**FEDERAL RESERVE BANK
OF MINNEAPOLIS**

June 27, 1933

To Users of Gold in Industry, Profession or Arts:

For your information there is attached a copy of a telegram received on June 26 from the Treasury Department amplifying Article II of the Treasury Regulations of April 29, 1933 relating to licensing the purchase and export of gold. You have already received a copy of the Treasury Regulations of April 29.

Very truly yours,

W. B. GEERY,

Governor.

Enclosure

TELEGRAM FROM THE TREASURY DEPARTMENT SUPPLEMENTING
ARTICLE II OF APRIL 29, 1933 REGULATIONS
RELATING TO LICENSING THE PURCHASE AND EXPORT OF GOLD

Washington,
June 26, 1933.

Governor,
Federal Reserve Bank,
Minneapolis.

With reference to Article II of April 29th Regulations: For your guidance in answering inquiries respecting the provision in Section 3 that dealers withdrawing gold shall require of purchasers from them an affidavit that the gold will be used exclusively in the industry, profession, or art in which such purchaser is engaged:

(1) Every person dealing in such gold must require of the purchaser an affidavit unless the gold has been fabricated to a point where its value turns upon the form rather than the gold content. Thus dealers selling to dentists or jewelers must require affidavits from such dentists or jewelers covering such gold purchases.

(2) One affidavit covering all subsequent purchases is all that need be required of any purchaser regularly engaged in the industry, profession, or art for which the gold is legitimately and customarily used, except that orders in excess of normal requirements within a reasonable time should not be filled by dealers without requiring a separate affidavit which shall state to the satisfaction of the dealer the reason why the additional amount is necessary for the purchaser's business, profession, or art.

The foregoing makes it important for each Federal reserve bank to require that applications to withdraw gold shall hereafter contain as a part of or in addition to the statements required under Section 2 of Article II:

(1) A statement of the amount of gold withdrawn under Article II and the Federal reserve bank from which the gold was withdrawn.

(2) Certified copies of the record of the disposition of the gold withdrawn from a Federal reserve bank, kept in accordance with Section 3 of Article II of the Regulations. All gold not previously accounted for in this manner should be covered by this record and the statement of the amount of gold on hand at the date of the application.

(3) A statement that no gold was furnished to any person in an amount in excess of that which it has been the practice of such person to acquire from the applicant. If the amount of gold furnished to any person requires an exception to the statement, the applicant shall furnish the name and address of such person, the amount acquired, the reason why the additional amount was necessary and a statement whether separate affidavit was received covering such acquisition. No permission to purchase gold shall be granted the applicant unless the Federal reserve bank, after making such investigation of the case as it may deem advisable, is satisfied that the gold was used or sold for use within a reasonable time exclusively for the legitimate and customary requirements of the applicant's or the purchaser's business, industry, profession or art.

(4) A statement of the amount and form of gold exported or furnished for export and the names and addresses of the persons receiving such gold. In every case where the Federal reserve bank has reason to believe that any gold theretofore acquired by the applicant was exported or furnished for export after April 5, 1933, the applications of such applicant shall be forwarded to the Secretary of the Treasury and permission to purchase gold shall be withheld pending receipt of the instructions of the Secretary of the Treasury.

TO ALL BANKS AND TRUST COMPANIES
IN THE NINTH FEDERAL RESERVE DISTRICT:

In view of the fact that many inquiries are coming to us for information as to the time limit set for accepting gold and gold certificates in exchange for other currency, you are advised that all gold and gold certificates offered your institution should be accepted and forwarded to this bank when a reasonable amount has been accumulated.

The time limit set at March 27 was the date after which the names of known hoarders of gold should be reported to us, but every encouragement should be given for the return of gold coin and certificates until otherwise notified.

W. B. Geery,
Governor.

**FEDERAL RESERVE BANK
OF MINNEAPOLIS**

[March 15, 1933
Circular No. 395]

Transactions in Foreign Exchange

*To All Banking Institutions and Others Concerned
in the Ninth Federal Reserve District:*

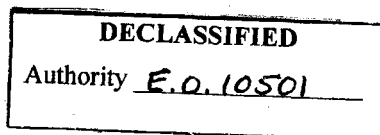

Section 2 of the Act of March 9, 1933, entitled "An Act to provide relief in the existing national emergency in banking, and for other purposes", amended subdivision (b) of Section 5 of the Act of October 6, 1917 (40 Stat. L. 411), as amended, to read as follows:

"(b) During time of war or during any other period of national emergency declared by the President, the President may, through any agency that he may designate, or otherwise, investigate, regulate, or prohibit, under such rules and regulations as he may prescribe, by means of licenses or otherwise, any transactions in foreign exchange, transfers of credit between or payments by banking institutions as defined by the President, and export, hoarding, melting, or earmarking of gold or silver coin or bullion or currency, by any person within the United States or any place subject to the jurisdiction thereof; and the President may require any person engaged in any transaction referred to in this subdivision to furnish under oath, complete information relative thereto, including the production of any books of account, contracts, letters or other papers, in connection therewith in the custody or control of such person, either before or after such transaction is completed. Whoever wilfully violates any of the provisions of this subdivision or of any license, order, rule or regulation issued thereunder, shall, upon conviction, be fined not more than \$10,000, or, if a natural person, may be imprisoned for not more than ten years, or both; and any officer, director, or agent of any corporation who knowingly participates in such violation may be punished by a like fine, imprisonment or both. As used in this subdivision the term 'person' means an individual, partnership, association, or corporation."

