Mr. Jose L. Perez
1507 South Tyler Street
El Monte, California

Dear Mr. Perez:

re: Satsuki Fukuda

The above Japanese is an evacuee in this Center. They own some buildings at 1106 East Short, San Gabriel, California. They consist of two small bungalow type houses, about 7 rooms, a garage, and stable. They are on leased land, but the understanding is that, according to them the land owner will permit them in the event they are about to effect a sale, to remove such buildings.

We wrote for them to H. J. Bertschiger of El Monte, but he apparently has no interest; however, he suggested your name and thought you would be interested if it could be purchased for \$50.00 for the group of buildings. We passed this information along to the Fukudas, but they feel this offer is too low, but would sell for \$90.00.

We would be glad to hear from you further and pass any information you care to give to the Japanese evacuees, who will then write you confirming whatever arrangements they wish to make.

Dear Mr. Baertschiger:

re: Satsuki Fukuda

This party registered here has asked our help in trying to dispose of some odd buildings located on leased ground where you are operating in flowers. There are couple of bungalow type houses, 7 years old, barn and garage.

What interest have you in the purchase of these from the Japanese? I understand that the land owner would be agreeable to a change in ownership, or even consent to their removal by a new purchaser elsewhere.

Should this not be interesting to you, could you give us some information that might be of benefit in trying to work out something for the Fukudas with another party?

Very truly yours,

Dear Mr. Gordon:

We are not in a position to be able to find a buyer
for the buildings mentioned in your letter of July 6,

I would suggest that the best probable solution would
be to contact the landlord and try and make arrangements
to sell through that medium.

To the Federal Reserve Bank:

I have sold my strawberry crop to Mr. Rightmier of 2700 S. Gladys Street in San Gabriel. Included with the crop was all our farm equipment such as horse, plows, cultivators, carts, shovels, hoes, harrows, and many other things.

He agreed to buy from us for \$720. He was getting a government loan but the loan didn't come while we were there. We have waited for at least a month and a half now. I have written to Mr. Rightmier 3 times already and have not received a single answer. I have also written to Mr. . Randall, the Field Agent at the Service Center in Alhambra, but have not heard from him either.

I am very anxious to get the money because we have put in so much money and work in the field since last year February. All of us children have worked all summer and even spent our after school time and Sunday working. I should like to see the money.

Gentlemen: re: S. Hamachi
513-C - 24th Street
Pomona Assembly Center
Pomona, California

This Japanese party who previous to evacuation operated 9 acres of leased land on the Garvey Road between California and Sunset in West Covina.

Conversation with the party developed that you helped consummate final arrangements for these crops to be taken over by Mr. and Mrs. Cornelius. Your field representative, according to Mr. Hamachi, was a Mr. Finch.

The Japanese problem is that just prior to evacuation his family put in 292 hours of work, picking lettuce and planting dry onions at an agreed price of 35¢ an hour, and the money involved amounted to \$108.20, which has not been paid them.

They claim that all of this work was done after their agricultural deal had been completed by your office, and the amount of money involved that they would eventually receive was around \$900.00.

The Japanese claim they have written Mr. and Mrs. Cornelius couple of times, but received no answer so they have come to us with their problem and for relief, if possible.

Just yesterday we received a letter from Mr. and Mrs. Cornelius stating their side of the case which was at variance with the Japanese side of the story. They

page 2--Farm Security--July 23, 1942

mentioned that the labor was supposed to be done, was part of the agreement with your Mr. Finch, and all before your department was to pay Mr. Hamachi the \$900.00 for his interest.

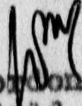

Conversation also developed from the Japanese that few days before evacuation, Mr. Cornelius offered Hamachis some money on this labor account; however, he did not have it all, and it was agreed to wait to see what the total would be at the time of evacuation, and he was to receive a check in full, which of course, has not been forthcoming.

We have checked this part of the story elsewhere on the outside, and this was substantiated.

Would you inquire from your Mr. Finch what he remembers of this situation, and whether the Japanese story is substantially correct, so that we could advise him along lines of further procedure, so that his interests on the outside may be protected, if possible.

An early reply will be appreciated.

Yours very truly,

Gordon C. Williams

West Covina, California

Dear Mr. and Mrs. Cornelius:

Reference is made to your letter of the 21st just received regarding the S. Hamachi claim of \$102.20 for labor.

