## REGULATIONS RELATING TO LICENSING THE PURCHASE AND EXPORT OF GOLD

TREASURY DEPARTMENT,  
OFFICE OF THE SECRETARY,  
*April 29, 1933.*

### ARTICLE I MISCELLANEOUS PROVISIONS

#### SEC. 1. AUTHORITY FOR REGULATIONS

In pursuance of the provisions of section 5(b) of the Act of October 6, 1917, as amended by section 2 of the Act of March 9, 1933, and the Executive Orders of the President dated March 10, 1933, April 5, 1933, and April 20, 1933, these regulations are prescribed.

#### SEC. 2. DEFINITIONS

For the purposes of these regulations, the term "person" means an individual, partnership, association or corporation; and the term "United States" means the continental United States, including Alaska.

#### SEC. 3. LICENSES NON-TRANSFERABLE

Licenses or permits issued or granted under these regulations shall not be transferred.

#### SEC. 4. SCOPE

These regulations shall be operative within the United States as defined, unless otherwise indicated.

#### SEC. 5. PENALTIES

Whoever willfully violates any provision of these regulations or of any license issued hereunder may be fined not more than \$10,000, or, if a natural person, may be imprisoned for not more than ten years, or both; and any officer, director or agent of any corporation who knowingly participates in any such violation may be punished by a like fine, imprisonment, or both.

### ARTICLE II

#### PURCHASE OF GOLD FOR USE IN INDUSTRY, PROFESSION OR ART

##### SEC. 1. ELIGIBLE APPLICANTS

Any person having a legitimate and customary use for gold in industry, profession or art (including research and scientific work), or any person customarily supplying gold to others for such use (hereinafter called a "dealer"), may file with a Federal reserve bank an application to purchase such quantity of gold as may be required for legitimate and customary use within a reasonable time.

##### SEC. 2. APPLICATIONS

Such application shall be filed in duplicate, executed under oath and verified before an officer duly authorized to administer oaths, and shall contain

- (a) the name and address of the applicant,
- (b) the industry, profession or art or business in which the applicant is engaged,
- (c) the amount of gold usually required for use in the applicant's business for a period of 90 days,
- (d) the amount of gold used or sold during the preceding calendar year,
- (e) the amount and a description of all gold on hand at the date of the application,
- (f) the amount of gold applied for,
- (g) a statement that the applicant will use such gold as he may be permitted to purchase only for the legitimate and customary requirements of industry, profession or art, or for sale exclusively in industry, profession, or art, and
- (h) a statement that no other application is pending.

##### SEC. 3. PURCHASE OF GOLD

Upon receipt of the application and after making such investigation of the case as it may deem advisable, the Federal reserve bank, if satisfied that the gold is necessary for the legitimate and customary requirements of the applicant's business, industry, profession or art, within a reasonable time, may permit the applicant to purchase such quantity of gold (not in excess of the amount applied for) as may be necessary for such use upon payment therefor of an equivalent amount of coin or currency coined or issued under the laws of the United States. The applicant shall keep an exact record of the disposition of such gold, and, in the case of a dealer furnishing gold for use in industry, profession or art, such dealer shall keep a record which shall show the amounts and dates of sales and the names and addresses of the purchasers. Such records shall be available for examination by a representative of the Treasury Department for at least one year after the date of the disposition of the gold. The gold so purchased shall be used or disposed of only in accordance with this Article and the Executive Order of April 5, 1933. Dealers withdrawing gold under this Article shall require of the persons who purchase gold from them an affidavit that the gold so purchased will be used exclusively in the industry, profession, or art in which such purchasers are engaged.

#### SEC. 1. LICENSE REQUIRED

No gold coin, gold bullion or gold certificates shall be exported from the United States or any place subject to the jurisdiction thereof, or earmarked for foreign account unless a license therefor shall first have been obtained from the Secretary of the Treasury in accordance with this Article or Article IV of these regulations. Licenses may be issued, in the discretion of the Secretary, authorizing the export of gold coin and gold bullion:

\*NOTE: Export of gold by refiners importing gold-bearing materials is covered by Article IV of these regulations.

#### SEC. 2. APPLICATION FOR LICENSES

Application for license under Section 1 to export from the United States, or any place subject to the jurisdiction thereof, any gold coin or gold bullion shall be made to the Secretary of the Treasury. If the license applied for is not granted, the bank through which the application was transmitted will be advised and such bank shall thereupon so notify the applicant.

#### SEC. 5. LICENSE

Each license for the export of gold coin or bullion shall be numbered serially and shall bear

Upon the formal entry into the United States of gold-bearing ores, or any other gold-bearing materials imported into the United States for smelting and/or refining under an agreement providing for the export of gold bullion, the importer shall notify the Collector of Customs at the port where the gold-bearing ore or material is formally entered that the importation is made under such agreement. The Collector shall make a notation on the entry to this effect and forward a copy of the entry to the United States Assay Office at New York, New York, or to the United States Mint at San Francisco, California, whichever is designated by the importer.

#### SEC. 2. SAMPLING AND ASSAYING

Promptly upon the receipt of each importation of gold-bearing ore or material at the plant where it is first to be treated, it shall be weighed, sampled and assayed for gold content. A reserve commercial sample shall be retained at such plant for at least one year from the date the importation was received by the plant unless the assay is sooner verified by the Treasury Department.

### SEC. 3. PLANT RECORDS

Not later than fifteen days from the date of entry, the importer shall file an application with the Assay Office or the Mint, whichever has been designated to receive a copy of the entry, for a license to export gold bullion not in excess of the amount shown by the Settlement Sheet covering the importation. Such application shall be filed in duplicate, executed under oath and verified before an officer duly authorized to administer oaths, and shall show

- (m) the name and address of the proposed consignee of the exportation.

The application shall be accompanied by two duly attested copies of the Settlement Sheet.

### SEC. 5. ISSUANCE OF SERIAL NUMBERED CERTIFICATE

If the Superintendent of the Assay Office or of the Mint is satisfied as to the accuracy of the data shown on such application, he shall issue to the importer a dated Serial Numbered Certificate which shall show the amount of gold specified by the application and the amount specified by the Settlement Sheet. The Director of the Mint shall prescribe the form of such certificate.

### SEC. 6. ISSUANCE OF EXPORT LICENSE

Upon delivery to the Assay Office or the Mint, within 120 days from the date it was issued, of the Serial Numbered Certificate, the Superintendent of the Assay Office or Mint shall issue to the importer a license to export gold bullion in the amount applied for but not in excess of the amount specified by the Settlement Sheet as shown on such certificate.