The Executive Order of the President, dated March 10, 1933, issued under the authority of the foregoing act reads in part as follows:

"Until further order, no individual, partnership, association, or corporation, including any banking institution, shall export or otherwise remove or permit to be withdrawn from the United States or any place subject to the jurisdiction thereof any gold coin, gold bullion, or gold certificates, except in accordance with regulations prescribed by or under license issued by the Secretary of the Treasury.

"No permission to any banking institution to perform any banking functions shall authorize such institution to pay out any gold coin, gold bullion or gold certificates except as authorized by the Secretary of the Treasury, nor to allow withdrawal of any currency for hoarding, nor to engage in any transaction in foreign exchange except such as may be under-

taken for legitimate and normal business requirements, for reasonable traveling and other personal requirements, and for the fulfillment of contracts entered into prior to March 6, 1933.

"Every Federal Reserve Bank is authorized and instructed to keep itself currently informed as to transactions in foreign exchange entered into or consummated within its district and shall report to the Secretary of the Treasury all transactions in foreign exchange which are prohibited."

TRANSACTIONS IN FOREIGN EXCHANGE

The Executive Order of March 10, 1933, prohibits all transactions in foreign exchange*** except such transactions as may be undertaken

- (a) for legitimate and normal business requirements,
- (b) for reasonable traveling and other personal requirements, and
- (c) for the fulfillment of contracts entered into prior to March 6, 1933.

In order that the Federal Reserve Bank of Minneapolis may keep itself currently informed as to transactions in foreign exchange entered into or consummated within the Ninth Federal Reserve District and may report to the Secretary of the Treasury all transactions in foreign exchange which are prohibited, the Federal Reserve Bank of Minneapolis hereby requires dealers** in foreign exchange doing business in the Ninth Federal Reserve District:

(1) to obtain from each person* to whom they sell foreign exchange directly or indirectly, a written declaration signed by such person describing the purpose for which the foreign exchange is purchased and certifying that the transaction in no way contravenes the Act of March 9, 1933, the Executive Order of March 10, 1933, or any regulation issued thereunder, and

(2) to file with the Federal Reserve Bank of Minneapolis written reports which will show the foreign exchange position of such dealers at any given time. For the present such reports are required only from dealers who carry their own accounts abroad and/or who carry accounts here on their books for foreigners.

Forms on which reports may be made are enclosed. Those marked Form 200 and Form 300 should be filled out promptly as of the close of business March 3, 1933, and filed with the Federal Reserve Bank of Minneapolis as soon as possible. Forms 200, 201, 202, 300 and 301 should be filled out as of the close of business each day beginning March 13, 1933, and forwarded daily to the Federal Reserve Bank of Minneapolis.

The Executive Order of March 10, 1933, permits foreign exchange transactions for the fulfillment of contracts entered into prior to March 6, 1933. To enable the Federal Reserve Bank of Minneapolis to examine such contracts each dealer in foreign exchange doing business in the Ninth Federal Reserve District is directed to forward to the Federal Reserve Bank of Minneapolis a detailed list of all foreign exchange contracts entered into by him prior to March 6, 1933, for the delivery of foreign exchange after that date. This list should classify contracts by currencies and should show the maturity of each contract. The dealers should advise the Federal Reserve Bank of Minneapolis in writing as such contracts are fulfilled.

DECLASSIFIED
Authority E.O. 10501

If any dealer in foreign exchange in the Ninth Federal Reserve District is in doubt as to whether a particular transaction comes within the terms of the Act of March 9, 1933, the Executive Order of March 10, 1933, and the regulations issued thereunder, such dealer should submit the question to the Federal Reserve Bank of Minneapolis. All inquiries to the Federal Reserve Bank of Minneapolis with regard to any matters referred to in this circular should be addressed to the attention of Mr. Oliver S. Powell.

H. A. Geary
Governor.

FOOTNOTE: * The word "person" in these regulations means any individual, partnership, association or corporation;

TO ALL BANKING INSTITUTIONS
IN THE NINTH FEDERAL RESERVE DISTRICT:

Will you please prepare and transmit to this bank on the attached form as soon as possible after March 13, as complete a list as you may obtain, giving the full names and addresses of all persons, firms, partnerships, or corporations withdrawing gold coin or gold certificates from your bank, and who have not redeposited it in a bank on or before March 13, 1933. The enclosed forms provide for withdrawals prior to February 1, 1933, and for withdrawals subsequent to that date.

The term "redeposited" is construed to mean a deposit for credit to the depositor's account. It does not apply to gold coin or gold certificates deposited in safety deposit boxes in your own bank or elsewhere.