We had these people in again today and gave them your side of the story; however, they cannot agree to some of the statements you set forth therein, and mentioned that a short time before evacuation, you offered them a payment on their labor account up to that time. However, it was not in full, and it was mutually agreed to await for the total when the Japanese would be evacuated, after which you would pay the labor bill in full.

They also mentioned that Mr. Finch of the Farm Security Administration of Pomona, who made the general arrangements between you for the take-over of the crops and the equipment, etc., would also know about this labor arrangement, so we are writing him for further details in this connection.

Also should you have any further ^{thought} to offer in this connection, we would be happy to hear from you.

Yours very truly,

Gordon C. Williams
Field Representative

This Japanese party who previous to evacuation operated 9 acres of leased land on the Garvey Road between California and Sunset in West Covina.

Conversation with the party developed that you helped consummate final arrangements for these crops to be taken over by Mr. and Mrs. Cornelius. Your field representative, according to Mr. Hamachi, was a Mr. Finch.

The Japanese problem is that just prior to evacuation his family put in 302 hours of work, picking lettuce and planting dry onions at an agreed price of 35¢ an hour, and the money involved amounted to \$102.20, which has not been paid them.

They claim that all of this work was done after their agricultural deal had been completed by your office, and the amount of money involved that they would eventually receive was around \$900.00.

The Japanese claim they have written Mr. and Mrs. Cornelius couple of times, but received no answer so they have come to us with their problem and for relief, if possible.

Just yesterday we received a letter from Mr. and Mrs. Cornelius stating their side of the case which was at variance with the Japanese side of the story. They

page 2--Fara Security--July 23, 1942

mentioned that the labor was supposed to be done, was part of the agreement with your Mr. Finch, and all before your department was to pay Mr. Hanachi the \$900.00 for his interest.

Conversation also developed from the Japanese that few days before evacuation, Mr. Cornelius offered Hanachis some money on this labor account; however, he did not have it all, and it was agreed to wait to see what the total would be at the time of evacuation, and he was to receive a check in full, which of course, has not been forthcoming.

We have checked this part of the story elsewhere on the outside, and this was substantiated.

Would you inquire from your Mr. Finch what he remembers of this situation, and whether the Japanese story is substantially correct, so that we could advise him along lines of further procedure, so that his interests on the outside may be protected, if possible.

An early reply will be appreciated.

Dear Sir:-

In regard to S. Hamachi claim
against me for labor Bill.

The labor that he says he put in
on the ranch we took over from him
for the United States government was as
much to his interest as ours. The work
was supposed to be done before he
got his check of \$900.⁰⁰. that is what we
payed him which as advised by our
Gov't Agent was a fair enough price for
his crop & equipment. he was anxious to
do all of this as agreed verbally to some
before he got his check. This Ranch was
financed by the Gov't on our loan.
Covered no wages. The Japanese was
supposed to give us the use of the house
in which he did not keep his work
it was given to the landlord instead so
we are having to drive back forth from
our home (20) miles. The lettuce crop
which was in, was lost during the
transaction while we were waiting for
an Ok.

We have not taken enough off of the
place to date to meet our payment on
the loan August the 1st.

This is fully an explanation of
how the situation stands, we feel the
gov't should be paid regardless of any
so called claim by a Jap. I am sure
you can understand the situation
and know he has been well paid.

Thanking you kindly

Dear Mr. Cornelius:

We have just received a complaint from the above mentioned Japanese, who claims that he and possibly other members of the family gave you about 292 hours of work at 35¢ per hour between April 18 and 28, and that the amount of this feat is \$102.20, which you ^{can} apparently seem unfit to recognize.

Of course, this is according to the Japanese, and we would appreciate having your side of the story, but however, we must insist that you give this your early attention, so that we will know just what the proper procedure to take may be.

Thank you for your anticipated early attention.

HEAD OFFICE

TO: LOS ANGELES

Date August 12, 1942

SUBJECT: Evacuee Property Department - Haruo Imura

REFERENCE: Your letters July 17 and August 10 - our letter July 21

Reference is made to your memorandum dated August 10, 1942, relating to certain nursery property, title to which is vested in Haruo Imura, together with enclosure of a letter from your field representative, Gordon C. Williams, at Pomona Assembly Center, Pomona, California.

We have reviewed the subject matter of the letter in question with Mr. Crichton, vice-president in charge of the Mortgage Department of the American Trust Company, main branch, Oakland, California, which has the Imura property under its jurisdiction.