### SEC. 7. LICENSES

Each license for the export of gold bullion under this Article shall be numbered serially and shall bear

- (a) the date of issue,

### SEC. 8. NOTIFICATION OF ISSUANCE OF LICENSE

At the time the license is issued, the issuing Assay Office or Mint shall transmit a copy thereof to the Collector of Customs at the port of export designated thereon. No Collector of Customs shall permit the export of any gold bullion under this Article except upon surrender of a license to export, a copy of which has been received by him from the Assay Office or Mint issuing the license.

### SEC. 9. EXPIRATION OF LICENSE

All licenses to export gold bullion issued under this Article shall expire 15 days after date of issue and any person holding a license who fails to export the gold bullion in accordance with the terms of the license shall forthwith deliver such bullion to a Federal reserve bank.

## ARTICLE V

### ACQUISITION OR RETENTION OF GOLD COIN, GOLD BULLION OR GOLD CERTIFICATES FOR PROPER TRANSACTIONS NOT INVOLVING HOARDING

#### SEC. 1. LICENSES FOR PROPER TRANSACTIONS AND FOR PURPOSES NOT COVERED IN PRECEDING ARTICLES

Any person showing the need for gold coin or gold bullion for a proper transaction not involving hoarding or for gold coin or gold bullion for a purpose specified in the Executive Order of April 5, 1933, and not covered by the foregoing Articles of these Regulations, may make application to the Secretary of the Treasury for a license to purchase, or if such coin or bullion is already in his possession, to retain such coin or bullion in amounts as may be reasonably necessary for such proper transaction or purpose. Application shall be filed with any Federal reserve bank. The application shall be filed in duplicate, executed under oath and verified before an officer duly authorized to administer oaths and shall contain

- (a) the name and address of the applicant,
- (b) the amount of gold coin or gold bullion desired to be purchased or retained,
- (c) the amount and description of the gold coin or bullion on hand, if any, at the date of the application,

- (d) the proper transaction or purpose to which the gold coin or gold bullion will be devoted and the facts making necessary its purchase or retention,
- (e) such other facts as will enable the Secretary of the Treasury to determine whether the transaction is proper, and
- (f) a statement that the applicant will use such gold coin or gold bullion as he may be permitted to purchase or retain only for the transaction or purpose set forth in the application. In the case of an applicant for a license who has delivered in obedience to the Executive Order of April 5, 1933, gold coin, gold bullion or gold certificates, the application, in addition to the above, shall state in detail
  - (1) the amount of gold coin, gold bullion or gold certificates delivered in obedience to the Executive Order of April 5, 1933,
  - (2) the date of such delivery, and
  - (3) the bank at which delivered.

## **SEC. 2. DISPOSITION OF APPLICATIONS**

On the receipt of any such application, the Federal reserve bank shall make such investigation of the case as it may deem advisable and shall transmit to the Secretary of the Treasury the original of such application, together with

- (a) any supplemental information it may deem appropriate, and
- (b) a recommendation whether a license should be granted or denied.

The Federal reserve bank shall retain a copy of the application for its records.

## **SEC. 3. GRANTING OR DENIAL OF THE LICENSE**

Upon receipt of the original application and the recommendation of the Federal reserve bank transmitting it, the Secretary of the Treasury will grant or deny the license. A license will be granted on application for the retention or acquisition of gold coin or bullion made by any person showing the need for such gold coin or bullion in accordance with the provisions of section 8 of the Executive Order of April 5, 1933, in cases where such person has gold coin, gold bullion or gold certificates in his possession, or in obedience to said Executive Order, has delivered such coin, bullion or certificates. A license so granted shall be for an amount of gold coin or bullion not exceeding the amount of such coin, bullion or certificates held or delivered. When the issuance of a license is approved by the Secretary of the Treasury, the Federal reserve bank through which application was made will issue a license to the applicant. If denied, the Federal reserve bank will be so advised and shall immediately notify the applicant. The decision of the Secretary of the Treasury shall be final. The Federal reserve bank shall note upon the retained copy of the application whether or not a license has been granted, and, if granted, the date of the license and the amount of the gold coin or gold bullion covered thereby.

## **SEC. 4. ACQUISITION OF GOLD**

Upon presentation of a license for the acquisition of gold coin or bullion to a Federal reserve bank, such bank shall deliver to the licensee the amount of gold coin or gold bullion authorized in such license upon payment therefor in an equivalent amount of any form of coin or currency coined or issued under the laws of the United States.

## **SEC. 5. REPORTS REQUIRED ON THE DISPOSITION OF GOLD COIN OR BULLION**

Any person holding a license for the retention or acquisition of gold coin or bullion issued under this Article, who shall at any time dispose of such gold coin or bullion in accordance with the terms of the license or otherwise, shall immediately file a written report in duplicate with the Federal reserve bank through which the license was issued. Such report shall be executed under oath and verified before an officer duly authorized to administer oaths, and shall contain

- (a) the names and addresses of the person or persons to whom such gold coin or bullion was delivered,
- (b) the amounts thereof and whether gold coin or gold bullion, and
- (c) the reason for such delivery.

On the receipt of any such report, the Federal reserve bank receiving it shall immediately transmit the original to the Secretary of the Treasury in Washington and shall retain a copy for its records. Upon the transfer of any gold coin or bullion by a person licensed to retain or acquire the same, such licensee shall advise the transferee of the provisions of the Executive Order of April 5, 1933, and of the penalties for its violation, and such transferee shall deliver such gold coin or bullion so received to a Federal reserve bank or branch or agent thereof or any member bank of the Federal Reserve System, in accordance with the Executive Order of April 5, 1933, and shall be subject to the penalties of said Executive Order for any violation thereof.

## FEDERAL RESERVE BANK OF KANSAS CITY

470.01(10)

April 6, 1933.

*To All Banks and Trust Companies, District No. 10:*

The President of the United States, on April 5, 1933, issued an executive order as follows:

### Executive Order

"Forbidding the hoarding of gold coin, gold bullion, and gold certificates, by virtue of the authority vested in me by Section 5 (B) of the Act of October 6, 1917, as amended by Section 2 of the Act of March 9, 1933, entitled 'An Act to provide relief in the existing national emergency in banking, and for other purposes,' in which amendatory Act Congress declared that a serious emergency exists, I, Franklin D. Roosevelt, President of the United States of America, do declare that said national emergency still continues to exist and pursuant to said section do hereby prohibit the hoarding of gold coin, gold bullion, and gold certificates within the continental United States by individuals, partnerships, associations, and corporations, and hereby prescribe the following regulations for carrying out the purposes of this order:

"Section 1. For the purposes of this regulation the term 'hoarding' means the withdrawal and withholding of gold coin, gold bullion, or gold certificates from the recognized and customary channels of trade. The term 'person' means any individual, partnership, association, or corporation.

