expiration of such additional period not exceeding one year as the President may prescribe."

Under the terms of this section Federal Reserve Banks may, until March 3, 1934, in exceptional and exigent circumstances, make advances to individual member banks upon the following conditions:

(a) Advances may be made only to banks which have no further eligible and acceptable assets available to enable them to obtain adequate credit accommodations through rediscounting at the Federal Reserve Bank, or any other method provided by the Federal Reserve Act other than that provided by Section 10(a).

(b) Advances under this section may be made only upon the promissory notes of member banks secured to the satisfaction of the lending Federal Reserve Bank.

The rate at which advances may be made under the provisions of this section has been fixed for the time being at 5 per centum per annum. Such advances will be made for not to exceed 90 day periods.

A special form of application has been prepared for the use of member banks desiring to apply for loans under Section 10(b). Copies will be provided upon request.

Each such application must include a certificate to the effect that the applying bank has no further eligible and acceptable assets available to enable it to obtain adequate credit accommodations

through rediscounting at the Federal Reserve Bank or any other method provided by the Federal Reserve Act other than that provided by Section 10(a); and it must also be supported by a statement of facts sufficient to satisfy the Federal Reserve Bank that there are exceptional and exigent circumstances which would justify the making of such loan under the provisions of Section 10(b).

A special form of member bank promissory note suitable for advances made under this section may be had upon request.

It is suggested, however, that before making applications for such advances member banks should communicate with this bank and ascertain its views as to the collateral or other security which should be offered and as to the other conditions upon which this bank would be disposed to give favorable consideration to the application.

Governor.