Very truly yours,

H. A. Geary

Governor.

FEDERAL RESERVE BANK OF MINNEAPOLIS

Circular No. 393.
Effective March 6, 1933.

SUBJECT: SPECIAL TRUST ACCOUNTS.

The Secretary of the Treasury has issued a regulation providing:

"Any banking institution which was lawfully engaged in the business of receiving deposits prior to March 6, 1933, may create special trust accounts for the receipt of new deposits which shall be subject to withdrawal on demand without any restriction or limitation and shall be kept separately in cash or on deposit in Federal reserve banks or invested in obligations of the United States. Federal reserve banks may open special accounts on their books for their member banks and temporarily for non-member banks and may receive in such special accounts the proceeds of new deposits received by such banking institutions. In making deposits with the Federal reserve bank pursuant to this regulation the depositing bank shall in the case of each deposit indicate to the Federal reserve bank by symbol or otherwise that the funds so deposited represent new deposits made under this regulation. Upon receipt of such deposits such Federal reserve bank shall credit the same in the special account of the depositing bank herein provided for and shall hold the same solely for repayment to such bank. Federal reserve banks shall permit the withdrawal of any part or all of such new deposits by the depositing bank without restriction provided that the depositing bank shall in such order or request for withdrawal indicate to the Federal reserve bank by symbol or otherwise that such withdrawal is to be made from such special account: provided however, that no banking institution shall pay out or permit the withdrawal of any gold or gold certificates."

Special trust accounts opened with the Federal Reserve Bank of Minneapolis* pursuant to said regulation will be governed by the terms of said regulation and any amendments which may be made thereto, and the following rules:

1. The account shall be designated by the name of the depositing bank, together with the addition of the words "special trust account".

2. Withdrawals from such special trust account shall be made upon the draft or order of the depositing bank signed by an authorized officer thereof. All transfers by telegraph shall be confirmed by the written order of the depositing bank signed by an authorized officer. In the case of depositing banks who are member banks or non-member clearing banks of the Federal Reserve Bank of Minneapolis officers who are authorized to draw against any other account maintained at the Federal Reserve Bank of Minneapolis shall be deemed authorized to draw against the special trust account of said depositing bank unless this Bank is expressly notified to the contrary. In the case of special trust accounts opened by non-member banks, this Bank shall be furnished with a duly certified copy of a resolution of the board of directors or trustees of such non-member bank authorizing the opening of such account, and designating the officers authorized to draw against the same. This Bank shall likewise be furnished with a proper signature card giving the signatures of the officers so authorized to draw.

* Wherever the term "Federal Reserve Bank of Minneapolis" is used in this circular, it shall include the Federal Reserve Branch Bank at Helena, Montana.

3. In making deposits the depositor shall in the case of each deposit indicate by symbol or otherwise that the funds so deposited are to be credited to said special trust account. In the absence of a clear designation that funds deposited are for the credit of such special trust account, this Bank may credit such funds to the regular account maintained by the depositing bank with it and may handle such funds accordingly.

4. So far as applicable, and not in conflict with the provisions hereof, Regulation J of the Federal Reserve Board and the current check clearing and collection circular of this Bank, as the same may be in force from time to time, shall govern all items deposited in such special trust accounts.

5. This Bank agrees that it will not appropriate by way of set-off or pursuant to any collateral agreement now in force any balance or credit in such special trust accounts for the payment of any indebtedness of the depositing bank to this Bank on account of money borrowed or on account of notes rediscounted by this Bank for the depositing bank, but in the event the depositing bank by draft or otherwise shall direct this Bank to charge its special trust account for the benefit of this Bank, this Bank may assume that the liability of the depositing bank to its customers upon special trust accounts has been discharged by an equal amount.

6. This Bank shall be fully protected in relying on any instructions received from the depositing bank with respect to deposits in or withdrawals from said special trust account; and under no circumstances shall this Bank be responsible or liable in any manner whatsoever for the application made by the depositing bank of any funds deposited in such special trust account.

7. Until further notice funds deposited in such special trust account shall consist of lawful money, national bank notes, Federal reserve notes, transfers of credit from other banks, for the credit of such special trust account, government checks or warrants on the Treasurer of the United States or any other items which are immediately available as cash. No gold or gold certificates shall be paid by this Bank to the depositing bank or its order upon any withdrawal from such special trust account.

8. Any bank opening such a special trust account with this Federal Reserve Bank shall first surrender to this Bank all gold and gold certificates held by such depositing bank in exchange for such other forms of money or credit as such depositing bank shall elect.

9. This Bank at any time shall be at liberty to refuse to accept further deposits to the credit of any such special trust account, and this Bank shall be at liberty to reject or return to the depositing bank any item or items offered for deposit to the credit of such special trust account.

10. This regulation is subject to all such further rules and regulations as may be made by the Secretary of the Treasury and/or the Federal Reserve Board with reference to special trust accounts maintained with Federal reserve banks, and this Bank shall be fully protected in complying with any such rule or regulation even though the same may be in conflict with the terms of this regulation.

W. B. GEERY,
Governor.