"Section 2. All persons are hereby required to deliver on or before May 1, 1933, to a Federal reserve bank or branch, or agency thereof, or to any member bank of the Federal Reserve System, all gold coin, gold bullion, and gold certificates now owned by them or coming into their ownership on or before April 28, 1933, except the following:

(A) Such amount of gold as may be required for legitimate and customary use in industry, profession, or art, within a reasonable time, including gold prior to refining, and stocks of gold in reasonable amounts for the usual trade requirements of owners mining and refining such gold.

(B) Gold coin and gold certificates in an amount not exceeding in the aggregate \$100.00 belonging to any one person; and gold coins having a recognized special value to collectors of rare and unusual coins.

(C) Gold coin and bullion earmarked or held in trust for a recognized foreign government, or foreign central bank, or the Bank for International Settlements.

(D) Gold coin and bullion licensed for other proper transactions (not involving hoarding), including gold coin and bullion imported for reexport or held pending action on applications for export licenses.

"Section 3. Until otherwise ordered, any person becoming the owner of any gold coin, gold bullion, or gold certificates, after April 28, 1933, shall within three days after receipt thereof deliver the same in the manner prescribed in Section 2; unless such gold coin, gold bullion, or gold certificates are held for any of the purposes specified in Paragraphs (A), (B), or (C) of Section 2; or unless such gold coin or gold bullion is held for purposes specified in Paragraph (D) of Section 2 and the person holding it is, with respect to such gold coin or bullion, a licensee or applicant for license pending action thereon.

"Section 4. Upon receipt of gold coin, gold bullion, or gold certificates delivered to it in accordance with Sections 2 or 3, the Federal reserve bank or member bank will pay therefor an equivalent amount of any other form of coin or currency coined or issued under the laws of the United States.

"Section 5. Member banks shall deliver all gold coin, gold bullion, and gold certificates owned or received by them (other than as exempted under the provisions of Section 2) to the Federal reserve banks of their respective districts and receive credit or payment therefor.

"Section 6. The Secretary of the Treasury, out of the sum made available to the President by Section 501 of the Act of March 9, 1933, will in all proper cases pay the reasonable costs of transportation of gold coin, gold bullion, or gold certificates delivered to a member bank or Federal reserve bank in accordance with Sections 2, 3, or 5 hereof, including the cost of insurance, protection, and such other incidental costs as may be necessary, upon production of satisfactory evidence of such costs.

"Voucher forms for this purpose may be procured from Federal reserve banks.

"Section 7. In cases where the delivery of gold coin, gold bullion, or gold certificates by the owners thereof, within the time set forth above, will involve extraordinary hardship or difficulty, the Secretary of the Treasury may, in his discretion, extend the time within which such delivery must be made. Applications for such extensions must be made in writing under oath, addressed to the Secretary of the Treasury and filed with a Federal reserve bank. Each application must state the date to which the extension is desired, the amount and location of the gold coin, gold bullion, and gold certificates in respect to which such application is made, and the facts showing extension to be necessary to avoid extraordinary hardship or difficulty.

(Over)

"Section 8. The Secretary of the Treasury is hereby authorized and empowered to issue such further regulations as he may deem necessary to carry out the purposes of this order, and to issue licenses thereunder, through such officers or agencies as he may designate, including licenses permitting the Federal reserve banks and member banks of the Federal Reserve System, in return for an equivalent amount of other coin, currency, or credit, to deliver, earmark, or hold in trust gold coin and bullion to or for persons showing the need for the same for any of the purposes specified in Paragraphs (A), (C), and (D) of Section 2 of these regulations.

"Section 9. Whoever wilfully violates any provision of the executive order or of these regulations, or of any rule, regulation, or license issued thereunder, may be fined not more than \$10,000, or, if a natural person, may be imprisoned for not more than ten years, or both; and any officer, director, or agent of any corporation who knowingly participates in any such violation may be punished by a like fine, imprisonment, or both.

"This order and these regulations may be modified or revoked at any time.

FRANKLIN D. ROOSEVELT."

Accordingly, and until further notice, this bank and its branches will absorb the loss occasioned by the natural wear (abrasion) on gold coin, and will assume shipping charges on such coin and gold certificates deposited for credit to the account of a member bank, or tendered in exchange for silver coin or currency other than gold certificates, and such charges on coin or currency delivered in exchange therefor.

Gold coin should be forwarded by express, charges collect.

Gold certificates should be forwarded by registered mail.

The express company receipt or registered mail receipt should be preserved for use in case of loss.

#### ADVICE OF SHIPMENT.

**FEDERAL RESERVE BANK  
OF KANSAS CITY**

470.01(19)

March 22, 1933.

*To All Banks and Trust Companies,  
District No. 10:*

Under authority conferred upon him by the President's proclamations of March 6, 1933, and March 9, 1933, the Secretary of the Treasury has issued the following regulation:

"After the close of business on March 18, 1933, Treasury Regulation No. 6 and Treasury Regulation No. 10, as amended, shall be without force or effect to authorize any banking transaction therein referred to."

*Regulation No. 28.*

Regulations No. 6 and No. 10, referred to in the above quoted Regulation No. 28, were quoted in full in circular letters issued by this bank to all banks and trust companies in the Tenth Federal Reserve District under dates of March 6 and March 7. Regulation No. 6 related to the temporary authority granted by the Secretary of the Treasury to handle and collect drafts or other documents in connection with the shipment, transportation or delivery of food or feed products and to pay out such amounts of currency as necessary in connection with such transactions, and Regulation No. 10 granted temporary permission to banking institutions to exercise their usual banking functions to such extent as necessary to meet the needs of their communities for food, medicine, other necessities of life, relief of distress, payment of usual salaries and wages, et cetera.

It is our interpretation of Regulation No. 28 that the revocation of Regulations No. 6 and No. 10 results in **prohibiting unlicensed banks from handling any of the limited transactions heretofore authorized by such regulations.**

We are also informed that, since Regulations No. 6 and No. 10 have been rescinded, the Treasury regards Regulation G (quoted in the second paragraph of our circular letter of March 8) as no longer in effect.