It has been clearly indicated to us that the American Trust Company wish in every reasonable way to cooperate with the evacuee in question in aiding him to retain title to the property, providing a satisfactory lease can be arranged that will permit the prompt payment of taxes and servicing charges on the existing deed of trust, irrespective of the fact that notice of default was filed by the American Trust Company early in June, 1942. The actual servicing charges on the present loan approximate \$40 per month, with taxes in addition of approximately \$15 a month.

It therefore would appear that the property would have to be leased for a minimum consideration of \$55 per month. In the event that this figure could not be secured, the question arises whether Imura is financially able to meet, from his own personal resources, any monthly deficit that might be involved.

With regard to Mr. J. Blumenstiel, we are endeavoring to contact him in connection with his indicated interest in possibly leasing the property with option to buy, for a five-year period. We find, by contacting his home, that he is rather difficult to reach during business hours, but will make every effort to learn his views as soon as possible. He called on the American Trust Company a few weeks ago to learn Imura's address, indicating that he might be interested in leasing the property, but expressed no ideas as to price.

With reference to the suggestion as to a sum of \$100 or \$150 to be paid by the American Trust Company to Imura in consideration of the last named executing a warranty deed, thereby saving foreclosure sale costs, etc., no definite opinion can be reached on this point until after the lease possibilities of the property have been exhausted. Quite frankly, we are not very optimistic as to the interest of Mr. Blumenstiel in the lease of the property at an approximate lease rental adequate to service the present loan and meet taxes in view of the numerous recent contacts we have had with other nursery properties in the same general area which were in much more efficient operating condition than in this instance.

We hope, therefore, to be able to advise you within a relatively short time as to what can be done with Mr. Blumenstiel. In the interval we suggest that you arrange to have Imura advised of the further effort we are making in his behalf, making it clear to him that the attitude of the American Trust Company, as evidenced to us, is cooperative and helpful.

In the event that you may wish to refer it to your field representative, Mr. Gordon C. Williams at Pomona Assembly Center, a copy of this letter is enclosed for your convenience.

Enclosure.

Los Angeles, California

Dear Mr. Bold:

re: Haruo Imura

Reference is made to your letter of July 24th regarding the above evacuee, wherein you enclose report received from Mr. Everson in San Francisco.

We referred this report to Mr. Imura and after considerable thought by him on the basis of the memorandum, he has come to the conclusion that he would like us to again take the matter up with the American Trust Company and see if they would reconsider their former decision in not accepting a deed from Imura for some nominal amount, say \$100.00 or \$150.00, which would save them lots of time and trouble on the foreclosure proceedings. We suggested that this was something that he would have to do himself and believe he has done this.

In the meantime he has received couple of letters from another flower grower in Oakland, name, J. Blumenstiel, who operates the Central Flower and Cactus Shop, 2312 Coolidge Avenue, Oakland, indicating that he would like to enter negotiation with the owner to lease the place with an option to buy at a later time. He would like to know what kind of deal could be worked out, and at what price, particularly on a rental basis.

Unfortunately the evacuee does not feel that he can enter into any negotiation at present time because of the American Trust Company's action as well as the fact that he is not on the spot to negotiate with anyone on the outside. Furthermore, he will be evacuated further away in the near future and consequently feels that possibly

page 2--Mr. Bold--August 7--re: Imura

the American Trust Company would like to follow up the inquiry of J. Blumenstiel and might reconsider their earlier decision in making some cash settlement with the evacuee, so that he might receive something for his property. In this he asks our help, but as mentioned above, promised him nothing of a definite nature.

Is there anything you can suggest to pass along to Mr. Everson, to give the evacuee, Imura, any assistance in effecting some salvage from this piece of property?

We are returning the memorandum Mr. Everson sent us along with two letters the evacuee received from Mr. Blumenstiel which gives full particulars.

Yours very truly,

R. H. Imura

Dear Mr. Bold:

Reference is made to the attached report which is the second interview with the above mentioned party. It seems that prior to evacuation, Mr. Imura owned in fee the property located approximately at corner of East 14th Street and 55th Avenue, Oakland, California.

He had this leased to another Japanese who operated a nursery thereon and was paying him approximately \$50.00 per month for rent, which was just about carrying the payments Imura had to make covering principle, interest, and taxes.