Respectfully,

  
GOVERNOR

*To All Banks and Trust Companies, District No. 10:*

Referring to our letters of March 9, 1933, and March 13, 1933, with reference to preparing, and furnishing to this institution, lists of all individuals, firms, or corporations to whom your bank has made gold payments since February 1, 1933, which have not been redeposited prior to March 17, 1933, also a list of such payments made prior to February 1, 1933, which have not been redeposited prior to March 17, 1933, you are advised that the date for redeposit in both lists has been extended to March 27, 1933.

Please furnish lists as promptly as possible after the last date mentioned.

**FEDERAL RESERVE BANK  
OF KANSAS CITY**

470.01 (10)

March 15, 1933.

*To All Banks and Trust Companies,  
District No. 10:*

In order to avoid unnecessary protest charges where possible, cash items of less than \$500 received by us for collection and drawn on banking institutions which have not been licensed to perform their normal and usual functions either by the Secretary of the Treasury or by the Secretary or Commissioner of Banking, as the case may be, should not be protested in the event of nonpayment unless the word "Protest" is stamped on the face of each such item. Wire us as to the nonpayment of all items of \$500 and over contained in our cash letters and drawn on each such institution and protest the same. Return to us immediately all items (including those of \$500 and over) drawn on such institutions which are not paid upon presentation, with a statement of the reason for nonpayment. The instructions in our General Letter D-1 applicable to protest of items are modified as above with respect to items drawn on unlicensed banking institutions until further advice from us.

Respectfully,

*Geo. H. Hamilton*  
GOVERNOR

**FEDERAL RESERVE BANK  
OF KANSAS CITY**

470 01(10)

March 13, 1933.

*To All Banks and Trust Companies,  
District No. 10:*

The Secretary of the Treasury has today released the following statement to the press:

"The first duty of the banks reopening under license of the Secretary of the Treasury for the performance of their usual functions is to see that the primary needs of the people for funds for the necessities of life and for normal business undertakings are met. Accordingly withdrawals for hoarding have been prohibited and the Secretary of the Treasury suggests that, until more normal conditions have been established, transfers of funds by banks or their customers be limited to necessary purposes."

The following regulations have today been issued by the Secretary of the Treasury:

"No banking institution shall permit any withdrawal by any person when such institution, acting in good faith, shall deem that the withdrawal is intended for hoarding. Any banking institution, before permitting the withdrawal of large or unusual amounts of currency, may require from the person requesting such withdrawal, a full statement, under oath, of the purpose for which the currency is requested."

*Regulation No. 23.*

"All banking institutions may cash official drafts drawn upon the Secretary of State for payment of salaries, traveling and other contingent expenses but not for personal account, and remit the amounts thereof to the banks from which drafts are received, provided that no gold or gold certificates shall be paid out."

*Regulation No. 24.*

Respectfully,

  
GOVERNOR

#10  
**FEDERAL RESERVE BANK  
OF KANSAS CITY**

March 12, 1933.

*To All Banks and Trust Companies,  
District No. 10:*

The following statement was issued Saturday night, March 11, 1933, by the President of the United States:

"I am glad to be able to announce that technical difficulties which operated to delay the opening of banks, both state and national, have finally substantially been overcome by tireless work on the part of the officials of the Treasury and the Federal reserve system, and that a definite program has been arranged consisting of successive steps by which banks throughout the country will be opened progressively on Monday, Tuesday, and Wednesday morning.

"The Secretary of the Treasury will issue licenses to banks which are members of the Federal reserve system whether national bank or state, located in each of the twelve Federal reserve bank cities, to open Monday morning.

"So also the state authorities having supervision over state banks which are not members of the Federal reserve system will be asked to permit any such state institutions located in any one of the twelve Federal reserve bank cities to open for business on Monday morning if in their judgment they deem it wise to do so.

"Under this progressive plan, banks located in any city having an active, recognized clearing house association, of which there are 250 cities, will receive licenses for reopening on Tuesday morning, and banks located elsewhere will receive their licenses permitting reopening for Wednesday.

"Time is thus afforded for the necessary shipments of currency provided under the emergency bank act from reserve bank centers to clearing house cities and banks in the smaller communities.

"There were numerous technical problems to be solved before these mechanics could be worked out and before the actual currency could be in the banks when the doors opened.

"The fact that banks will be opened under this plan does not mean that any one should draw the inference that the banks opening Monday are in any different condition as to soundness from the banks licensed to open on Tuesday or Wednesday or any subsequent day."

Pursuant to the provisions of the foregoing statement the Secretary of the Treasury has forwarded the following telegram to State banking authorities in each state:

"As announced by the papers this afternoon, a definite program for the reopening of banks throughout the country has been determined by the Secretary of the Treasury. In accordance with this program, the Secretary of the Treasury is prepared upon application through Federal reserve banks to issue to banking institutions which are members of the Federal reserve system, whether national or state, located in each of the twelve Federal reserve bank cities, licenses to open Monday morning. The Secretary of the Treasury will not issue licenses to any member bank, state or national, located outside those twelve cities to open before Tuesday.

"State authorities having supervision over banking institutions located at such cities which are not members of the Federal reserve system are requested to cooperate by permitting such banking institutions to open for business on Monday morning, in all cases where they find them qualified to do so on the basis indicated in previous telegram of March 10th. The Secretary of the Treasury will not permit any member bank, state or national, to open in any such Federal reserve city unless opened for normal business on an unrestricted basis, except so far as affected by legal contracts between the banks and depositors with respect to withdrawals or notice of withdrawals.

"In accordance with the announcement of the President, the Secretary of the Treasury is prepared, upon application through the Federal reserve Banks, to issue licenses to reopen on Tuesday morning to Federal reserve member banks located in any city having an active and recognized clearing house association and upon like application licenses to member banks located elsewhere for reopening on Wednesday morning. As previously stated, however, the Secretary of the Treasury will not permit the opening of member banks, state or national, on any of these days except on an unrestricted basis, as above indicated. It must be understood that the restrictions in the President's proclamation against the payment of gold, gold certificates or bullion, or the payment of currency, for hoarding purposes, and foreign exchange transactions, will apply to all banking institutions, member and nonmember, state or national until further notice."

The Act of Congress which became a law on March 9, 1933, and is referred to in the foregoing statements as "The Emergency Bank Act," contains the following provision with reference to hoarding:

"During time of war or during any other period of national emergency declared by the President, the President may, through any agency that he may designate, or otherwise, investigate, regulate, or prohibit, under such rules and regulations as he may prescribe, by means of licenses or otherwise, any transactions in foreign exchange, transfers of credit between or payments by banking institutions as defined by the President, and export, hoarding, melting, or earmarking of gold or silver coin or bullion or currency, by any person within the United States or any place subject to the jurisdiction thereof; and the President may require any person engaged in any transaction referred to in this subdivision to furnish under oath, complete information relative thereto, including the production of any books of account, contracts, letters or other papers, in connection therewith in the custody or control of such person, either before or after such transaction is completed. Whoever willfully violates any of the provisions of this subdivision or of any license, order, rule or regulation issued thereunder, shall, upon conviction, be fined not more than \$10,000, or, if a natural person, may be imprisoned for not more than ten years, or both; and any officer, director, or agent of any corporation who knowingly participates in such violation may be punished by a like fine, imprisonment, or both. As used in this subdivision the term 'person' means an individual, partnership, association, or corporation."

The following instructions should be noted:

1. No national bank, or state bank member of the Federal reserve system, will be permitted to open until it is notified that a license has been issued to it by the Secretary of the Treasury. The Federal Reserve Bank will give prompt notice to such member banks as are authorized by the Secretary of the Treasury to reopen.
2. No state bank, unless a member of the Federal reserve system, will be permitted to reopen unless and until authorized by the state authorities having supervision over such banks.
3. The Secretary of the Treasury will not permit any member bank, national or state, to open unless open for normal business on an unrestricted basis, except so far as affected by legal contracts between the bank and depositors with respect to withdrawals or notice of withdrawals.
4. No gold or gold certificates shall be paid out.
5. Payment of currency for hoarding is prohibited.
6. It should be borne in mind that the Federal reserve bank cannot undertake the collection of cash items until the banks on which drawn have been permitted to function in a normal way.

There is enclosed a copy of the full text of the Emergency Bank Act.

Respectfully,

  
GOVERNOR

Text of  
**EMERGENCY BANK ACT**

Enacted by the Congress and  
Signed by the President of the United States  
on March 9, 1933.

**AN ACT**

To provide relief in the existing national emergency in banking, and for other purposes.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,* That the Congress hereby declares that a serious emergency exists and that it is imperatively necessary speedily to put into effect remedies of uniform national application.

**TITLE I**

Section 1. The actions, regulations, rules, licenses, orders and proclamations heretofore or hereafter taken, promulgated, made, or issued by the President of the United States or the Secretary of the Treasury since March 4, 1933, pursuant to the authority conferred by subdivision (b) of section 5 of the Act of October 6, 1917, as amended, are hereby approved and confirmed.

Sec. 2. Subdivision (b) of section 5 of the Act of October 6, 1917 (40 Stat. L. 411), as amended, is hereby amended to read as follows:

“(b) During time of war or during any other period of national emergency declared by the President, the President may, through any agency that he may designate, or otherwise, investigate, regulate, or prohibit, under such rules and regulations as he may prescribe, by means of licenses or otherwise, any transactions in foreign exchange, transfers of credit between or payments by banking institutions as defined by the President, and export, hoarding, melting, or earmarking of gold or silver coin or bullion or currency, by any person within the United States or any place subject to the jurisdiction thereof; and the President may require any person engaged in any transaction referred to in this subdivision to furnish under oath, complete information relative thereto, including the production of any books of account, contracts, letters or other papers, in connection therewith in the custody or control of such person, either before or after such transaction is completed. Whoever willfully violates any of the provisions of this subdivision or of any license, order, rule or regulation issued thereunder, shall, upon conviction, be fined not more than \$10,000, or, if a natural person, may be imprisoned for not more than ten years, or both; and any officer, director, or agent of any corporation who knowingly participates in such violation may be punished by a like fine, imprisonment, or both. As used in this subdivision the term ‘person’ means an individual, partnership, association, or corporation.”

Section 3. Section 11 of the Federal Reserve Act is amended by adding at the end thereof the following new subsection:

“(n) Whenever in the judgment of the Secretary of the Treasury such action is necessary to protect the currency system of the United States, the Secretary of the Treasury, in his discretion, may require any or all individuals, partnerships, associations and corporations to pay and deliver to the Treasurer of the United States any or all gold coin, gold bullion, and gold certificates owned by such individuals, partnerships, associations and corporations. Upon receipt of such gold coin, gold bullion or gold certificates, the Secretary of the Treasury shall pay therefor an equivalent amount of any other form of coin or currency coined or issued under the laws of the United States. The Secretary of the Treasury shall pay all costs of the transportation of such gold bullion, gold certificates, coin, or currency, including the cost of insurance, protection, and such other incidental costs as may be reasonably necessary. Any individual, partnership, association, or corporation failing to comply with any requirement of the Secretary of the Treasury made under this subsection shall be subject to a penalty equal to twice the value of the gold or gold certificates in respect of which such failure occurred, and such penalty may be collected by the Secretary of the Treasury by suit or otherwise.”

Sec. 4. In order to provide for the safer and more effective operation of the National Banking System and the Federal Reserve System, to preserve for the people the full benefits of the currency provided for by the Congress through the National Banking System and the Federal Reserve System, and to relieve interstate commerce of the burdens and obstructions resulting from the receipt on an unsound or unsafe basis of deposits subject to withdrawal by check, during such emergency period as the President of the United States by proclamation may prescribe, no member bank of the Federal Reserve System shall transact any banking business except to such extent and subject to such regulations, limitations and restrictions as may be prescribed by the Secretary of the Treasury, with the approval of the President. Any individual, partnership, corporation, or association, or any director, officer or employee thereof, violating any of the provisions of this section shall be deemed guilty of a misdemeanor and, upon conviction thereof, shall be fined not more than \$10,000 or, if a natural person, may, in addition to such fine, be imprisoned for a term not exceeding ten years. Each day that any such violation continues shall be deemed a separate offense.

## TITLE II

Sec. 201. This title may be cited as the "Bank Conservation Act."

Sec. 202. As used in this title, the term "bank" means (1) any national banking association, and (2) any bank or trust company located in the District of Columbia and operating under the supervision of the Comptroller of the Currency; and the term "State" means any State, Territory, or possession of the United States, and the Canal Zone.

Sec. 203. Whenever he shall deem it necessary in order to conserve the assets of any bank for the benefit of the depositors and other creditors thereof, the Comptroller of the Currency may appoint a conservator for such bank and require of him such bond and security as the Comptroller of the Currency deems proper. The conservator, under the direction of the Comptroller, shall take possession of the books, records, and assets of every description of such bank, and take such action as may be necessary to conserve the assets of such bank pending further disposition of its business as provided by law. Such conservator shall have all the rights, powers, and privileges now possessed by or hereafter given receivers of insolvent national banks and shall be subject to the obligations and penalties, not inconsistent with the provisions of this title, to which receivers are now or may hereafter become subject. During the time that such conservator remains in possession of such bank, the rights of all parties with respect thereto shall, subject to the other provisions of this title, be the same as if a receiver had been appointed therefor. All expenses of any such conservatorship shall be paid out of the assets of such bank and shall be a lien thereon which shall be prior to any other lien provided by this Act or otherwise. The conservator shall receive as salary an amount no greater than that paid to employees of the Federal Government for similar services.