Just before evacuation Imura thought he had a deal whereby someone would take over the nursery and pay between \$40.00 and \$50.00 a month rent which would carry his expenses, but at the last minute apparently the deal fell through, and since coming up here has been in a quandry as to procedure to try and protect his interest.

It seems the American Trust Company, 14th Street and Broadway, Oakland, California, holds trust deed against this property which was originally \$6,500.00 at the time of purchase, but subsequent payments of approximately \$40.00 a month, principle and interest, have reduced it to approximately \$5,800.00. However, since Imura originally purchased the property, has added approximately \$1,000.00 in additional improvements such as hot house, etc.

On June 11, 1942 the American Trust Company filed Notice of Default and Intention to Sell Under

July 15, 1942

re: Mr. Imura

Deed of Trust, because of non-payment of principle, interest, and taxes, and have so advised Imura by letter under date of June 16th.

Since coming up here Imura does not know in what condition the nursery or the property is, and has come to us for guidance and assistance in trying to work out his problem which has gotten beyond him because of evacuation.

Imura's address before evacuation was 2225 Pacific Avenue, Alameda, California, which house he owned, paying for on H.O.L.C. terms. This property, however, is rented for sufficient amount to carry itself.

Could we take this up with Mr. Everson of our San Francisco office who might be able to send a man over to check the property and what is on top of the ground? Possibly we could find a buyer for the nursery, or failing that, the F. S. A. might be able to offer a suggestion as to how this equity can be protected by carrying on the nursery some way or the other.

Yours very truly,

Gordon O. Williams
Field Representative

My dear Mr. Yamada:

I just received the enclosed application for Duplicate Legal Ownership Certificate which I have filled out. Due to the haste before evacuation, I had misplaced the original certificate some how, but I had all the necessary information written down in my book.

According to Federal Reserve Bank office here, I am informed that I should forward the papers through this office as we are signing off the Ownership Certificate before receiving our equity. Therefore, will you kindly sign on line No. 1 on the reverse side of the application and please forward to me again. I am sure the Registration Certificate of the car must be on your car, so will you kindly have the army officers get it and please mail to me with the enclosure.

Thank you for your kind cooperation to the above.

Very truly yours,

Dear Mr. Bold:

re: Mrs. Misao Hirohata, legal owner
1937 Dodge Coupe
License #14W154
Edward G. Yamada, registered owner
Santa Anita Assembly Center
Santa Anita, California

Regarding the attached interview reports, we had already written a letter on the basis of the first report, and then Mrs. Hirohata came in this morning with a check for \$110.40, being the amount due her husband, the legal owner.

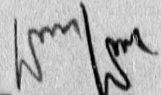

This car was sold by the registered owner, Yamada, and delivered to the Army out of Santa Anita.

Do not believe you have a pink ownership certificate, and no doubt, you will require one to keep your file, and in this connection, we are enclosing what Mrs. Hirohata had worked up yesterday afternoon before having received a check from you.

Should you require any other forms to complete this situation, please advise us and we will have it

2nd Report.

Principal property involved and scope of problem:

Farm problem: Mr. Hiroshige received reply to our letter of Aug. 6 on Aug 13th. Letter sounded encouraging. His berry crops weren't so good, wages high; therefore he couldn't give him any money, but prospects look good with the other ranch and so will send the money as soon as possible and for him not to worry.

Insurance problem: ^{Life Insurance} Took policies - advised him to wait till answer was received on survey made in this center regarding insurance.

Action taken:*

These cases seem closed for the present.

This Japanese evacuee who is in this Center came to us today and he mentioned that he had sold you his crop just previous to evacuation. At that time there was a balance owing of \$150.00 which was to be paid him as soon as crops were marketed, which he mentioned to be around this time.

He also said he had written couple of times, but received no reply, and was therefore, asking our assistance.

Would you be good enough to write him or us in this connection as he would like to have these loose ends *closed up* on the outside before relocating to permanent Center.

re: Mrs. F. M. Ito, also known

Gentlemen:

Reference is made to your letters of June 20th with enclosures.

We had this lady in the office again yesterday, and she thought the conversation was going to be concerning the insurance, etc. of her personal car, as you know, is 1942 business Plymouth coupe of which you are supposed to carry the insurance.

However, it appears that all these papers, etc. are in connection with her husband's car, 1940 La Salle sedan, which at the time the insurance was placed, was in her name, but subsequently was taken out, and placed in his own name.