Sec. 204. The Comptroller of the Currency shall cause to be made such examinations of the affairs of such bank as shall be necessary to inform him as to the financial condition of such bank, and the examiner shall make a report thereon to the Comptroller of the Currency at the earliest practicable date.

Sec. 205. If the Comptroller of the Currency becomes satisfied that it may safely be done and that it would be in the public interest, he may, in his discretion, terminate the conservatorship and permit such bank to resume the transaction of its business subject to such terms, conditions, restrictions and limitations as he may prescribe.

Sec. 206. While such bank is in the hands of the conservator appointed by the Comptroller of the Currency, the Comptroller may require the conservator to set aside and make available for withdrawal by depositors and payment to other creditors, on a ratable basis, such amounts as in the opinion of the Comptroller may safely be used for this purpose; and the Comptroller may, in his discretion, permit the conservator to receive deposits, but deposits received while the bank is in the hands of the conservator shall not be subject to any limitation as to payment or withdrawal, and such deposits shall be segregated and shall not be used to liquidate any indebtedness of such bank existing at the time that a conservator was appointed for it, or any subsequent indebtedness incurred for the purpose of liquidating any indebtedness of such bank existing at the time such conservator was appointed. Such deposits received while the bank is in the hands of the conservator shall be kept on hand in cash, invested in the direct obligations of the United States, or deposited with a Federal reserve bank. The Federal reserve banks are hereby authorized to open and maintain separate deposit accounts for such purpose, or for the purpose of receiving deposits from State officials in charge of State banks under similar circumstances.

Sec. 207. In any reorganization of any national banking association under a plan of a kind which, under existing law, requires the consent, as the case may be, (a) of depositors and other creditors or (b) of stockholders or (c) of both depositors and other creditors and stockholders, such reorganization shall become effective only (1) when the Comptroller of the Currency shall be satisfied that the plan of reorganization is fair and equitable as to all depositors, other creditors and stockholders and is in the public interest and shall have approved the plan subject to such conditions, restrictions and limitations as he may prescribe and (2) when, after reasonable notice of such reorganization, as the case may require, (A) depositors and other creditors of such bank representing at least 75 per cent in amount of its total deposits and other liabilities as shown by the books of the national banking association or (B) stockholders owning at least two-thirds of its outstanding capital stock as shown by the books of the national banking association or (C) both depositors and other creditors representing at least 75 per cent in amount of the total deposits and other liabilities and stockholders owning at least two-thirds of its outstanding capital stock as shown by the books of the national banking association, shall have consented in writing to the plan of reorganization: *Provided, however,* That claims of depositors or other creditors which will be satisfied in full under the provisions of the plan of reorganization shall not be included among the total deposits and other liabilities of the national banking association in determining the 75 per cent thereof as above provided. When such reorganization becomes effective, all books, records, and assets of the national banking association shall be disposed of in accordance with the provisions of the plan and the affairs of the national banking association shall be conducted by its board of directors in the manner provided by the plan and under the conditions, restrictions and limitations which may have been prescribed by the Comptroller of the Currency. In any reorganization which shall have been approved and shall have become effective as provided herein, all depositors and other creditors and stockholders of such national banking association, whether or not they shall have consented to such plan of reorganization, shall be fully and in all respects subject to and bound by its provisions, and claims of all depositors and other creditors shall be treated as if they had consented to such plan of reorganization.

t. c.

Sec. 208. After fifteen days after the affairs of a bank shall have been turned back to its board of directors by the conservator, either with or without a reorganization as provided in section 207 hereof, the provisions of section 206 of this title with respect to the segregation of deposits received while it is in the hands of the conservator and with respect to the use of such deposits to liquidate the indebtedness of such bank shall no longer be effective: *Provided*, That before the conservator shall turn back the affairs of the bank to its board of directors he shall cause to be published in a newspaper published in the city, town or county in which such bank is located, and if no newspaper is published in such city, town or county, in a newspaper to be selected by the Comptroller of the Currency published in the State in which the bank is located, a notice in form approved by the Comptroller, stating the date on which the affairs of the bank will be returned to its board of directors and that the said provisions of section 206 will not be effective after fifteen days after such date; and on the date of the publication of such notice the conservator shall immediately send to every person who is a depositor in such bank under section 206 a copy of such notice by registered mail addressed to the last known address of such person as shown by the records of the bank, and the conservator shall send similar notice in like manner to every person making deposit in such bank under section 206 after the date of such newspaper publication and before the time when the affairs of the bank are returned to its directors.

Sec. 209. Conservators appointed pursuant to the provisions of this title shall be subject to the provisions of and to the penalties prescribed by section 5209 of the Revised Statutes (U. S. C., Title 12, sec. 592); and sections 112, 113, 114, 115, 116 and 117 of the Criminal Code of the United States (U. S. C., Title 18, secs. 202, 203, 204, 205, 206 and 207), in so far as applicable, are extended to apply to contracts, agreements, proceedings, dealings, claims and controversies by or with any such conservator or the Comptroller of the Currency under the provisions of this title.

Sec. 210. Nothing in this title shall be construed to impair in any manner any powers of the President, the Secretary of the Treasury, the Comptroller of the Currency, or the Federal Reserve Board.

Sec. 211. The Comptroller of the Currency is hereby authorized and empowered, with the approval of the Secretary of the Treasury, to prescribe such rules and regulations as he may deem necessary in order to carry out the provisions of this title. Whoever violates any rule or regulation made pursuant to this section shall be deemed guilty of a misdemeanor and, upon conviction thereof, shall be fined not more than \$5,000, or imprisoned not more than one year, or both.

### TITLE III

Sec. 301. Notwithstanding any other provision of law, any national banking association may, with the approval of the Comptroller of the Currency and by vote of shareholders owning a majority of the stock of such association, upon not less than five days' notice, given by registered mail pursuant to action taken by its board of directors, issue preferred stock in such amount and with such par value as shall be approved by said Comptroller, and make such amendments to its articles of association as may be necessary for this purpose; but, in the case of any newly organized national banking association which has not yet issued common stock, the requirement of notice to and vote of shareholders shall not apply. No issue of preferred stock shall be valid until the par value of all stock so issued shall be paid in.

Sec. 302 (a) The holders of such preferred stock shall be entitled to cumulative dividends at a rate not exceeding 6 per centum per annum, but shall not be held individually responsible as such holders for any debts, contracts, or engagements of such association and shall not be liable for assessments to restore impairments in the capital of such association as now provided by law with reference to holders of common stock. Notwithstanding any other provision of law, the holders of such preferred stock shall have such voting rights, and such stock shall be subject to retirement in such manner and on such terms and conditions, as may be provided in the articles of association with the approval of the Comptroller of the Currency.

(b) No dividends shall be declared or paid on common stock until the cumulative dividends on the preferred stock shall have been paid in full; and, if the association is placed in voluntary liquidation or a conservator or a receiver is appointed therefor, no payments shall be made to the holders of the common stock until the holders of the preferred stock shall have been paid in full the par value of such stock plus all accumulated dividends.

Sec. 303. The term "common stock" as used in this title means stock of national banking associations other than preferred stock issued under the provisions of this title. The term "capital" as used in provisions of law relating to the capital of national banking associations shall mean the amount of unimpaired common stock plus the amount of preferred stock outstanding and unimpaired; and the term "capital stock," as used in section 12 of the Act of March 14, 1900, shall mean only the amount of common stock outstanding.

Sec. 304. If in the opinion of the Secretary of the Treasury any national banking association or any State bank or trust company is in need of funds for capital purposes either in connection with the organization or reorganization of such association, State bank or trust company or otherwise, he may, with the approval of the President, request the Reconstruction Finance Corporation to subscribe for preferred stock in such association, State bank or trust company, or to make loans secured by such stock as collateral, and the Reconstruction Finance Corporation may comply with such request. The Reconstruction Finance Corporation may, with the approval of the Secretary of the Treasury, and under such rules and regulations as he may prescribe, sell in the open market or otherwise the whole or any part of the preferred stock of any national banking association, State bank or trust company acquired by the

Corporation pursuant to this section. The amount of notes, bonds, debentures, and other such obligations which the Reconstruction Finance Corporation is authorized and empowered to issue and to have outstanding at any one time under existing law is hereby increased by an amount sufficient to carry out the provisions of this section.

#### TITLE IV

Sec. 401. The sixth paragraph of Section 18 of the Federal Reserve Act is amended to read as follows:

"Upon the deposit with the Treasurer of the United States, (a) of any direct obligations of the United States or (b) of any notes, drafts, bills of exchange, or bankers' acceptances acquired under the provisions of this Act, any Federal reserve bank making such deposit in the manner prescribed by the Secretary of the Treasury shall be entitled to receive from the Comptroller of the Currency circulating notes in blank, duly registered and countersigned. When such circulating notes are issued against the security of obligations of the United States, the amount of such circulating notes shall be equal to the face value of the direct obligations of the United States so deposited as security; and, when issued against the security of notes, drafts, bills of exchange and bankers' acceptances acquired under the provisions of this Act, the amount thereof shall be equal to not more than 90 per cent of the estimated value of such notes, drafts, bills of exchange and bankers' acceptances so deposited as security. Such notes shall be the obligations of the Federal reserve bank procuring the same, shall be in form prescribed by the Secretary of the Treasury, shall be receivable at par in all parts of the United States for the same purposes as are national bank notes, and shall be redeemable in lawful money of the United States on presentation at the United States Treasury or at the bank of issue. The Secretary of the Treasury is authorized and empowered to prescribe regulations governing the issuance, redemption, replacement, retirement and destruction of such circulating notes and the release and substitution of security therefor. Such circulating notes shall be subject to the same tax as is provided by law for the circulating notes of national banks secured by 2 per cent bonds of the United States. No such circulating notes shall be issued under this paragraph after the President has declared by proclamation that the emergency recognized by the President by proclamation of March 6, 1933, has terminated, unless such circulating notes are secured by deposits of bonds of the United States bearing the circulation privilege. When required to do so by the Secretary of the Treasury, each Federal reserve agent shall act as agent of the Treasurer of the United States or of the Comptroller of the Currency, or both, for the performance of any of the functions which the Treasurer or the Comptroller may be called upon to perform in carrying out the provisions of this paragraph. Appropriations available for distinctive paper and printing United States currency or national bank currency are hereby made available for the production of the circulating notes of Federal reserve banks herein provided; but the United States shall be reimbursed by the Federal reserve bank to which such notes are issued for all expenses necessarily incurred in connection with the procuring of such notes and all other expenses incidental to their issue, redemption, replacement, retirement, and destruction."

Sec. 402. Section 10 (b) of the Federal Reserve Act, as amended, is further amended to read as follows:

"Sec. 10 (b) In exceptional and exigent circumstances, and when any member bank has no further eligible and acceptable assets available to enable it to obtain adequate credit accommodations through rediscounting at the Federal reserve bank or any other method provided by this Act other than that provided by section 10 (a), any Federal reserve bank, under rules and regulations prescribed by the Federal Reserve Board, may make advances to such member bank on its time or demand notes secured to the satisfaction of such Federal reserve bank. Each such note shall bear interest at a rate not less than 1 per centum per annum higher than the highest discount rate in effect at such Federal reserve bank on the date of such note. No advance shall be made under this section after March 3, 1934, or after the expiration of such additional period not exceeding one year as the President may prescribe."

Sec. 403. Section 13 of the Federal Reserve Act, as amended, is amended by adding at the end thereof the following new paragraph:

"Subject to such limitations, restrictions and regulations as the Federal Reserve Board may prescribe, any Federal reserve bank may make advances to any individual, partnership or corporation on the promissory notes of such individual, partnership or corporation secured by direct obligations of the United States. Such advances shall be made for periods not exceeding 90 days and shall bear interest at rates fixed from time to time by the Federal reserve bank, subject to the review and determination of the Federal Reserve Board."

H. R. 1491—2

#### TITLE V

Sec. 501. There is hereby appropriated, out of any money in the Treasury not otherwise appropriated, the sum of \$2,000,000, which shall be available for expenditure, under the direction of the President and in his discretion, for any purpose in connection with the carrying out of this Act.

Sec. 502. The right to alter, amend, or repeal this Act is hereby expressly reserved. If any provision of this Act, or the application thereof to any person or circumstances, is held invalid, the remainder of the Act, and the application of such provision to other persons or circumstances, shall not be affected thereby.