Mrs. Ito mentioned that they are now divorced, and she has no further interest in this automobile, and she suggested that you write her husband, J. I. Ito, who is not at the Colorado River War Relocation Project, Poston, Arizona. She mentioned that he is registered there, and she did not have his exact address, but felt that a letter addressed to him there would reach him. Papers covering the above are being returned to you herewith.

page 2--1. S. Levitt and Company--July 23, 1942

Mr. Ito, however, was anxious to know just exactly the status of the insurance on her 1942 business Plymouth coupe. She has not heard from her agent, and consequently would like to hear from you as she understands that coverage was placed through your office.

The car is located at 304 Adams Street in Pomona in a private garage.

We would like to hear from you further in this connection.

Yours very truly,

Gordon C. Williams

P. S. Mrs. Ito just mentions that policy number covering her 1942 Plymouth coupe is CCGC-203168 of the Globe Capital Insurance Company. This policy was issued November 23, 1941. Apparently the policy has become lost.

There is loss payable rider issued at one time covering California Bank, Market and Produce Branch, to the extent of \$671.02; this clause should now be cancelled according to the insured, as the loan has been cleared up?

Would you be good enough to advise by return mail just what was covered by this insurance policy, and what has been and what is still in effect as regards actual coverage.

When this information is received Mr. S. Ito will write you specific instructions as to further procedure.

Los Angeles, California

Dear Mr. Bold:

Further to telephonic conversation with Mr. Brice of your office this afternoon, we are enclosing EP-6, signed by Mrs. S. Isawa, who is the registered owner of 1929 Ford, license number 88X161, car location PD 10, Pomona Center, and which was delivered to the Army last week.

Apparently you do not have the pink ownership certificate clearance, and we have had these forms signed to complete your file.

Also enclosing a letter signed by Mrs. Isawa to Mrs. Sakai of the Santa Anita Assembly Center, which is in line with Mr. Brice's request to clear the ownership difficulty.

If we can be of any further help, please advise.

Yours truly,

Gordon C. Williams

Dear Mrs. Sakai:

This is to advise you to please notify the Federal Reserve Bank in Los Angeles and deliver to them any legal ownership certificate you may have on 1929 Ford sedan, license 88X161, motor number A1844917.

I had instructed the Federal Reserve Bank of Los Angeles to sell this car to the Army and delivery was made last Saturday, July 11, 1942.

I understand that this price is \$25.00 and the Federal Reserve Bank will mail you their check for this amount so please be good enough to write the bank as instructed above.

Yours very truly,

Mrs. S. Isawa

In the first interview with the subject Japanese she disclaimed intent to sell the Cafe equipment to Bottrell and paid no bill of sale was executed. In an interview subsequent to receipt of above mentioned letter Mrs. Azama stated that the bill of sale was executed at the suggestion of Bottrell for the reason it would give him control over the property so that it would not be frozen or confiscated by the Government. Mrs. Azama further stated that Bottrell agreed to give her a total of \$300 of which he only paid \$150 in cash at various times and a credit of \$50 for months past which was due at the time the business was discontinued. The equipment was to be returned to her at some future date when she might be able to resume business and that Buttrick had further agreed to make further payments to her in the meantime if the premises could be rented for a sufficient amount. Mrs Azama claims a current value of the equipment to be approximately \$700 having cost originally about \$1000 about 13 yrs ago. She also stated she had received word from a former neighbor that the premises are now rented to a Chinese and operated in the same line of business. Since it has been impossible to arrange for a conference owing to Buttrick's absence from the city and his attorney, as well as the property in question is located in Los Angeles the matter is submitted ^{to the Ka. office} for such further action as deemed necessary. On the face it would appear that the sum of 200. ~~amount~~ ~~is not~~ ~~con~~ ~~stitute~~ a reasonable ~~amount~~ value and that further investigation is warranted.

Re: Bottrell vs. Azama

Gentlemen:

Your letter of May 7, 1942 to Mr. William W. Bottrell has been forwarded by Mr. Bottrell to the writer for answer.

Mrs. Azama is entirely in error as to the nature of the transaction pertaining to the fixtures which you mention in your letter of the 7th. The fixtures were purchased for the sum of \$200.00. A bill of sale was executed by Mrs. Azama and her husband and there was no misunderstanding whatsoever.