*To All Banks and Trust Companies, District No. 10:*

Under authority conferred upon him by the President's proclamation declaring bank holiday, the Secretary of the Treasury has issued the following regulations:

"Each Federal reserve bank may (1) Make available to its member banks which, in the judgment of the Federal reserve bank, are complying strictly with the spirit and purpose as well as the letter of the regulations issued by the Secretary of the Treasury pursuant to the President's proclamation declaring a bank holiday, such limited amounts of coin and/or currency (other than gold or gold certificates) as shall be absolutely necessary in order to enable such member banks to exercise the restricted functions permitted by such regulations; (2) Extend to each such member bank such limited amounts of discounts, advancements, and accommodations as shall be absolutely necessary for the exercise of such restricted functions; and (3) Make transfers of credit on its books for such restricted purposes between the accounts of such member banks and/or non-member clearing banks which, in the judgment of the Federal reserve bank, are complying strictly with the spirit and purpose as well as the letter of such regulations, provided, however, that before granting any such discounts, advancements, or accommodations, or making such limited payments of coin and/or currency, the Federal reserve bank shall first require the member bank, (A) To inform the Federal reserve bank of the amounts of coin and currency which it has on hand, (B) To inform the Federal reserve bank of the circumstances giving rise to the need for additional coin and/or currency, and (C) To deliver to the Federal reserve bank in exchange for other forms of coin and/or currency or for credit on its books all gold and gold certificates held by such member bank in its own right."

"Federal reserve banks, in their discretion, are authorized to handle checks and collection items arising out of the restricted banking operations permitted under the regulations of the Secretary of the Treasury when it can reasonably be anticipated that funds satisfactory to the Federal reserve bank can be provided for the payment of such checks and collection items, provided, however, that no gold or gold certificates shall be paid out by such Federal reserve banks."

"The term 'other corporations, partnerships, associations, or persons engaged in the business of receiving deposits, making loans' as used in the President's proclamation of March 6, declaring a bank holiday, is held to include brokers, pawnbrokers, industrial loan companies, mortgage loan companies, chattel loan companies, personal finance companies, automobile finance companies, and all other persons, firms, and corporations engaged in the business of making loans of any kind, secured or unsecured."

"The permission granted in previous regulation that deposits heretofore received by any banking institution pursuant to agreement or legislative authority providing for segregation and repayment without restriction may be paid on demand, includes any bank in which any such deposits have been redeposited by or on behalf of the receiving bank in accordance with such agreement or legislative authority."

FEDERAL RESERVE BANK  
OF KANSAS CITY

March 7, 1933.

*To All Banks and Trust Companies, District No. 10:*

Under authority conferred upon him by the President's proclamation declaring bank holiday, the Secretary of the Treasury has issued the following regulations:

"Deposits heretofore received by any banking institution, pursuant to agreement or legislative authority providing for segregation and for repayment without restriction, may be paid on demand. Any banking institution, which was lawfully engaged in the business of receiving deposits prior to March 6, 1933, may create special trust accounts for the receipt of new deposits, which shall be subject to withdrawal on demand without any restriction or limitation and shall be kept separately in cash or on deposit in Federal reserve banks or invested in obligations of the United States. Federal reserve banks may open special accounts on their books for their member banks, and temporarily for nonmember banks, and may receive in such special accounts the proceeds of new deposits received by such banking institutions. In making deposits with the Federal reserve bank pursuant to this regulation, the depositing bank shall in the case of each deposit indicate to the Federal reserve bank by symbol, or otherwise, that the funds so deposited represent new deposits made under this regulation. Upon receipt of such deposits such Federal reserve banks shall credit the same in the special account of the depositing bank herein provided for, and shall hold the same solely for repayment to such bank. Federal reserve banks shall permit the withdrawal of any part, or all, of such new deposits by the depositing bank without restriction, provided that the depositing bank shall in such order or request for withdrawal indicate to the Federal reserve bank by symbol, or otherwise, that such withdrawal is to be made from such special account, provided, however, that no banking institution shall pay out or permit the withdrawal of any gold or gold certificates."

"Any national or State banking institution may exercise its usual banking functions to such extent as its situation shall permit and as shall be absolutely necessary to meet the needs of its community for food, medicine, other necessities of life, for the relief of distress, for the payment of usual salaries and wages, for necessary current expenditures for the purpose of maintaining employment, and for other similar essential purposes; provided, however, that (1) every precaution shall be taken to prevent hoarding or the unnecessary withdrawal of currency; (2) no State banking institution shall engage in any transaction under this regulation which is in violation of State or Federal law or any regulation issued thereunder; (3) no national banking association shall engage in any transaction under this section which is in violation of any Federal law or of any order or regulation issued by the Comptroller of the Currency; and (4) no gold or gold certificates shall be paid out. Each banking institution and its directors and officers will be held strictly accountable for faithful compliance with the spirit and purpose as well as the letter of this regulation."

"Any banking institution may deliver to the person entitled thereto properly identified documents and securities held by such institution for safekeeping."

"Where settlement for checks charged by drawee institutions to the drawers' accounts on their books on or before March 4, 1933, is incomplete, settlement may be completed where such settlement does not involve the payment of money or currency."

"Clearing House Associations and other associations organized to provide an adequately secured medium of temporary exchange are hereby permitted to issue certificates against sound assets of banking institutions, such certificates to be deliverable by each institution to its creditors and depositors on a pro rata basis, provided, however, that no such certificates shall be issued before Friday, March 10, 1933, without the consent of the Secretary of the Treasury addressed to the Clearing House or other association proposing to issue such certificates, and further provided that this permission may be revoked in the event that a national plan to meet the existing emergency is proposed by the Secretary of the Treasury, if in his opinion the success of such plan would be inconsistent with the operation of the certificate plan."

(over)

“Any banking institution lawfully engaged in the business of acting as trustee, executor, administrator, registrar of stocks and bonds, transfer agent, guardian of estates, assignee, receiver, committee of estates of lunatics, or in any other fiduciary capacity may continue to transact such business in the normal and usual manner; provided that in the conduct of said business, except as may be permitted by other regulations of the Secretary of the Treasury, such banking institution shall not pay out or permit the withdrawal of coin or currency nor withdraw any trust or fiduciary funds on deposit with any other department of the bank.”

Particular attention is called to the fact that each banking institution and its directors and officers will be held strictly accountable for faithful compliance with the spirit and purpose of the regulation which permits banks, under certain circumstances, to make payments of money. It is suggested that all banks require signed statements from customers to whom money may be paid under these regulations, stating the purposes for which such money is to be used.

We are also authorized to inform all banking institutions and others concerned that the term “food or feed products” in regulation quoted in our letter of yesterday, under the President’s proclamation promulgated March 6, may be interpreted to include livestock on the way to slaughter.

Respectfully,