After having received the \$200.00 in payment for the items involved, Mrs. Azama apparently had a change of heart and went to an attorney, Mr. Eldred E. Wolford of El Monte, California, had him prepare agreements and forwarded them to Mr. Bottrell for signature. Mr. Bottrell brought the agreements down to my office together with the original bill of sale executed by Mr. and Mrs. Azama and on April 16, 1942, I wrote to Mr. Wolford as follows:

"Mr. Bottrell handed to me the agreements which you prepared pertaining to the above-entitled matter. The agreements are not in order, and consequently have not been signed and will not be signed. The transaction was entirely closed, was thoroughly understood and so far as Mr. Bottrell is concerned, there is nothing further to be done."

The receipt signed by Mrs. Azama showed that she received \$200.00 and not \$150.00. The understanding as now claimed by Mrs. Azama is not born out by the facts. Should you desire a copy of the bill of sale, I shall be glad to forward one to you.

Yours very truly,

AGREEMENT

THIS AGREEMENT made and entered into this 14th day of April, 1942, by and between MARY HATSUKO AZAMA, hereinafter designated as First Party and W. W. BOTTERLL, hereinafter designated as Second Party, W I T N E S S E T H:

WHEREAS, First Party for a period of time has been operating the business known as Golden Chop Suey Parlor, located at 5126 Whittier Boulevard, East Los Angeles, California, and,

WHEREAS, Second Party is the owner of the building in which said Golden Chop Suey Parlor is located and has been leasing the building to First Party, and,

WHEREAS, First Party has certain fixtures and equipment in said building used in said business which she will be unable to use by reason of the fact that she is required to evacuate and leave the County of Los Angeles during the duration of the war, and,

WHEREAS, she is desirous of leaving said fixtures and equipment in the building hereinbefore referred to and Second Party is willing that said fixtures and equipment remain there and that the same be rented with the building,

NOW, THEREFORE, for and in consideration of the mutual covenants, promises and agreements of the parties hereto it is Hereby agreed as follows:

1. First Party does hereby agree that the fixtures and equipment described in the inventory which is attached hereto and made a part hereof, located at 5126 Whittier Boulevard, East Los Angeles, California, in the business known as Golden Chop Suey Parlor, shall be permitted to remain in said building during such period of time that First Party may be

required to be out of the County of Los Angeles by reason of being evacuated under a government order.

2. First Party does hereby agree that Second Party shall have the right to lease said fixtures and equipment with the building should he desire to do so provided they are leased to a responsible person who will care for and protect said fixtures and equipment.

3. Second Party does hereby agree to pay to First Party for the use of said fixtures and equipment the sum of per month.

4. In the event Second Party is not able to rent the said building or the said fixtures and equipment First Party shall be not held responsible for any rental for said fixtures and equipment remaining in the building.

5. Upon First Party's returning to Los Angeles she shall have the right to said fixtures and equipment.

IN WITNESS WHEREOF the parties hereto have hereunto set their hands and seals the day and year first herein written.

Owens 5 trucks (light) all registered in father's name who is interned in New Mexico. Has ownership certificates (pink slips) signed by father and sister CHISATO KUWATA holds power of attorney (General) from father. Is unable to consummate sales because of uncertainty of transfer approval by State Motor Vehicle Dept. as buyers are reluctant to make payment under these conditions. Checked with local office of Vehicle Dept. and advised that "non-

enemy" affidavit required. In this case it is understood that owner could not execute such affidavit because he is interned. Suggested possibility of handling sale through escrow as bond but owner hesitates for the reason that deals may be held up 30 to 60 days and if not consummated ~~proceeds would be~~

Dear Mr. Miyahara:

On April 10, 1942, you called at this office in regard to the disposition of your Ford tractor and household furniture. During our discussion we advised you concerning your inquiry and are wondering if you will kindly inform us whether you have been successful at disposing of your equity in the tractor.

We should appreciate your advising us in this regard and if the matter has not been settled, we shall be glad to have you call at this office for any further assistance we may be able to give you.

Yours very truly,

Dear Mr. Mutaguchi:

On April 10, 1942, you called at the Evacuee Property Department with reference to the disposition of your 1934 Rec sedan. During our discussion we advised you concerning your inquiry and are wondering if you will kindly inform us if this matter has now been taken care of.

If it has not been settled and we can be of further assistance to you we shall be glad to have you call again at this office.

Sincerely yours,
